An Introduction to Elmira College

Elmira College is a private, coeducational liberal arts college emphasizing both general and professional education. A hallmark of the Elmira College experience is a distinctive pedagogical approach that teaches students to read with comprehension, to write with precision, to speak with clarity, and to think critically.

Each academic program is built upon a strong general education in the liberal arts and sciences, with special attention given to the development of communication skills and the exploration of world cultures. Students also participate in field experience projects related to career goals, including a unique range of off-campus learning options, including a community service requirement.

The College seeks to blend theory with practice beyond the classroom with co-curricular experiences in intercollegiate athletics, career planning, residence life, student activities, and student leadership opportunities—all of which complement academic programs.

There is more to a college, however, than its majors, courses, and co-curricular programs. Elmira College takes pride in the talent, commitment, and dedication of its faculty and staff. Additionally, alumni and friends contribute greatly to the success of the College and to the quality of education it offers.

We take equal pride in the more intangible but equally important human dimensions of our people—their spirit of caring, empathy, openness and sensitivity. We believe these qualities are crucial in helping students develop their own paths of exploration and self-discovery. The holistic development of our students is at the heart of the mission of Elmira College and a key component of its tradition of transforming lives.

Elmira College Mission Statement

Elmira College offers its students, in a supportive and collaborative environment, both liberal and professional education of sufficient breadth and depth to enable them to become more responsible and productive in society.

Steeped in tradition, Elmira College is a private, residential, coeducational liberal arts college that emphasizes both general and professional education. The College blends academic rigor, distinctive programs, theory and practice beyond the classroom to graduate responsible global citizens and leaders prepared for a lifetime of careers and personal growth.

Academic programs are built upon strong general education in the liberal arts and sciences, with special attention given to the development of communication skills and the exploration of world cultures. Students also participate in field experiences or projects related to career goals, and the College provides a wide range of other off-campus learning options, including a Community Service requirement.

Institutional Student Learning Outcomes:

- I. Develop and employ skills in communicating.
- II. Learn and apply strategies for critical thinking.
- III. Develop and apply skills in quantitative reasoning.
- IV. Develop and employ skills in Information Literacy and Information Technology.
- V. Achieve intellectual breadth in the liberal arts and sciences through the College's general education programs.
- VI. Engage in a variety of focused and sustained modes of inquiry and research.
- VII. Develop effective communication and leadership skills by engaging in such activities as group participation in collaborative coursework, athletics, clubs

and organizations, committees, honor societies, teams, classes, student media or student government.

- VIII. Contribute to the life of the local and campus communities through Community Service, residential living and meaningful College ceremonies.
- IX. Acquire practical experience through an internship or a career related project or activity.

Accreditation and Memberships

Elmira College is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Second Floor West, Philadelphia, PA 19104, (267) 284-5000. The Commission on Higher Education is an institutional accrediting agency recognized by the United States Secretary of Education and the Commission on Recognition of Postsecondary Accreditation. Elmira College is registered for teacher education by the New York State Education Department. The Undergraduate Teacher Education Programs have been awarded Teacher Education Accreditation Council (TEAC) accreditation by the Inquiry brief Commission of the Council for the Accreditation of Educator Preparation (CAEP) for a period of seven years, from May 2014 to May 2021. The accreditation does not include individual education courses that Elmira College may offer to Pre-K-12 educators for professional development or re-licensure. The Nursing program is accredited by the Accreditation Commission for Education in Nursing Inc., 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, (404) 975-5000, www.nlnac.org.

The College is a member of The National Collegiate Athletic Association, the National Association of Independent Colleges and Universities, the Council of Independent Colleges, and other national and regional councils and associations.

Charter and Curricula

Founded in 1855, Elmira College is chartered by the Regents of the University of the State of New York. Curricula are registered with the New York State Education Department and are approved for the education of veterans and dependents of deceased and one hundred percent disabled veterans. The College is authorized under federal law to enroll non immigrant alien students.

Academic Programs

Graduation and major requirements serve as guides for students and academic advisors in the planning of individual degree programs. They represent the basic accomplishments necessary for an earned certificate or degree and reflect the College's philosophy of education. Formal on-campus instruction is enhanced through Elmira College's Field Experience programs and other special academic opportunities. Students may spend Term III in a variety of important programs such as studying marine biology on the Bahamian island of San Salvador or select other Elmira College study abroad opportunities.

Student Life

The out-of-class life on the campus offers a significant number of opportunities for students to participate in social, cultural, recreational and athletic activities. Many activities and events are organized for student development, participation and enjoyment. The College has traditionally held that the out-of-class environment makes a significant contribution to a student's overall experience.

Research and theory note that each student enters college at a different developmental level. As is the case in many aspects of academic life, an effort is made to consider individual preparation levels. Students are urged to become involved in their personal development in a manner that complements academic development. We expect each student to take the initiative necessary to become an involved campus citizen, and access the many resources available for personal development.

Orientation

Elmira College has a unique series of programs designed to introduce new students and their families to the College community. During the summer, members of the new class are encouraged to attend one of our Summer Orientation programs. At this time students will work with an academic advisor to complete their course selection and registration for Term I. Parents are encouraged to participate with their student and will have an opportunity to meet many members of the College community. Our goal is to provide vital information about the College.

Prior to the beginning of classes for Term I and Term II, the College holds a fall orientation program for all new students. Fall Orientation is designed to help students acculturate to college life. This event is designed to support the academic and social success of our students.

Residence Regulations

All students will be required to reside in College housing. Exceptions to this policy include the following:

- married students
- students residing with their parents or biological children within commuting distance (fifty miles from campus)
- students twenty-five years of age or older

Students currently residing on campus who meet the above criteria and wish to live off campus must complete the Request to Live Off Campus form available in the Office of Residence Life. The request will be reviewed by the Director of Residence Life.

All students over the age of twenty-five desiring on-campus housing will need to meet with the Director of Residence Life before housing is provided. A determination will be made as to whether or not the dorms will suit a non-traditional aged student's needs. Final decisions are also based on available space in the dormitories and the suitability of living requirements.

Any student whose housing is revoked will be dismissed from the College unless the student lives within commuting distance (fifty miles) and the student resides with their parents.

Room selections are generally made for the academic year. Term III is viewed as an extension of Term II, and those students who select Term I housing will be obligated for the remainder of the year.

Students who are dismissed for academic reasons are eligible for a refund according to the refund policy. Students who are dismissed for disciplinary reasons are not eligible for any refund for the currently enrolled term.

Career Services

The Office of Career Services offers a variety of resources to assist students in the career exploration and development process. Students experience personal and professional growth by utilizing the following services:

Self-Assessment of Interests, Skills, Values and Personality through:

- career counseling
- Community Service
- Campbell Interest and Skills Survey
- job shadowing and networking opportunities
- Myers-Briggs Type Indicator

Development of Job Search Skills, Exploration, and Strategies through:

- career-related internships
- informational and practice interviews
- workshops on various career development topics
- resume and cover letter assistance
- building meaningful relationships with alumni
- recruitment and networking events such as the annual Community Service Fair, Graduate School Fair, and Career and Internship Expo

Students are encouraged to visit the Office of Career Services located in Student Learning Commons in the Gannett-Tripp Library to discover, familiarize, and utilize the various services available.

Office of Retention and Advocacy

The Office of Retention and Advocacy is designated as the primary retention center for Elmira College. It is our commitment to ensure that students enjoy a positive and successful college experience. Our goal is increase the persistence and graduation rates of our students by providing the following services:

- Advocacy
- Success Coaching
- Peer Mentoring
- Referral to appropriate campus resources
- Workshops focused on success strategies
- Assistance with the transition to college
- A safe place to share concerns and offer recommendations

In addition to the support services offered above, the Office of Retention and Advocacy facilitates the Leave of Absence and withdrawal processes. The Office also receives Early Alert Referrals from the campus community that allows the staff to reach out to students who might be struggling. Students are encouraged to visit the Office of Retention and Advocacy located in Gannett-Tripp Library, rooms 107 (ADD), 108, 109, and 110 for support and referral.

Tutoring Center

The mission of the Tutoring Center is to support the academic success of Elmira College students by strengthening their skills in various content areas, as well as academic skills. The Tutoring Center provides Peer Tutors, who have been recommended by the Faculty. The Tutoring Center will promote and foster independent learning and thinking to enhance confidence in our students to achieve in all aspects of their learning and enable them to attain continued success throughout their academic career.

The goal of each tutorial session is to assist students in developing strategies that will help strengthen their knowledge, develop transferable learning skills, and achieve academic success.

The Tutoring Center offers:

- Course-specific Walk-In Tutoring for many courses,
 - Peer led study groups,
 - Help with time management, getting organized, study strategies, exam strategies,
- One-on-one tutoring is reserved for students with special circumstances.

Tutoring is not offered as a short cut to learning and is not intended to supplant the instructor's method of teaching. The student being tutored is expected to attend class regularly and to complete reading and written assignments prior to meeting with the tutor. The student is encouraged to seek assistance outside of class from their course instructor during scheduled office hours.

Students are encouraged to seek the support of the Tutoring Center as soon as they begin experiencing difficulties in a particular course. Instructors are encouraged to refer appropriate students to the Tutoring Center.

For more information, or to schedule an appointment, please visit the Tutoring Services Web Site or call (607) 735-1149 or e-mail tutoring@elmira.edu.

Disability Services

Elmira College Disability Services is committed to providing appropriate services to students who identify themselves with a disability. Students are encouraged to build their autonomy and actively engage with and inform the office of their individual needs. When the proper disability documentation is shared with the office, students are then provided access to appropriate accommodations. Disability Services consults with all Elmira College stakeholders to determine and facilitate accommodations to the individual students requesting these services.

Please contact Steve Tedone, Learning and Disabilities Specialist, in the Gannett-Tripp Library, via email at stedone@elmira.edu, or phone (607) 735-1754 if you have any questions.

Clarke Health Center

Success as a student at Elmira College is as important to the institution as it is to every student and their parents. The College realizes that although good health does not insure good grades, poor health is a frequent cause of poor grades. We define wellness as not merely the absence of disease, but as productive physical, mental and social well-being.

Health care has changed drastically in the past decade and the future holds exciting options for individuals to enter a partnership with their health care providers. One of the Clarke Health Center's goals is to educate students so they can knowledgeably enter into such a relationship and take their places as informed health care consumers.

The Clarke Health Center is staffed by registered nurses, Monday through Friday, 8:00 a.m. to 5:00 p.m. A Nurse Practitioner or College Physician is available for three hours daily from 10:00 a.m. 1:00 p.m., Monday through Friday.

Services available at the Clarke Health Center include assessment and treatment of illness and injury, referrals to other health care agencies, a relaxation room, wellness programs and psychological counseling with professional counselors.

Medical Forms Required

In order for the Clarke Health Center to provide competent and thorough treatment, we require all full-time students and part-time nursing students to submit a completed

Health Form one month prior to enrollment. Failure to have the completed Health Form on file thirty days before arrival to Campus will result in a \$100 charge per month to the student's account.

The New York State Department of Health requires proof of immunity against measles, mumps and rubella. The students are also mandated to receive the meningitis vaccine. Failure to comply within thirty days of arrival to Campus will result in the withdrawal of the student from classes until the mandated documentation is provided.

The dates of these and other required vaccines need to be documented on the Health Form along with the health care provider's signature at the bottom.

Health Insurance

While student health insurance is not required, it is strongly recommended. Students should consider enrolling in a medical (illness and accident) insurance policy or verifying their eligibility under their parents' plans.

International students will need to be enrolled in a student health insurance policy to ensure coverage in the United States.

Transcripts

Students may receive an official transcript of all academic work taken at Elmira College by completing the appropriate form or submitting a signed letter of request to the Office of the Registrar. Official transcripts are free. Official transcripts bear the signature of the Registrar and the College seal. Transcript requests forms are located on www.elmira.edu under the Office of the Registrar link.

All requests must be in writing. No one, other than the person himself, may request a copy of an individual's transcript. Copies will be sent to other parties only upon a student's written request. There will be no exceptions to this regulation.

Transcripts will not be issued if an outstanding financial obligation remains in the Business Office. Institutional loan obligations must also be current to receive financial clearance for transcripts. Processing time, for all requests, is three to five business days.

Veterans' Information

Veterans who wish to enroll at Elmira College should contact their local Veterans Administration field office or local office of the New York State Division of Veterans Affairs at the Veterans Affairs main web site at <http://www.va.gov>, or phone 1-888-GIBILL-1 or 1-888-442-4551, VA Regional Office, P.O. Box 4616, Buffalo, New York 14240-4616. Elmira College participates in the Yellow Ribbon Program, which is a provision of the new Post-9/11 GI Bill.

Elmira College also partakes in the Tuition Assistance Program for Active Duty, National Guard and Reservist within their branch of service. Please contact your service branch Education Counselor or Education Services Specialist (ESS), or Education Services Officer (ESO) for more information.

The Department of Defense requires the return of unearned TA funds on a proportional basis through at least the 60 percent portion of the course regardless of the reason for withdrawal (service-related or otherwise). The return of any TA funds will be returned directly to the military service, not to the service member. The requirement to return unearned TA funds on a proportional basis applies to the TA portion only. Any calculation performed by the institution would consider only TA program funds.

Elmira College is a member of Service members Opportunity Colleges, SOC, a consortium of national higher education associations and institutional members. SOC functions in cooperation with the Department of Defense, the Military Services, including the National Guard and the Coast Guard, to help meet the voluntary higher education needs of service members. Certification is ultimately handled through the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895.

Students Called to Active Military Service

being called to active military service during any term will trigger:

- A. Credit for the full term of tuition, room, fees for future enrollment.
- B. Credit pro rata for board fees to future enrollment.
- C. Analysis, on an individual basis, of coursework and class standing to maximize the awarding of academic credits for work in progress, or to allow work to be completed upon return to classes after enlistment is complete, depending on which approach is more appropriate. Tuition will be charged pro rata for all credits awarded under this provision.
- D. As long as student is on active duty, he or she will remain in good standing with the College.
- E. Students should notify Office of Retention and Advocacy, Gannett-Tripp Library, (607) 735-1147 and Lesia Fadale, Certifying Official for Veterans' benefits, in Office of the Registrar, McGraw Hall, room 113, (607) 735-1895.

Student Activities

Activities at Elmira College are many and varied. Participating in campus events is an effective way of developing, practicing, and refining leadership and interpersonal skills. Participation in student activities can range from attendance at events, to membership in a club, or leadership in the organization that plans the programs. Students can develop a wide range of useful skills through increased involvement in organizational leadership and especially through participation in program planning. All campus programming groups are open to student membership and feedback about types of programs that students would like to see on campus.

There are more than sixty special clubs, student government organizations, and honor societies on the Elmira College campus. New clubs are formed each year, and you can begin one if you have an interest that is not currently being addressed by our wide range of existing clubs.

The activities are limited only by your imagination. We encourage you to get involved. Contact the Director of Campus Engagement to become an active and participating member of the student body.

Elmira College Athletics, Intramurals, and Recreation

The athletics program at Elmira College complements the co-curricular experience by providing an environment in which the student-athlete can achieve academic success, cultivate and enhance physical, psychological and social growth and development. Athletics provides theory and practice beyond the classroom to graduate responsible global citizens and leaders prepared for a lifetime of careers and personal growth; outcomes include: skills in communicating, leadership, team work, critical thinking, quantitative reasoning and community service.

We encourage student-athletes to practice and compete to their full potential, with emphasis given to sportsmanship and fair play. Elmira College maintains the highest safety standards to ensure the health and well-being of all student-athletes who participate, values cultural diversity and provides equitable participation opportunities for our men's and women's sports programs. We believe students need a variety of athletic and recreational opportunities with options ranging from well-structured and highly competitive varsity sports to the informal nature of the intramural activities program. Intramural Activities change from time to time, depending, in part, on student interest.

Elmira College holds membership in the NCAA (Division III), ECAC, Empire 8, UCHC (men's and women's ice hockey), and UVC (men's volleyball). Intercollegiate sports teams include:

- Baseball (men)
- Basketball (men and women); JV (men and women)
- Cheerleading (competition team)
- Cross Country (men and women)
- Field Hockey (women)
- Golf (men and women)
- Ice Hockey (men and women); JV (men and women)
- Lacrosse (men and women)
- Soccer (men and women)
- Softball (women)
- Tennis (men and women)
- Volleyball (men and women)

Student Conduct Matters

Student conduct is an area which straddles the line between autonomy for individual expression and interdependence of community membership. We believe that each student is a responsible member of the community and, therefore, subject to the consequences of choices of behavior. We think that ideal conditions for development are created when each individual in a community guides behavior by balancing the need for individual expression against the rights of peers. The primary desired outcome from any conduct incident is educational in nature. It is the goal of the conduct system to be supportive of the curricular and co-curricular environment at the College.

More specific, detailed information about the College's conduct system is provided in The Elmira College *Code of Conduct*, which is available online at Elmira.edu. Questions about the conduct system or expectations of students should be directed to the Dean of Students office.

Illegal Drugs

Possession, consumption, provision, or sale of illegal drugs or possession of drug paraphernalia is prohibited. Penalties associated with drug violations range up to and including suspension or dismissal.

Additional information on this topic is available in the Policies and Procedures section of The Elmira College *Code of Conduct*.

Alcohol

New York State law prohibits the possession or consumption of alcohol by anyone under twenty-one years of age. There is an institutional expectation that all members of the College

community will abide by the State law. Violators of the law will be subject to disciplinary action by the College up to, and including, the possibility of suspension and dismissal.

Additional information on this topic is available in the Policies and Procedures section of The Elmira College *Code of Conduct*.

General Social Guidelines

The Elmira College *Code of Conduct* is considered to be an extension of The Elmira College *Bulletin* and, therefore, part of the series of documents intended to govern Student Life on campus. The *Code of Conduct* is available to all members of the College community online at Elmira.edu. The College expects all students to be familiar with the information provided in this publication and to govern their conduct by the guidelines in it. A copy of The *Code of Conduct* is available on the Elmira College website.

Relation to Civil Law

Elmira College cannot protect students or other members of the College community from prosecution under the law when there is a clear violation of Federal, State, or local laws. At times, Elmira College will also take disciplinary action when such violations have been committed.

Special Academic Opportunities

The Honors Program

The Honors Program at Elmira College embodies the conviction that the traditions of inquiry and knowledge historically identified with the liberal arts and sciences make up the core of a college education and the foundation of a productive and meaningful life. This is so regardless of one's major or chosen career. The program is built around an exploration of the "practical liberal arts" in which intellectual exploration within the fields represented by the liberal arts and sciences is meant to empower one's self and one's career. In essence, the Honors Program at Elmira College aims to develop participants' sense of wonder about the world in which they live and to heighten their sense of awareness about themselves and their place in the global and local landscape.

Students who display extraordinary academic abilities, a high degree of motivation and wide-ranging intellectual and cultural curiosity are invited to join a community of faculty, staff and peers in an integrated program of specially designed courses and co-curricular learning experiences. The program guides students as they engage actively with a variety of disciplines, undertake in-depth exploration of questions specific to at least one liberal arts discipline, explore the practical value and application of the study of the liberal arts through service learning projects and experiential learning, encounter a range of cultural productions from the literary, fine and performing arts, and recognize the interdependence of the various branches of knowledge through interdisciplinary coursework.

For more specific information on the program, admissions criteria and process, please contact Dr. Mark Pitner, Assistant Professor of Asian History, McGraw Hall, room 202, mpitner@elmira.edu.

Term III

One of the distinctive characteristics of Elmira College is Term III, a five week term from the middle of April to the end of May when faculty and full-time undergraduate

students have the opportunity to participate in off campus overseas and domestic courses that provide distinctive educational opportunities. Representative Term III courses appear on pages 197-207. The complete Term III schedule is available in early March.

Term III courses have been defined and described by the faculty members of Elmira College as follows:

1. Term III courses tend to encourage innovation both in approaches to teaching and to selecting the kinds of subject matter to be examined;
2. Term III courses tend to take an interdisciplinary approach through team teaching or through the presentation by instructors of their expertise within the broadest possible context;
3. Term III courses tend to make possible foreign study, field experience (both internship and Community Service), and independent study;
4. Although many Term III courses tend to aim at the generalized aspect of student education, those specialized courses which best lend themselves to a six-week term may qualify as Term III courses; and
5. Although Term III courses will seldom include those courses listed in the Undergraduate Bulletin as required for a particular major or minor, they may qualify as "required electives" within a student's major or minor, or as General Education courses.

Off-campus opportunities require good academic, financial, social, and disciplinary standing. Students with disciplinary records or those on academic probation may not be allowed to travel on off-campus College programs. Please refer to the Responsibilities Statement available in McGraw Hall, room 106.

Term III Off-Campus Opportunities

Elmira College offers a wide range of exciting off-campus opportunities. During Term III, Elmira College students have traveled with faculty to Spain, France, England, Ireland, Peru, India, Japan, Poland, Greece, Turkey, Australia, the American West, Washington, D.C., and the Bahamas. For more information on these opportunities, please contact Academic Dean's Office, McGraw Hall, room 106, (607) 735-1795.

Pre-Law Preparation

Pre-law advising is offered to prepare students for law school. The aim of pre-law preparation is for students to develop the critical and analytical skills necessary for success in law school. Academic preparation for law school should proceed through consultation with the pre-law advisor, Dr. Daniel N. Clay, J.D., LL.M., M.S.C.J.S., Gillett Memorial Hall, room 17, (607) 735-1928.

Pre-Medical Preparation

Elmira College offers courses preparing students for admission to a professional school of medicine, osteopathy, veterinary or dentistry. Students generally elect majors in biology, Biology-Chemistry, or Chemistry, although majors in other fields are possible. In order to meet specific science requirements for professional schools, students are advised to consult with the pre-medical advisor, Dr. Lynn Gillie, Kolker Hall, room 203A, (607) 735-1859, at the beginning of their freshman year.

Directed and Independent Study

Directed Study provides students access to material structured by a faculty member—that is, an Elmira College course that is not currently offered. Independent Study enables

students to explore topics for which Elmira College does not offer courses but in which faculty expertise exists to provide adequate guidance.

If the instructor is not a full-time college employee with faculty rank, the student must obtain the approval of the appropriate Division Chair and the Provost. The College's policy is not to employ an adjunct faculty member in such a capacity if the full-time faculty has competence in the field requested. A fee is charged to Part-time Students.

To register for a Directed Study or Independent Study, students should:

1. Consult the instructors (who are to be the supervisors) to discuss the general outline of the proposals. The Office of the Registrar will provide the appropriate forms for the students to complete;
2. Complete the forms providing the information requested;
3. The students will:
 - A. Obtain their advisors' signatures;
 - B. Obtain their instructors' signatures, signifying concurrence in the projects;
4. Students will submit completed forms to the Office of the Registrar; and
5. Instructors will assign the grades at the completion of the projects.

Academic Fellows

Outstanding junior or senior students may serve as Academic Fellows with a faculty member in lower level courses in areas in which they are qualified by reason of previous coursework. Participants must be in their junior or senior year and must have a cumulative grade point average of 3.000 or higher. Students may obtain a maximum of 6.0 credit hours in the program. The student's role should not be confused with that of a graduate "teaching assistant" as at a university; thus the title "teaching assistant" is not used. Likewise, the student's role as Academic Fellow, by which academic credit could be earned, should not be confused with a work-study assignment, for which financial compensation is earned. At no time will the Academic Fellow teach the course in the absence of the instructor.

To register for the program, a formal, written agreement setting forth the duties and responsibilities of the student, as well as the evaluative procedure to be used by the faculty member, should be developed between the student and the faculty member. A copy of this agreement should be taken to the appropriate Division Chair for approval prior to registration. Academic Fellows will be graded on a pass-fail basis only and will not count against the number of S-D-F credits a student is allowed to accumulate.

Graduate Courses for Undergraduate Credit

An undergraduate student may take a graduate course for undergraduate credit on a space-available basis provided the student is matriculated, has earned at least 90 credit hours, and has a cumulative grade point average of 3.000 or higher. Request forms, available in the Office of Continuing Education and Graduate Studies, must bear the signature of the instructor, the advisor, and the Director of Continuing Education. The student must register using the graduate course field code and title, and the undergraduate course number 4580. The student is expected to complete the same work that is required of graduate students. Undergraduate tuition is charged.

Programs for High School Students

Secondary school students may be admitted as part-time students at Elmira College. Students must have completed the second or sophomore year of high school; have the recommendation in writing of their high school principal or guidance counselor, and

scholastic records which give evidence of ability and potential; and have the approval of the Director of Continuing Education and the course instructor at the time of registration. The approval process must be completed each term for which the student is registering. If the student later is accepted for undergraduate study at Elmira College, the credit earned may be counted toward the degree.

Programs for Senior Citizen

Persons aged sixty or over who wish to take undergraduate or graduate courses for credit receive a ten percent discount on tuition.

Persons aged sixty or over who audit courses, thereby receiving no credit for the courses, pay no tuition. This tuition benefit provision is on a space-available basis. Senior citizens are responsible for paying any course or technology fees. Arrangements to audit classes must be made through the Office of Continuing Education and Graduate Studies.

United States Air Force ROTC Program

Elmira College students are eligible to participate in the Air Force ROTC Program at Cornell University through a cross-enrollment agreement. The Air Force ROTC Program prepares men and women for positions as officers in the United States Air Force. The program is designed to teach students about the mission and organization of the Air Force, leadership, and management. Qualified students can earn full or partial scholarships. Students interested in pursuing this program can contact the Department of Aerospace Studies at Cornell University at (607) 255-4004 (<http://www.afrotc.cornell.edu>) or the Elmira College Office of Admissions at 1 (800) 935-6472.

United States Army ROTC Program

The Army ROTC Program is offered to Elmira College students through a cross-enrollment agreement with Cornell University's Military Science Department, although some courses are offered on the Elmira College campus. Completion of an approved program leads to a commission as a second lieutenant in the United States Army. Additional information may be obtained by contacting the Department of Military Science at Cornell University at (607) 255-4000 (<http://armyrotc.cornell.edu>) or the Elmira College Office of Admissions at 1 (800) 935-6472.

The 4 + 1 M.B.A. or M.S. in Accounting Programs: Alfred University, Clarkson University, RIT, Union College and the University at Buffalo

Elmira College and the Schools of business at a number of colleges and universities have cooperated in establishing 4 + 1 programs which enable qualified students to earn a bachelor's degree at Elmira College and then, approximately one year later, either an M.S. in Accounting or an M.B.A. in general business. After four years of study and completion of one of the Business Administration specialization options, students can pursue a general M.B.A. at Alfred University, Clarkson University, Rochester Institute of Technology or Union College. After the completion of the 121 credit hour Accounting program, students may pursue the M.B.A. with a specialization in Accounting or an M.S. in Accounting at Rochester Institute of Technology or the University at Buffalo.

For more information on these programs, please contact Academic Dean's Office, McGraw Hall, room 106, (607) 735-1795.

Regent's University 4+1 Program

Elmira College has entered into an agreement enabling students to obtain a one-year master's degree at Regent's University in London. The program provides eligible students with the opportunity to study abroad and to broaden their cultural and international outlook, while obtaining an advanced degree from one of the UK's premier independent, nonprofit universities.

Students graduating in 2015 and beyond who earn a minimum GPA of 2.5 or above and who are in good standing with the College are eligible for the program. Some post-graduate programs at Regent's have additional entry requirements. A list of all eligible masters degree programs that fall within the scope of the 4+1 program can be found on the Regent's website: <http://www.regents.ac.uk/study/postgraduate-study/programmes>

Additional information concerning the program is available from the Academic Dean's Office, McGraw Hall, room 106, (607) 735-1795.

The 3-2 Chemistry-Chemical Engineering Program

This program combines three years of coursework in Chemistry at Elmira College with two years in Chemical Engineering at Clarkson University. Upon successful completion of all degree requirements at both institutions, a student will be awarded the appropriate bachelor's degree (B.A. or B.S.) from Elmira College and a Bachelor of Science (B.S.) degree from Clarkson University. This program is highly selective. Students must be interviewed and accepted for this curriculum by Dr. Corey Stilts prior to admission to Elmira College. Admission to Clarkson University will be on a competitive basis and is not guaranteed. For further information, please contact Dr. Corey Stilts, Kolker Hall, room 106, (607) 735-1850.

Health Care Professions

Elmira College students have the opportunity to participate in special programs for early admittance to several health care professions schools including the following: SUNY Upstate Medical Center Early Admission Program; New York College of Podiatric Medicine 3+4 program; Ohio College of Podiatric Medicine 3+4 program; New York College of Chiropractic Medicine 3+3 program; Logan University 3+3 program; Life University pre-chiropractic program. For further information, please contact Dr. Lynn Gillie, Kolker Hall, room 203A, (607) 735-1859.

Academic Services and Regulations

The Provost supervises all of the educational programs offered by the College, including baccalaureate degree programs, graduate programs leading to the master's degree, two-year programs leading to associate's degrees, and programs for which a certificate of completion is awarded. Learning opportunities designed to augment and expand formal classroom instruction are also provided.

All students will follow the requirements of the majors, minors, concentrations, and General Education program, as described in The Elmira College *Bulletin* for the academic year in which they first enroll. If the courses needed for completion are no longer offered, and satisfactory substitutions cannot be arranged, a student, with the advisor's approval, must petition the Registrar, who, in consultation with the Educational Standards Committee, will grant approval to change bulletin year. Petitions are to be completed prior to the student's earning 90 credit hours, including those credits brought in as transfer credit.

Questions, concerns, and comments about academic programs, services or regulations may be addressed to the Provost's Office, McGraw Hall, room 105, (607) 735-1804 or the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895, where every effort will be made to assist students in their progress toward a degree.

Academic Publications

Interested individuals are referred to the Course Schedule published shortly before registration each term with additional detail being updated in electronic format. These publications are as complete and up-to-date as they can be. Each course is described in detail to assist students in making responsible academic decisions.

Academic Advising

The principal function of the academic advisor is to assist students in developing and attaining their educational goals. Advisors interpret College policy and aid in the students' educational and personal development. The advisors help to make sure that students fulfill the College's goals, and approve all registrations before they will be accepted by the Office of the Registrar.

Entering freshmen, transfer students, international students, and students expressing an interest in particular majors are assigned to faculty and staff who have a special interest in advising them. After the first term, students may request an advisor of their choice.

Questions concerning the advising program should be directed to Dr. Lynn Gillie, Dean of Academic Affairs and Associate Professor of Biology, Kolker Hall, room 203A, lgillie@elmira.edu.

Student Responsibility

Although the academic advisor as well as other members of the faculty and administration are available to help the student plan a program and work toward the completion of a degree, **ultimate responsibility for knowing and complying with these regulations and for meeting all requirements rests with the student.**

Academic Honesty

Honesty is essential to the proper functioning of an academic community and is the responsibility of each individual member. Therefore, this academic community has established and enforces rules governing violations of the principles of academic dishonesty.

Academic dishonesty is any treatment of or representation of work as if one was fully responsible for it, when it is in fact the work of another or works in which one has received unacknowledged assistance from others. Academic dishonesty is also any collusion or cooperation in the academically dishonest activities of someone else; an accomplice in academic dishonesty is also guilty of academic dishonesty.

Academic dishonesty is a serious violation that is counter to the purpose and aims of Elmira College. A complete statement of the college policy on academic honesty is set forth in The Elmira College *Code of Conduct* in the section of academic policy.

Copyright Policy

Elmira College complies with the United States Copyright Act of 1976 as amended, the Digital Millennium Copyright Act of 1998, and Technology, Education, and Copyright Harmonization Act of 2002. These laws recognize that all intellectual works in all media (books, articles, programs, data, pictures, music, video and the like) are automatically covered by copyright unless it is explicitly noted to the contrary, as in the case of licensing agreements or written permissions from copyright holders. Fair Use is a legal principle that provides certain limitations on the exclusive right of copyright holders, allowing reproduction of copyrighted works under certain conditions for educational purposes, such as criticism, comment, news reports, teaching, scholarship, and research. Unauthorized use of intellectual works is a federal crime and subject to civil damages and criminal penalties, which may include fines and imprisonment.

Elmira College administrators, faculty, staff, and students who make, acquire, or use unauthorized copies of intellectual works shall be disciplined as appropriate under the circumstances. Such discipline may include termination or dismissal. Elmira College faculty, administrators, staff, and students learning of any misuses of intellectual works within the College should notify College officials. Administrators, faculty, and staff should notify the Dean of the Gannett-Tripp Library, the Director of Academic Technology and User Services, or the Director of the bookstore and Special Projects.

Additional information on United States Copyright laws and Fair Use is available at the Gannett-Tripp Library, the Nathenson Computer Center or the McGraw Bookstore.

Residency Requirement

The last 30.0 credits of any undergraduate degree program must be taken at Elmira College.

Credits

The Elmira College credit unit is the credit-hour, which is equivalent to the semester hour at other colleges. Earning 1.0 credit hour requires at least seven hundred fifty minutes of instruction and another 1,800 minutes of supplementary assignments.

Grading System

The following grades are included in computation of the grade point average (GPA).

- | | |
|-----------|--|
| A, A- | (90%-100%) indicates a mastery of the knowledge and skills of the course. The student receiving this grade has demonstrated the ability to recognize, analyze, and solve new problems independently. |
| B+, B, B- | (80%-89%) indicates achievement of a high order, involving high proficiency in the attainment and application of knowledge and skills. |
| C+, C, C- | (70%-79%) represents an adequate performance, indicating familiarity with the content of the course and active participation in the work of the class. |
| D+, D, D- | (60%-69%) indicates work which is in one or more respects below the acceptable standard for graduation, but which is sufficient in quantity and quality to be given credit toward the degree if offset by a sufficient amount of superior work in other courses. |
| F | (below 60%) indicates failure. No credit is awarded. It is calculated into the GPA. |
| WF | Withdrawal Failing: indicates withdrawal while failing the course, or withdrawal from the course after the second week of a long term or after the fourth day of a six-week term. No credit is awarded and an F is calculated into the GPA. |

Honor Points

Each of the grades identified above carries the Honor Points indicated below:

| | | | | |
|----------|----------|----------|----------|--------|
| A = 4.0 | B+ = 3.3 | C+ = 2.3 | D+ = 1.3 | F = 0 |
| A- = 3.7 | B = 3.0 | C = 2.0 | D = 1.0 | WF = 0 |
| | B- = 2.7 | C- = 1.7 | D- = 0.7 | |

Additional grades which are available for use, but which are not computed in the grade point average are:

I = Incomplete; final examination or project deferred for reasons of health or serious emergency; not a computable grade. It must become a computable grade within thirty days into the next term; if not completed, it will become an F. Students must be passing the course in order to receive this grade.

P = Passing; represents A through D- as defined above.

L = A grade noting a leave, recommended by the Office of Student Life, after consultation with the instructor, when emergency circumstances dictate a student's leaving Elmira College for a period of time that forces the student to miss the final examination or project at the conclusion of the term in which the student is registered. A student who is either on a leave of absence or withdrawing may receive this grade. The L grade must be made up within one year of the term in which it is taken and will be replaced by grades A-F, W, or WF as deemed appropriate by the course instructor. L grades may be extended by the course instructor when appropriate. Students must be passing the course in order to receive this grade.

W = Withdrawal; indicates withdrawal while passing the course.

S = Satisfactory

Grade Point Average

A student must achieve a cumulative grade point average of at least 2.000 to graduate, as well as a 2.000 minimum average in courses taken in completion of the major.

The grade point average (GPA) is calculated according to the following formula:

$$\text{GPA} = \frac{\text{Sum of Quality Points (i.e. credit hours} \times \text{Honor Points)}}{\text{Sum of Quality Hours Earned (A-F, WF)}}$$

(Only credits received from Elmira College are included in this calculation although all college credits will be considered when calculating Latin Honors and for the valedictorian and salutatorian awards.)

Grade Changes

Grades once submitted to the Office of the Registrar may be changed only under specific circumstances. Clerical and calculation errors may be corrected by the instructor and submitted to the Office of the Registrar until the end of the following term. Requests for grade changes resulting from other circumstances (such as illness, family death, miscommunication) should be brought by the instructor to the Educational Standards Committee for consideration. Grades may not be changed for the purpose of ensuring good academic standing. Once a course has been finished and the final grade submitted, the grade may not be changed by the completion of missed assignments or additional (extra credit) work.

Complaints from students about grades received must be registered in writing with the Provost within six months of the date the grade was recorded by the Office of the Registrar.

Grade Appeal Procedure:

1. Student must attempt to discuss grade appeal with instructor.
2. A written petition from the student must be directed to the Provost for members of the Educational Standards Committee within six months.
3. A copy of the petition will be forwarded to the instructor by the Provost with an invitation to respond in writing prior to the meeting at which the appeal will be considered.
4. The student petition and instructor's response are reviewed by the Educational Standards Committee.
5. The Committee may request the student and the instructor appear before it for further clarification.
6. The Committee may determine, in light of evidence presented, that the assigned grade was correct, or it may recommend that the instructor review the assigned grade.
7. The Committee will notify the student petitioner and the instructor of its decision.

S-D-F Grade Option

Students may elect to take up to 12 credits of work in which the announced grading system is A-F on a S-D-F basis according to the following guidelines:

- A. Such election cannot be taken in courses that apply to the major, minor, or Education concentration or specialization.
- B. Prorations for transfer students will be administered by the Office of the Registrar.
- C. Students electing a S-D-F grade must indicate this option during the last two weeks of classes in a thirteen-week term, during the last eight days of a nine-week term, for a six-week term during the fifth week and for a three-week term during the last three days in the term. S-D-F forms may be picked up in the Office of the Registrar, McGraw Hall, room 113, and must be filed with the Office of the Registrar during the appropriate period. The advisor must sign all S-D-F forms.
- D. The Office of the Registrar will convert the grades for those students electing the S-D-F option.
- E. Satisfactory (S) grades do not affect the GPA (Satisfactory grades represent A through C-). However, credits are awarded towards earned credit hours. D+, D, D-, F and WF grades affect the GPA and no credit is granted for F and WF grades.
- F. Students planning to enter a graduate or professional school are reminded that their admission might be affected by S-D-F coursework.

The option does not affect courses that are currently only offered on a pass-fail basis: e.g. Student Teaching I and II, Career-Related Nursing Practicum, Community Service, and Career-Related Internship.

“Incomplete”

An Incomplete grade (“I”), is given at the discretion of the instructor when the student normally would have received a passing grade but at the conclusion of the term has been prevented from completing a course by an unforeseen emergency beyond her or his control. **The Incomplete grade must be removed within thirty days of the beginning of the term following that in which it was assigned.** An Incomplete not removed within the stipulated time period automatically becomes an F. An Incomplete grade received at the close of Term III or the Summer Session must be removed within thirty days after the opening of Term I.

The instructor who gives an “I” must accompany the grade with a statement of requirements the student must complete to remove the “I.” Copies of this statement must be given to the student and the Registrar. When the stated requirements have been completed, the instructor who gave the “I” must notify the Office of the Registrar in writing of the new grade to be assigned. Although instructors may extend incomplete grades into the following term, grades of incomplete may continue for no longer than two years. At that point, the instructor must submit a computable grade, or an administrative F will be posted by the Office of the Registrar effective beginning with Incompletes initially assigned during the 2011-2012 academic year.

Course Load

Full-time students at Elmira College normally complete 30 to 35 credit hours per academic year by registering for 12 to 14 credit hours in each of Term I and Term II and 6 to 7 credit hours in Term III. Full time students may elect to register for a minimum of 9 credit hours for Terms I and II, and 4 for Term III (for students who have external considerations such as grant and loan requirements or NCAA regulations this minimum may be higher) and a maximum based on their year:

16 credits in Terms I and II for first-year students

18 credits in Terms I and II for students beyond the first year

7.5 credits in Term III for all students

Transfer students coming in with more than 21 accepted credit hours will be considered students beyond the first year; transfer students with 21 or fewer accepted credit hours will be considered first year students. Overload: students may seek to take more than the above described limits with the approval of either the Registrar or the Provost. Each overload credit is subject to an additional charge based on the full-time hourly rate.

Part time students normally complete 12 to 26 credit hours per academic year by registering for 3 to 8 credit hours in each of Term I and Term II and 3 credit hours in Term III, 6 credit hours in the Summer Term.

< 9 credits in Terms I and II for part time students

< 4 credits in Term III for part time students

< 9 credits for the summer term

Auditing a Course

A student may audit a course with the consent of the instructor upon notification of the Office of the Registrar. An auditor is expected to attend classes, complete the assignments in consultation with the instructor, and participate in class discussions, but is not required to take examinations. Under no circumstances is credit given for an audited course. An audited course is included in a student’s course load at one-half of the amount of credits of the course. Registration for students auditing a course will be permitted during the two weeks prior to the start of a term, on a space available basis.

Student Status

A student’s status is determined by the cohort year, the year in which one enters the College as a full-time student. Transfer students’ class years will be determined by the Office of the Registrar at the time transcript evaluations have been completed.

For purposes of determining class status, however, the following standard is used:

Freshmen are students who have completed between 0 and < 21 credits.

Sophomores are students who have completed between 21 and < 54 credits.

Juniors are students who have completed between 54 and < 87 credits.

Seniors are students who have completed 87 or more credits.

Full-time students, are those persons who register for 9 or more credits during Term I or Term II, or who enroll for 4 or more credits during Term III. Students receiving financial aid and student athletes, however, may be penalized for taking fewer than 12 credits in Term I and Term II and fewer than 6 in Term III.

Part-time students, are those persons who register for fewer than 9 credits during Term I or Term II, or who enroll for fewer than 4 credits during Term III. Part-time students who wish to live in a college residence should contact Mr. Nathan Friesema, Director of Residence Life, Campus Center, (607) 735-1821, for further information. To qualify, students must be matriculated and registered for coursework on at least a half-time basis.

Exceptions: The following are exceptions to the part-time credit limit:

- Part-time education students, may register for field experience and student teaching for one term of 9 credits and one term of 12 credits, to complete their student teaching.
- Part-time nursing students may register to finish the nursing program for one term of 9 credits and one term of 12 credits.
- Term III(a): a part-time student may enroll in full-time course load during Term III provided 3 of the 6 credits are taken in Term III(a).

Repeating Courses

Students may improve their overall grade point average, and possibly their grade point average in the major, by retaking courses in which they have received a grade of C- or lower. Please note that retaking courses or taking a reduced load of courses, although often warranted, may slow a student's progress toward earning a degree.

For **required** courses, students may retake a given course once in which the original grade was C-, D+, D, or D-. Students must retake a given course if the original grade was F until they achieve a passing grade. However, students will not be eligible to receive Title IV funds for any course that they have previously taken and passed more than two times. For **elective** courses, students may retake a given course once in which the original grade was C- or lower.

All attempts at courses that are repeated will be labeled to that effect on the student's transcript and will count of part of the student's academic load. However, only the higher grade will be used in the computation of the grade point average for all students not yet graduated from Elmira College. Should any course be repeated at an institution other than Elmira College, and a higher grade achieved, the original Elmira College grade would not be used in computation of the grade point average, nor would the grade from the other institution in accordance with the Transfer of Credit policy. Students normally receive credit toward the minimum 120 credit hours required for graduation only once for the same course.

Internal Transfer

Students may change from part-time to full-time status (or visa versa) after consulting with their academic advisor. **If a student has completed less than 90 credit hours as a part-time student, he or she will be required to apply for admission as a full-time student through the regular admissions process and should contact the Office of Admissions. Students seeking this transfer must have at least a 2.000 cumulative GPA in order to be considered for admission as a full-time student.**

If a student is full-time for more than fifty percent of his or her Elmira College career up to the 90th credit hour, then the graduation requirements for full-time students will apply even

if the student becomes part-time. If a student is part-time for more than fifty percent of his or her Elmira College career up to the 90th credit hour, then the graduation requirements for part-time students apply, even if the student becomes full-time. Special cases will be decided by the Educational Standards Committee.

Graduation Application

Students who expect to complete degree requirements by June or August must submit an application for graduation in Term I (usually around November 1st) in the year in which they expect to complete the degree. In order to participate in Commencement a **student must be within 9 credit hours of completing the degree at the time of Commencement**. Exceptions to this may be made by petitioning the Educational Standards Committee for any undergraduate degree (A.A., A.S., B.A. or B.S.).

Academic Honors

Elmira College students may be awarded the following honors:

- A. Full-time students who have achieved a grade point average of 3.600 or higher at the end of any Term I or Term II with twelve computable credit hours will be placed on the **Dean's List**.
- B. The Cowles Honors Scholars designation is presented to seniors who have earned a cumulative grade point average of 3.6 or above and have sustained this academic achievement throughout their Elmira College career.
- C. **Latin Honors** are awarded to bachelor degree recipients who achieve the cumulative grade point averages indicated below. Students will need to have at least 60 earned credit hours from Elmira College. Transfer credit will not be factored in for Latin Honors since only credits transfer and not grades.
 1. Summa cum laude – 3.800 and above
 2. Magna cum laude – 3.600 to 3.799
 3. Cum laude – 3.400 to 3.599
- D. Part-time undergraduate students who have, during the current academic year, achieved a grade point average of 3.600 or higher at the end of the Spring Term (Term III), and who have completed at least twelve computable credit hours during the current academic year, will be placed on the Dean's List.
- E. **Phi Beta Kappa**, Pi Chapter of New York was instituted at Elmira College November 29, 1940. Inductees are elected during Term II of their senior year. Election does not result solely from high grades. Members in course are elected on the basis of scholarly achievement in the liberal arts (as distinguished from applied or professional work), broad cultural interests, good character, and promise of future intellectual growth and effectiveness. Candidates must be majoring in liberal subjects and demonstrate breadth of program, again in liberal subjects, as shown by the number and variety of courses taken outside the major. Candidates, further, shall have demonstrated knowledge of mathematics at least equivalent to three years of college preparatory secondary-school mathematics and a knowledge of a foreign language at least equivalent to the College intermediate-level course. Transfer students are eligible for consideration only if they complete two full years (60 credits) at Elmira College.
- F. Elmira College has active chapters in more than a dozen other honor societies. For more information, please contact Dean Michael Halperin, McGraw Hall, room 113, (607) 735-1895.

Good Academic Standing and Satisfactory Progress

Students are in good academic standing if their cumulative grade point average is 2.000 or better. The Educational Standards Committee reviews the academic performance of all students at the end of every term, considering students for academic dismissal, for removal from good academic standing, and for reinstatement to good academic standing.

Students achieving a cumulative grade point average less than 2.000 are placed on academic probation. If students raise their cumulative grade point averages to 2.000 or better by the end of either of the next two consecutive terms (excluding summer if so elected by the student), they will be restored to good academic standing. However, students will be reviewed after each term. Those who do not achieve a 2.000 cumulative grade point average by that time will be considered for dismissal.

Students who do not achieve a 1.500 grade point average at the end of their first term of work at the College will be considered for possible dismissal. Also, students who do or do not meet the minimum standards for good overall academic standing, but whose term grade point average is below a 1.500 for two consecutive terms, will be reviewed by the Committee for possible probation.

Students on academic probation should make every effort to improve their academic performance and should curtail any activity which does not lead to that end. They are ineligible to participate in the following extracurricular activities: varsity or junior varsity athletics; club sports; service in an elected student government position; as a Resident Assistant or Orientation Leader; representing the student body on a standing committee of the Faculty; or serving in a leadership position in an active student club, in a major theatre production, the *Octagon*, WECW, or the *Iris*, unless such participation is part of coursework for academic credit. The student's academic advisor will determine such eligibility in ambiguous cases. The Dean of Student Life is responsible for enforcing this regulation.

The Educational Standards Committee will notify in writing all students who have been dismissed. The Committee will hear appeals made within ten working days of the date the dismissal notifications are issued.

Questions concerning academic probation and dismissal should be directed to Dean Michael Halperin, Registrar and Associate Academic Dean, McGraw Hall, room 113, (607) 735-1895.

Note: Standards for Federal and State student financial aid eligibility, which is discussed on page 209-210, differ from the academic standards described in this section.

Mid-Term Deficiency Grades

Progress reports are made to the students at mid-term periods during each long term. A "Warning Notice" in a subject will be issued when, in the opinion of the instructor, the student is not making satisfactory progress toward the completion of academic requirements. Students who receive a mid-term warning are expected to discuss the situation with their advisors and instructors immediately. Grades of C- and lower will be noted for warnings.

Adding Courses

- I. A student may add term-long courses during Term I and Term II:
 - A. Through the first week of classes by adding a course in MyEC;
 - B. Through the second week of classes with the approval of the advisor and the course instructor using an add-drop form;

if the student becomes part-time. If a student is part-time for more than fifty percent of his

Approval of the advisor, course instructor, and an Academic Dean is required.

2. A student may add for six-week courses:

- A. Through the first three days of classes by adding a course in MyEC;
- B. Through the first week of classes with the approval of the advisor and the course instructor using an add-drop form;
- C. After the first week of classes **only** if unusual circumstances necessitate it.

Approval of the advisor, course instructor, and an Academic Dean is required.

3. For nine-week and three-week courses, please see the table that follows.

Withdrawing From a Course

1. A student may drop term-long courses during Term I and Term II:

- A. Through the first week of classes by dropping a course in MyEC;
- B. After the first week of classes with the approval of the advisor and the course instructor using an add-drop form;

It is important to note that **discontinuance of class attendance does not constitute official withdrawal**. Additionally, being withdrawn from an CANVAS course roster by the course professor does not constitute an official withdrawal from the course. Withdrawals require appropriately authorized drop-add forms to the Office of the Registrar. There is no charge for simply withdrawing from a course. Academic advisors must approve all changes to students' schedules. The table describes the timing of when and how dropping or withdrawing from courses affects students' transcripts:

| | Thirteen Week Term | Nine Week Term | Six Week Term | Three Week Term |
|--|---|---|--|--|
| Time during which course is removed from transcript | Through the second week of the term | Through the seventh day of the term | Through the fourth day of the term | Through the second day of the term |
| Time during which a grade of "W" or "WF" is posted on the transcript at the discretion of the instructor | From the third week of the term through the end of the term | From the eighth day of the term through the end of the term | From the fifth day of the term through the end of the term | From the third day of the term through the end of the term |

Unapproved withdrawal from courses will result in students receiving grades of "WF," regardless of the date of withdrawal. Students receiving financial aid should check with the Office of Financial Aid before withdrawing from a course. Students participating in varsity or junior varsity sports may no longer be eligible to participate in athletics without at least 12 credit hours in long terms and 6 credit hours in short terms.

Leaves of Absence

The College grants Leaves of Absence to students whose circumstances either prevent them from completing the term in progress or call them temporarily away from campus (for example, health problems, off-campus programs, family issues). Students may request a Leave of Absence of not more than one year by observing the following procedures:

1. Students who request a Leave of Absence for any reason, including medical reasons,

must do so by contacting the Office of Retention and Advocacy, Gannett-Tripp Library, (607) 735-1147 to complete a Request for Withdrawal or Leave of Absence form.

2. Students who are granted a Leave of Absence within the last two weeks of a term may request a grade of “Incomplete” from their faculty members as outlined on pages 19-20. Students who are granted a Leave of Absence early in the term will be treated as withdrawn students. In emergency situations, grades of “L” may be assigned in all courses as described on page 18.
3. A temporary grade of “L” must be replaced by a grade of A - F, W, or WF within one year of the term in which it is taken. This permits time for students to correspond with faculty members and make appropriate arrangements.
4. A Leave of Absence is treated as a withdrawal for billing and financial aid purposes; thus, the cumulative grace period for guaranteed student loans will be entirely or partially exhausted based on the length of the student’s leave.
5. Students wishing to return from a Leave of Absence should request reactivation through the Office of Retention and Advocacy.
6. Students on a Leave of Absence who fail to initiate contact with the Office of Retention and Advocacy, to become reactivated within twelve months of the date the leave was granted shall be considered withdrawn from the College.

Withdrawal From the College

A fair and equitable refund policy has been established by Elmira College for students who withdraw at any time prior to completing degree requirements. Students must follow the withdrawal procedure outlined below in order to benefit from the refund policy.

1. Any student withdrawing from the College must complete a Request for Withdrawal or Leave of Absence form through the Office of Retention and Advocacy, Gannett-Tripp Library. The staff will assist the student by reviewing the need to contact academic, business, or other areas of the College for clearance. If the student is awarded a Perkins Loan, an interview must be scheduled with the appropriate Business Office representative.
2. The student will be eligible to receive refunds or transcripts as outlined in this Bulletin only when:
 - A. A Request for Withdrawal or Leave of Absence Form is completed;
 - B. Residence Hall room is vacated and keys returned;
 - C. Student I.D. card is surrendered to the Residence Life Coordinator when checking out;
 - D. Financial accounts are settled;
3. A copy of the completed Request for Withdrawal or Leave of Absence form will remain filed in the Office of Retention and Advocacy to indicate the student’s change in status. **A decision not to attend classes does not constitute withdrawal from a course or the college.**
4. A student who withdraws from Elmira College, does NOT attend another institution, and plans to return to Elmira College after a period of one year or more, must re-apply through the Office of Admissions by completing a Readmit Application.
5. A student who withdraws from Elmira College, does NOT attend another institution, and plans to return within the same academic year, must contact the Office of Retention and Advocacy for processing;

6. A student who withdraws from Elmira College and attends another institution, must re-apply to Elmira College using the EC Online Application or Common Application.

Cancellation or Closing of Classes

The College reserves the right to close a course when there is full enrollment. The College also reserves the right to cancel a class due to insufficient registration. Classes are cancelled as infrequently as possible.

Attendance

Regular attendance at all classes and other scheduled appointments is expected of all students. because specific class attendance policies vary, students are encouraged to understand the policy of each of their instructors. Students who, in the view of the instructor, are absent from class excessively may be required, with sufficient notice, to withdraw from the class with a grade of W or WF. The College reserves the right to notify parents if class attendance jeopardizes the student's status at the College.

Examinations

Absence from scheduled tests and examinations automatically incurs a grade of zero for that examination, unless other arrangements have been made with the instructor.

All classes are required to meet during the final examination period as scheduled by the Office of the Registrar. The time of final examinations may not be changed without permission of the Provost.

Examinations lasting one hour or more may not be scheduled within one week of the start of the final examination period.

Declaration of Major

Sophomores registering for Term I of their junior year, and all transfer students with junior or higher standing who are registering for the first time, must-after consultation with their advisors-complete the Declaration of Major form and file this with the Office of the Registrar. Students wishing to change a major, minor, or concentration will also use this form.

Outstanding Balance

Students owing the College for a previous term and who have not made special arrangements with the Business Office for deferred payment may not be allowed to register for subsequent terms and may not be issued grade reports, transcripts, or diplomas.

Transfer of Credits

Students at Elmira College who wish to receive credit toward an Elmira College degree for courses taken at another institution must secure prior approval from their advisor and the Registrar. Students who have earned 68 or more credits from a two-year college may not take additional course work at a two-year college. Students who have earned 90 or more credits toward an Elmira College degree may not take additional degree credit work at another college or university.

Elmira College welcomes qualified students who desire to transfer to Elmira College. To obtain a degree from Elmira College students must complete at least 30 credit

hours at Elmira, including at least 15 credit hours in the major and 9 credits in the minor. No more than 68 credit hours from two-year colleges or 90 credit hours from four-year institutions will be allowed to transfer. Some students entering at the junior level may require more than 60 additional credits to complete all requirements. The Registrar evaluates transfer credits according to the following guidelines:

- A. Undergraduate credit for which the student received a grade of C- or above will be considered for transfer to Elmira College only from institutions accredited by an agency that is a member of the Council for Higher Education Accreditation (CHEA).
- B. Courses of a generally similar nature, content, and level to Elmira courses will be accepted. Narrowly vocational or remedial courses will not be accepted.
- C. Courses taken at another college in which the student received a grade of D-, D, or D+ may be accepted to waive a prerequisite or a degree requirement but will not be transferred for credit toward the Elmira College degree. Both the Math competency requirement and the Writing Program courses must be fulfilled with a grade of C- or higher. Elmira College, however, does accept "D" grades on courses which comprise part of certain associate degrees from community colleges with which Elmira College has articulation agreements.
- D. If another college permitted the student to repeat a course to raise a grade, Elmira College will accept the higher grade.
- E. Students who transfer to Elmira College, regardless of class rank at the time of transfer, must complete all requirements for the degree in effect at that time, for his or her entering class.
- F. Elmira College accepts credit recommendations as given by the commission on the Accreditation of Service Experience, the Educational Testing Service, New York State Department of Education, and the American Association of Collegiate Registrars and Admissions Officers.
- G. All other credit determinations will be made by the Registrar in consultation with the Provost and faculty in the field from which a course is taught on the basis of guidelines recommended by the Educational Standards Committee and approved by the faculty.
- H. Elmira College transfer credit policy does not distinguish courses taught in different modes of delivery.

Second Baccalaureate Degree

A graduate of any accredited college, including Elmira College, may earn a second baccalaureate degree at Elmira College by completing an additional 30 credit hours at the College, including at least 15 credit hours in the desired major, provided the work then completed fulfills all general requirements for graduation from Elmira, as well as all of the specific requirements in the major subject of the second degree as specified in The Elmira College *Bulletin* in effect at that time. Any student completing the above will be issued a diploma and may participate in Commencement.

Second Major

A graduate of Elmira College may return to the College for a second major, completing requirements in the second major, including at least 15 credit hours at the College, as specified in The *Bulletin* in effect at that time. The second major will be listed on the student's transcript; however, a second diploma will not be issued and the student may not participate in Commencement.

Credit by Examination

General Regulations pertaining to Excelsior College, CLEP, the Elmira College Equivalency Examinations and Advanced Placement:

- A. Credit will be accepted for students who have enrolled in an Elmira College degree program.
- B. The maximum credit that may be earned by examination toward an associate's degree is 15 credit hours and for a bachelor's degree, 30 credit hours.
- C. **Excelsior College Examination** is a college level testing program offering single-subject examinations in a variety of subject matter fields. The examinations may be taken by anyone to validate knowledge gained outside of the formal college classroom, primarily for the purpose of earning college credit, but also for satisfying teacher certification or Regents External degree requirements, for job-related reasons, or for personal satisfaction. The Board of Regents established the program in 1961. Examination fees vary. A complete list of examinations and fees may be obtained from Excelsior College Examinations, The University of the State of New York Cultural Education Center, Albany, New York 12230.

Upon completion of an examination, the candidate will receive a grade report and the amount of credit that has been granted by the University of the State of New York. The candidate may then request that an official transcript of the University be sent to any other institution for recognition.

Elmira College (and other institutions) may grant course credit or advanced standing for acceptable grades. Candidates are advised to check with the Registrar **before** taking an examination to determine its acceptability.

The University of the State of New York will send an official transcript of the candidate's grades to Elmira College. The Registrar will review the credit like any transfer credit. The Registrar may request the University to provide a copy of the candidate's answers to the essay or problem section of an examination for review.

Elmira College will grant credit for satisfactory performance, a grade of "C" or higher, in Excelsior College Examinations if the material covered by the examination is included in courses accepted for a degree at Elmira College and, in those cases where applicable, if there has been adequate evaluation of laboratory or other performance skills. The College will provide opportunities to demonstrate such skills. In some cases credit may be denied, but the student may be exempt from taking an equivalent course.

Excelsior College Examination credit will be given only to students who have met the College's entrance requirements and have matriculated in a degree program. Elmira College students must obtain prior permission before taking the Excelsior College Examinations. The same procedure used to apply for permission to take summer school work at another institution will be followed.

The awarding of Excelsior College Examination credit will be approved through the Registrar by the appropriate division. This credit will be recorded on the official transcript as "Excelsior College Examination Credit." It will not be figured in the student's cumulative grade point average although credit hours will be recorded.

Application for the examinations, the examination schedule, and questions concerning candidate counseling should be addressed to the Excelsior College Examinations Office in Albany.

- D. **College-Level Examination Program (CLEP):** The CLEP is a testing program of the College Entrance Examination Board. The exams, which are usually taken prior to college admission, are offered in early May and early August. There are two types of examinations:

General Examinations: The CLEP General Examinations provide a comprehensive measure of achievement in five basic areas of liberal arts (English, Humanities, Mathematics, Natural Sciences, and Social Sciences-History). Each examination assesses the extent to which general knowledge in an area has been mastered.

Subject Examinations: The CLEP Subject Examinations are achievement tests for widely offered undergraduate college courses and are similar in content and scope to many Excelsior College Examinations. They stress understanding, ability to perceive relationships, and the grasp of principles, concepts, and factual materials in the respective courses. Some cover material studied in a typical full-year course, while others are limited to material studied in a one-semester course.

At present, forty CLEP Subject Examinations are available in such fields as business law, economics, English, geology, human growth and development, statistics, and trigonometry.

The CLEP Subject Examinations may satisfy specific course requirements at Elmira College. This determination is made by the Registrar in consultation with the Division Chair or advisor in a specific field.

Information concerning registration forms, fees, and test locations may be obtained directly from (CLEP): College-Level Examination Program, PO. Box 1824, Princeton, New Jersey 08540, (609) 771-7865.

Elmira College Equivalency Examination

This program was developed to provide matriculated students at Elmira College with a method of acquiring college credits in those cases where neither Excelsior College Examination nor the College Level Examination (CLEP), administered by the College Board, is not available for a given course subject.

Students who request an equivalency or “challenge” examination must demonstrate that they have acquired the knowledge and skills on which they wish to be examined. Students must complete the examination during the term in which they register for it. The last possible date to register for such an examination in any academic year is one month before Commencement.

Any student who wishes to take an examination must proceed as follows:

1. The student must first obtain from the Office of the Registrar the proper application forms.
2. The student must seek the agreement of a full-time faculty member in the appropriate discipline that he or she is willing to administer an examination.
3. The student must seek the approval of the Provost for permission to sit for this examination. This requires submission of the following:
 - A. A written statement from the faculty member who has agreed to develop, administer and evaluate the examination;
 - B. The title, course number, and credits for which the examination is intended;
 - C. Written evidence of the approval of the student’s academic advisor. The Provost will not grant approval for equivalency exams for courses prerequisite to those for which the student has already received credit or is currently enrolled, or those preliminary to or significantly overlapping with such courses. Students may appeal rejection of their application to the Educational Standards Committee.
4. After written approval has been granted by the Provost, the student must complete the Elmira College Equivalency Examination Application Form, which is available in the Office of the Registrar. Such application serves as the examination registration.

When the examination has been administered, the grade will be submitted to the Registrar and recorded as follows:

1. The instructor will submit a grade to the Registrar in the space provided on the application form. Current regulations stipulate that the grade must be P (Pass) in all areas except those courses used to fulfill a major requirement; in such cases the grade must be "A" through "D-."
2. The Registrar will record the instructor's grade on the student's academic record as follows:
 "Equivalency examination, course title, number of credits, and grade awarded." No record of failures or attempts will be maintained.

International Baccalaureate (IB)

Scores of four or higher on the Higher Level IB exams will be accepted with placement to be determined by Registrar and Division Chair or other appropriate faculty. Courses will be evaluated on an individual basis.

Advanced Placement Program

Entering students may also receive advanced placement credits through completion of certain college level courses taken through their high school or at another college. Official college transcripts must be sent to Elmira College in order to receive appropriate credits. Requirements will not necessarily be waived on this basis. Students must make sure that the AP transcript is received by Elmira College and may either check with the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895, or call Advanced Placement at (609) 771-7300.

The Baccalaureate Degree

The requirements for baccalaureate degrees granted by Elmira College have been established by members of the faculty so that each graduate receives a broad general education, explores different fields of knowledge, examines one or more of those fields intensively, and applies the knowledge acquired in the classroom to realistic and appropriate work experiences.

To receive a Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degree from Elmira College, a student must complete a minimum of 120 credits, with a cumulative grade-point average (G.P.A.) of at least 2.000. The last 30 of these credits must be earned at Elmira College. For the B.A. at least 90 credit hours must be in the liberal arts and sciences; for the B.S. at least 60 credit hours must be in the liberal arts and sciences. Each student must also earn a minimum grade-point average of 2.000 within the major.

Moreover, students must earn a stipulated number of credits—with a passing grade—in the completion of General Degree Requirements (as follows) and a Major pages 39-40.

Students also have the option of completing a Minor page 40 in which case a 2.000 G.P.A. within the minor must be completed. basic computing skills are expected upon entrance to the College.

Students entering at Elmira College are expected to have the following skills relating to the operation of a computer: (1) Operation of a computer including turning it on and off, use of the keyboard, using a mouse and graphical interface and basic file organization; (2) Word processing including entering and editing text, setting margins, headers and footers, and printing; (3) Web skills including operating a web browser and using e-mail.

General Degree Requirements

Courses taken to fulfill the Academic Writing Program and Core requirements fulfill no other requirements except the 120 credits required for graduation. Other General Degree requirement courses may be used to fulfill other requirements.

A. Academic Writing Program

3-6 credits

All students take WRT 1010 and WRT 1020 unless they have, in transfer, an equivalent course. In order to satisfy the General Education requirement, all students will be required to earn no lower than a C- in both WRT 1010 and WRT 1020. Any student who earns lower than a C- in either course will be required to repeat the course until at least a C- is achieved.

Some students, for which English is not a first language, may be asked to enroll in

one or both of the following courses before they begin WRT 1010:

ENG 1050-1051 English for Non-English Speakers I-II 3 credits

B. Mathematical Competency and Quantitative Reasoning 3-8 credits

The Mathematical Competency and Quantitative Reasoning requirements are designed to ensure students are prepared to handle quantitative courses at the collegiate level and have the skills necessary to apply quantitative reasoning in their lives after college.

The Mathematical Competency requirement ensures that each student will have the appropriate foundation in Mathematical thinking for success in quantitative coursework. In order to satisfy this requirement a student must achieve an adequate score on the mathematics placement exam or take one course (usually 3 or 4 credits) of Mathematics at the college level and achieve a grade of C- or better. Examples of courses that satisfy the requirement are MAT 1030 (College Algebra), MAT 1091 (Precalculus I).

The Quantitative Reasoning (QR) requirement will expose students to developing strategies and solving problems in a structured, logical and analytical way. Students will also have the opportunity to apply these strategies to specific questions in specific disciplines. Students will take one course (usually 3 or 4 credits) beyond Mathematical Competency. Courses satisfying Quantitative Reasoning contain a significant quantitative component. These courses may come from a variety of disciplines including but not limited to Mathematics.

C. Core Program 3 credits

FYS 1010 First-Year Seminar

First-Year Seminar is the foundational course in the liberal arts and sciences for entering freshmen. Offered in Term I, it serves as a gateway to the College's General Education program and introduces students to the wider world of learning beyond the professional training of their declared majors. One of the main goals of the program is to develop intellectual skills that will be helpful to students throughout their college career and beyond. In particular, the seminar focuses on sharpening students' skills in critical thinking and reading. Students have the opportunity to choose from a wide variety of exciting seminar-topics, ranging from the natural sciences and the humanities, to the fine arts and the social sciences. In each case, the professor draws on her or his special expertise and interests to provide a unique learning experience.

D. The Pillars and World Engagement: 27.0-36.0 credits

(A list of courses approved for each of these categories can be found in electronic files maintained by the Office of the Registrar)

The Pillars and World Engagement requirements provide students with the intellectual breadth in the liberal arts and sciences necessary to be a broadly educated and globally aware citizen.

The Pillars 27 credits

Students will complete 27 credits of coursework among the Pillars listed below.

Courses taken as part of a major or concentration will qualify for The Pillars. No more than 3 credit hours from the same field code may be applied unless that field code is for a language other than English.

1. Fine Arts 6 credits
(ART, DAN, FAR, MUS, and THE field codes)

The Fine Arts are the expression of our human experience through visual art, writing, language, motion, and music. Coursework from this pillar will develop a student's skills in the creation of the fine and performing arts, present historical and cultural contexts for appreciation of the arts, and encourage students to embrace new means of expression.

2. Humanities and Languages 9 credits
(AMS, ASL, and all languages, CST, ENG, (other than basic composition course), LAL, HIS, HUM, and PHR field codes)

The Humanities focus on the interpretation of the human experience with a strong emphasis on analytical, critical, and reflective approaches. Courses from this pillar contribute to a student's understanding of the development, expression, and diversity of the human community by examining the development of a wide variety of ideas and forms of expression using literary, historical, and philosophical texts, and various artistic media.

3. Social Sciences 6 credits
(ANT, ARC, CRJ, ECO, GEG, PSY, PSC, SOC, SSC, SST, and WMS field codes)

The social sciences study human behavior in the context of culture and society. Courses from this pillar develop a student's ability to use quantitative and qualitative tools to analyze material artifacts, institutions and processes, motivations, and behavior of people in past and contemporary societies.

4. Mathematics and Natural Sciences 6 credits
(AST, BIO, CHE, ENV, GEO, MAT, NSC, and PHY field codes) Math courses at or below the Math Competency requirement do not count towards this pillar. Mathematics and the natural sciences focus on using empirical and quantitative methods and the development of those methods by way of formal logic and quantitative reasoning. Courses from this pillar enable students to better employ the scientific method, use mathematical tools, and apply knowledge of nature to understand the universe.

- World Engagement:** 9 credits

The World Engagement component of the General Education curriculum will foster the ability to view the world from multiple perspectives and to gain an appreciation of the global interconnectedness of issues, trends, and systems. Student will complete 3 credits in:

- a. Global Perspectives (GLP)
- B. Non-Western Perspectives (NWP)
- c. Western Perspectives (WEP)

- E. **Physical Education and Wellness** 0-2 credits

Developing an understanding of the importance of physical health has always been an important component of an Elmira College education. Physical health and well-being impacts all aspects of our lives. Therefore, all full-time students must complete two approved Physical Education and Wellness courses.

Alternatively, participation in a Varsity sport, Junior Varsity sport, club sport or the ROTC program counts as a substitute for a Physical Education and Wellness activity or course, provided that the participation comprises at least eighteen contests, contacts, or practices. Records are maintained by the Director of Athletics and the Coordinator of the Physical Education Program. Students wishing to

request a waiver in recognition of campus activities such as Orchesis, Precision Line, Danceline, or activities taken off campus, should see the Coordinator of the Physical Education Program.

F. **Field Experience-Practicum***

0-12 credits

Elmira College requires its students to participate in Field Experience and Practicum programs enabling them to apply concepts learned in the classroom, explore possible career options, work alongside professionals in an industry matching the students' career aspirations, develop an understanding of the day-to-day operations of an organization, and gain professional networking connections. The Field Experience program is designed to provide students with real-world experience and to better prepare them for entrance into graduate schools and career fields of their choice. Satisfactory completion of the program is based on the students' ability to demonstrate that they have accomplished the goals set by the program as assessed by themselves, their faculty sponsors, and their off-campus site supervisors.

The program has three parts:

Community Service (FEX 2515)

Community Service provides learning opportunities, instills civic responsibility, immerses students in the local area, and helps strengthen the community of Elmira. All full-time students at Elmira College must complete 60 hours of Community Service in a local non-profit service organization. The organization must be within 50 miles of the Elmira College Campus. While community service is a general education requirement, and as such is required for all full-time students, it is not granted college credit. This requirement must be completed within two years of enrolling at Elmira College. Students may not be paid for their service, nor be supervised by a relative. The Office of Career Services oversees this program with established the guidelines and procedures that students must follow as they complete their community service

GUIDELINES:

- students new to the College are registered prior to the beginning of classes in Term I or Term II
- students can visit the Office of Career Services for assistance on the Community Service process. They are located in the Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830
- the experience must be supervised by an appropriate member of the student's chosen organization, but not by a relative of the student
- students must submit a work agreement (contract) to indicate that the student is performing Community Service at a local non-profit organization prior to starting their hours:
 - *Signed by student, organization, and Director of Career Services
- students will have until the end of Term II of second year at Elmira College to complete requirement:
 - *Upon completion, student will receive grade of 'P' (Pass)
 - *If deadline is missed at the end of their Sophomore year, student will receive grade of 'F' (Fail)
 - *Once requirement is complete, F will change to P
- the experience must meet the minimum of sixty hours of Community Service
- the experience is evaluated on a pass-fail basis
- the Director of Career Development will determine whether or not a student's experience meets the Community Service criteria.

WAIVING THE COMMUNITY SERVICE REQUIREMENT

—students in the local area may request a waiver of the Community Service requirement if they enroll at the College one year or more after graduation from high school, having already volunteered sixty or more hours with a non-profit organization during that time. Otherwise, students are automatically registered to take Community Service

—waiver request forms are available in the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library and on MyEC

—request to waive the Community Service requirement will be considered by the Director of Career Services

—students may submit a written appeal to the Educational Standards Committee if the request to waive the Community Service requirement is denied

—military service can be used to waive the Community Service requirement via submission of DD214 or evidence of current military status to the Director of Career Services

The Career-Related Internship (FEX 4525)

The Career-Related Internship provides an opportunity for students to explore work experience related to the major or to potential career goals. Students may apply knowledge gained in the classroom to the specific settings of the work environment. Career-Related Internships may be completed any time after the sophomore year and do not receive academic credit, unless offered for credit by the student's major. No essay is required. There are multiple ways to complete Career-Related Internship requirement:

GUIDELINES:

— students must register in advance by completing the appropriate contract through the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830 during the first three weeks of Term I or Term II or during the first week of Term III

— the experience must be supervised by an appropriate member of the student's chosen organization but not by a relative of the student

— the experience is evaluated on a pass-fail basis

Pre-Graduate School Internship (FEX 4510)

A Pre-Graduate School Internship may be pursued by those students who are planning to attend graduate school and who meet the high standards of graduate study. The Pre-Graduate School Internship fulfills the Career-Related Internship requirement. Projects for the Pre-Graduate School Internship may include but are not limited to the following:

— original research in the lab sciences

— the building of an art portfolio

— statistical hypothesis testing, and or model building

— interpretation and analysis of the activities of social agencies or businesses

— graduate-level scholarship on a historical, literary or philosophical subject

The Pre-Graduate School Internship follows the current Career-Related Internship guidelines, as well as additional guidelines involving pre-project and post-project consultations. Additional information and detailed guidelines may be obtained from your advisor or from the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830.

Note: Normally, the Career-Related Internship and the Community Service are not completed at the same organization.

DEADLINES FOR GRADUATING STUDENTS:

- all appropriate documentation in connection with the Career-Related Internship or Practicum must be provided to the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830, no later than the end of registration for Term III
- if the Internship or Practicum requirement is being fulfilled in Term III, students must submit their final paper, assessment of the internship, and supervisor's evaluation at least four class days before senior grades are due.

WAIVING THE FIELD EXPERIENCE REQUIREMENTS:

Requirement may be waived under certain conditions on the basis of equivalent past experience (including meeting the minimum number of hours required).

- students may request a waiver of the Career-Related Internship or Practicum requirement on the basis of: (a) internship-quality experience gained subsequent to enrolling at the College (e.g., career qualifying summer employment), or (b) having worked full-time one year or more after graduation from high school, including military service
- waiver request forms may be obtained in the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830 or on MyEC
- waiver requests must be submitted for approval by the Educational Standards Committee.

Note: Community Service is not required of students graduating under part time requirements, nor is the Career Related Internship, unless it is required by the major.

The Associate Degree

Associate in Arts

The Associate in Arts degree in Liberal Arts with a major in General Studies requires the following:

- I. General Degree Requirements
For a description of these requirements, see I of the Associate in Science degree.
- II. Completion of sufficient general electives to reach a total of 60 credits.
- III. At least 45 of the 60 credit hours must be in the Liberal Arts and Sciences.

Associate in Science

The Associate in Science degree requires the following:

- I. General Degree Requirements
 - A. Academic Writing Program 6 credits
WRT 1010 College Composition I
WRT 1020 College Composition II
 - B. Mathematical Competency 3 credits
Students must achieve an adequate score on the mathematics placement exam or take one course of Mathematics at the college level and achieve a grade of C- or better.
 - C. The Pillars and World Engagement
 - I. The Pillars 21 credits total*

*Students will complete 21 credits of coursework among the Pillars listed below. Courses taken as part of the major will qualify for The Pillars. No more than 3 credit hours from the same field code may be applied unless that field code is for a language other than English:

| | |
|-----------------------|-------------|
| 1. Fine Arts | 3-6 credits |
| 2. Humanities | 3-9 credits |
| 3. Social Sciences | 3-6 credits |
| 4. Natural Sciences | 3-6 credits |
| II. World Engagement* | 9 credits |

*These courses can be chosen from a wide variety of disciplines and may also overlap with the disciplinary Pillar component of General Education or the student's major.

| | |
|--------------------------------|-----------|
| Non-Western Perspectives (NWP) | 3 credits |
| Global Perspectives (GLP) | 3 credits |
| Western Perspectives (WEP) | 3 credits |

Note: Associate's Degree students are not required to complete First Year Seminar, PE-Wellness, Quantitative Reasoning or Field Experience-Practicum Requirements.

Major Requirements

Students must also complete an approved major, available in each of the following. After each field is the Higher Education General Information Survey (HEGIS) code number.

To receive the Bachelor of Arts (B.A.) degree, the student must earn 90 of the required 120 credits in the liberal arts and sciences; for the Bachelor of Science (B.S.), 60 of the required credits must be earned in such courses. In some majors, the student may choose the degree; in others, it is determined by the nature of the requirements. All majors require at least 12 credits of upper-level courses (those numbered 3000 and above), and at least one course in which writing appropriate to the discipline is stressed (designated as a “WRT” course).

The specific requirements for each of the majors are listed in the section titled “Majors and Courses of Instruction.” Students will be encouraged to complete their general major requirements and prerequisites for upper-level courses during their first and second years of enrollment. Completing more than one major is permitted.

If a program or major is discontinued, Elmira College will make every effort to allow students to complete the program or major in a reasonable length of time following the date of discontinuance.

See the section “Majors and Courses of Instruction,” beginning on page 41, for a description of major requirements and courses.

Baccalaureate Minors

Elmira College offers approved minors in certain academic disciplines. A minor is not required for a degree, but is offered to students to supplement the major or permit them to explore another area of knowledge in some depth. Courses that count toward the major requirements may also be counted toward completion of a minor. Students should work closely with their advisors in planning their major and complementing it with an appropriate minor. See the section “Majors and Courses of Instruction,” for minor requirements.

Minors offered by the College are:

| | |
|-------------------------|--------------------|
| American Studies | Mathematics |
| Art | Music |
| Biology | Philosophy |
| Business Administration | Political Science |
| Chemistry | Sociology |
| Classical Studies | and Anthropology |

Majors and Courses of Instruction

This section lists requirements for majors and minors and describes courses of instruction. Because courses are revised annually, their specific content will vary from year to year. To provide more detailed information upon which to base the selection of courses, the Schedule and Course Descriptions are published each term. This is available in time to examine course prerequisites, teaching procedures, objectives, and evaluation methods before registering.

The academic year in which each course is expected to be taught is indicated in this section. Courses listed without a date are offered at least once during each academic year in Term I, Term II, or both terms. Students who need a course which is offered “as needed” should consult the appropriate Division Chair.

Courses numbered 1000 and 2000 are lower-level courses that introduce subjects or provide general overviews and are open to freshmen. Courses numbered 3000 and 4000 are specialized courses, usually requiring prerequisites, and are typically not open to freshmen. Courses that are listed without a designated prerequisite have no prerequisites. Courses numbered 1900, 2900, and 3900 have been designed to be taught during Term III. A description of selected Term III courses begins on page 197.

Courses that fulfill the general degree requirement for a “WRT” course and courses that fulfill the distribution requirements will be identified prior to registration for each term.

FIELD CODES: A three-letter code is assigned for every general subject category (e.g., BIO for Biology). Codes for the present subject-major areas listed in this Bulletin are:

COURSE NUMBERS: Courses will be numbered in terms of thousands rather than hundreds as many systems use. In general, the number indicates the level of difficulty of the course as follows:

1000 - 1899 ~ Entry level courses: Either a course viewed as accessible to an entering Freshman or the successor to such a course.

2000 - 2899 ~ Lower division courses: An entry level course which requires special preparation, a course with prerequisites at the 1000-level, or a successor to such courses.

3000 - 3899 ~ Upper division courses: These courses should have one or more prerequisites in the discipline at the 2000-level or above.

4000 - 4899 ~ Capstone experiences

- AIR 3301 Air Force Leadership Studies I 3 credits**
This course is a study of leadership required of an Air Force junior officer; it has applicability to any entry-level professional as a junior executive. The course investigates theories and styles of leadership, power and influence, the meaning and function of followership in the military context, critical thinking, problem solving and team building, group conflict management, situational leadership, and management functions and principles. Films and case studies are used for analysis of theories and principles studied. Students receive instruction and practice effective writing (e.g., background and position papers) and briefing skills (e.g., informative and advocacy briefings) for professional communications; students practice both modes of communication. The course also provides professional officer education in terms of defining professional and unprofessional relationships, working with civilian personnel, and the profession of arms. The course is open to any student. For officer candidates, a mandatory leadership laboratory complements this course.
- AIR 3302 Air Force Leadership Studies II 3 credits**
Continuation of AIR 3301. The course investigates advanced skills in leadership: dynamic subordinacy, effective supervision, essentials of counseling, corrective supervision, professional authority, responsibility, and accountability. The course also investigates the meaning and application of ethical and moral leadership, professional officer ethics, military ethics in joint operations, and the core values of the Air Force. Film and case studies are used for analysis of course content. Written and briefing practice continues. For officer candidates, a mandatory leadership laboratory complements this course.
- AIR 3341L Junior Officer Leadership Experiences I 1 credit**
Cadets assume leadership responsibilities similar to those of a junior officer. Emphasis is on the importance of applying effective human relations skills in dealing with superiors, peers, and subordinates. Cadets also gain insight into the general structure and progression patterns of selected Air Force officer career fields. Distribution Requirement: PED.
- AIR 3342L Junior Officer Leadership Experiences II 1 credit**
Continuation of AIR 3341L. Cadets assume leadership responsibilities similar to those of a junior officer. American Studies Course Descriptions

AMS 1010 Perspectives on the American Dream 3 credits
 In this course we will study the set of ideas, myths, and values that comprise the American Dream. Beginning with John Winthrop's vision of America as a "city on the hill," the definition of the American Dream, the purpose of American's "discovery," has been contested, challenged, and continuously revised. This course introduces students to the history of that process. Distribution Requirements: USC and WEP.

AMS-WMS 2015 Gender and Nature 3 credits
 This course introduces students to a selection of American writers, artists and naturalists whose work explores the relationship between the natural world, ways of understanding and relating to the natural world, and gender. Through the material covered in this course we will explore the ways in which the constructed ideas of "nature" and "gender" have been intertwined in American culture, how certain assumptions about the essential nature of women and men have shaped opportunities for women and men to explore, study and know the natural world, and how the gendering of nature has shaped discussions of environmental topics and issues. Distribution Requirements: USC and WEP.

AMS 2020 Individualism and Community in American Life 3 credits
 Exploration of individualism in American culture, its character, sources, and moral and social implications. We will trace the development of the ethos of individualism as it has been transformed by centuries of social, political, and economic change. Distribution Requirement: WEP.

AMS-PHR 2060 Pragmatism and Classical American Philosophy 3 credits
 This course provides a survey of nineteenth and twentieth century American philosophical thought. Distribution Requirements: US and WEP. Offered Terms I and II.

- AMS-ART 2120 American Art: Colonial Period Through the Gilded Age 3 credits**
A survey of the social and cultural history of American art from the colonial period through the Gilded Age. Distribution Requirements: USC and WEP. Offered Terms I and II.
- AMS-ART 2130 American Art: 1865-1965 3 credits**
A survey of the social and cultural history of American art from 1865-1965. Distribution Requirements: USC and WEP. Offered Terms I and II.
- AMS-WMS 2410 Gender and Utopia in America 3 credits**
A study of the tradition of utopian thinking in American culture and how that tradition has dealt with questions of gender. Distribution Requirements: USC and WEP.
- AMS-ART 2420 The American Landscape: Art, Culture and Society 3 credits**
A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development in the National Parks, the relationship between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955. Distribution Requirements: USC and WEP. Offered Terms I and II.
- AMS-ENG-HIS 3000 Race and American Identity 3 credits**
A study of the way in which race has influenced the question of American identity; readings include W.E.B. Du Bois, Ralph Ellison, Richard Rodriguez, Amy Tan, Louise Erdrich. Prerequisite: One previous course in History, American Studies or English. Distribution Requirement: WEP.
- AMS-HIS 3015 American Environmental History 3 credits**
Environmental History is the study of the interaction between human beings and the environments in which they live. In this course we will focus on the environmental history of the United States by exploring episodes of such interactions from early European contact with Native Americans to the present: Indian and colonist relations in New England, the cotton culture of the South, urban pollution and industrialization in the late nineteenth century, the near extinction of the American bison, wilderness preservation in the twentieth century, environmental politics in the post-World War II era. In studying this material we will ask several questions: how did people living in a particular place at a particular time use and transform their environment? How has the natural environment shaped the cultural and political values and practices of the people living within it? How have groups of people organized themselves to manage or conserve resources? How have differences in race, class, gender and ethnicity influenced people's interaction with the environment? Fulfills WRT-Course Requirement. Distribution Requirement: WEP.
- AMS-ENG-HIS 3025 Nature and the American Imagination 3 credits**
A study of the intellectual and cultural responses to nature from the colonial period to the present, focusing on arts, literature, and philosophy. Distribution Requirement: WEP.
- AMS-ENG 3400 Recent American Fictions 3 credits**
A study of American fiction since 1980, with a focus on issues of national and personal identity. Texts selected from Philip Roth, Don DeLillo, Han Ong, Lorrie Moore, Jennifer Egan, T.C. Boyle, Aimee Bender, Charles Baxter, Thomas Pynchon and Emma McLaughlin. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or 2044 or AMS 2020. Distribution Requirement: WEP.
- AMS-ART 3420 The American Landscape: Art, Culture and Society 3 credits**
A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development

in the National Parks, the relationship between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955 or AMS-ART 2420. Distribution Requirement: WEP. Offered Terms I and II.

AMS 4590 Senior Seminar: Contemporary American Culture 3 credits
 Exploration of the scope and methods of American Studies as a tradition of inquiry in connection with the consideration of some particular issue, problem, or other topic from American life. Prerequisites: AMS 1010 or AMS 2020. Fulfills WRT-Course Requirement. Offered as needed.

Art Course Descriptions

ART 1210 Drawing I 3 credits
 A foundations level studio course covering the basic technical and perceptual approaches to drawing. Students will learn to develop an understanding of both formal and conceptual elements as they relate to a traditional and representational manner of drawing, such as; composition, perspective, volume, value, etc. Working in a variety of traditional media, i.e.; graphite, charcoal, ink, etc., students will draw such subjects as; still-life's, self-portraiture, single object descriptions, and working from one's own imagination. Distribution Requirement: CRP.

ART 1362 Furniture Design and Construction I 3 credits
 In this course wood will be used as the primary medium, although the use of other materials is possible. Students will learn the use of hand and power tools as well as various techniques of joining, laminating, fabricating, and carving. Emphasis is placed on originality, individual concept and design, a high level of craft while working three-dimensionally. Students will be strengthening their inventiveness and creative thinking which are essential to their learning experience. Once full scale table will be designed and produced, no larger than three feet in any direction. Work will be discussed and reviewed in critique forum upon completion of the project. Distribution Requirement: CRP.

ART 1370 Ceramics I 3 credits
 A basic studio course emphasizing the technical and conceptual skills needed to create sound, three dimensional forms in stoneware clay. Hand building and wheel throwing techniques, glaze preparation and application, and kiln techniques are included. Distribution Requirement: CRP.

ART 2000 Video Art 3 credits
 Video Art is an introductory digital art class that will acquaint students with the aesthetics and techniques of digital photography as preproduction, as well as audio production, in order to create a final art video for public screening. Prerequisite: Permission of Instructor. Distribution Requirement: CRP.

ART-HIS-PHR 2017 Why Does Art Matter? 3 credits
 Defining art broadly to include literature, the visual arts, and theater, this course explores one of the “enduring questions” in the history of Western thought and culture—why does art matter? Focus is on the historical debate about the value and meaning of the arts; the place of art in a democracy; the role of the arts in the twenty-first century. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Distribution Requirements: EUC and WEP. Offered Terms I and II.

ART 2100 Introduction to Art History: Prehistoric to Gothic 3 credits
 A survey of the history of art beginning with prehistoric and tribal art and continuing through the Middle Ages with a concentration on the Mediterranean cultures. The emphasis is on the art which was created and its social and philosophical significance. Distribution Requirements: GNC and WEP.

ART 2101 Introduction to Art History: Renaissance to Modern 3 credits
 A survey of the history of art beginning with the Renaissance and continuing with the baroque, Rococo, nineteenth and twentieth centuries. The major focus is on the European art of these periods and its social and philosophical significance. Distribution Requirements: EUC and WEP.

ART 2102 American Art 3 credits
 A survey of American Art from the colonial period to the twentieth century. The course emphasis is on the paintings of the various periods although some sculpture and architecture are also included. Distribution Requirements: USC and WEP. Offered as needed.

ART 2111 Ancient Art 3 credits
 A study of the architecture, painting, sculpture, and minor arts of the civilizations around the Mediterranean Sea from the third through the first millennium B.C. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of ancient peoples. In this course the two main areas that will be examined are Egypt and Etruria. Distribution Requirement: WEP. Offered Terms I and II.

ART-AMS 2120 American Art: Colonial Period Through the Gilded Age 3 credits
 A survey of the social and cultural history of American art from the colonial period through the Gilded Age. Distribution Requirements: USC and WEP. Offered Terms I and II.

- ART 2125 Roman Art 3 credits**
A study of the architecture, painting, sculpture, and minor arts of Ancient Rome and the Roman Empire from the eighth century B.C. to the fifth century A.D. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Roman World. Distribution Requirement: WEP. Offered Terms I and II.
- ART-AMS 2130 American Art: 1865-1965 3 credits**
A survey of the social and cultural history of American art from 1865-1965. Distribution Requirements: USC and WEP. Offered Terms I and II.
- ART-ARC 2175 Greek Art and Archaeology 3 credits**
Greek Art and Archaeology focuses on the classical civilization of Greece through the evidence of material remains. It is a study of Greek painting, sculpture, and architecture from the Mycenaean to the Hellenistic periods. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Hellenic peoples as uncovered through archaeology. Prerequisite: ART 2100 or HIS 2501. Distribution Requirement: WEP. Offered Terms I and II.
- ART 2200 Electronic Art Studio 3 credits**
An introductory electronic studio art course utilizing image-video-audio editing software in conjunction with Internet resources to create art projects that incorporate website-blog technology and on-line publishing-marketing. Offered Terms I and II.
- ART 2210 Drawing II 3 credits**
An intermediate level studio course in further developing technical and perceptual approaches to drawing, with an emphasis on conceptual components. Students will learn to explore and experiment with both formal and conceptual elements as they relate to a traditional and representational manner of drawing, such as; composition, perspective, volume, value, etc. Working in a variety of traditional media, i.e.; graphite, charcoal, ink, etc., and stemming from the academic approaches of Drawing I, students will continue to draw such subjects as; still-life's, self-portraiture, single object descriptions, and working from one's own imagination. Prerequisite: ART 1210.
- ART 2211 Figure Drawing 3 credits**
An intermediate to advanced level studio course covering all technical and perceptual approaches to drawing the human form. It offers a student the opportunity to enhance their technical and perceptual skills working from direct observation of the nude model. Lecture material covers anatomy, movement, and gesture as a means of seeing, and other pertinent elements as they apply to the human form. A variety of traditional drawing media will be used, i.e.; charcoal, ink, graphite, etc. In addition to in-class studio production assignments will be given, such as; self-portraiture, visual transcriptions (copying master drawings), and working from one's own imagination. Prerequisite: ART 1210. Distribution Requirement: CRP.
- ART 2220 Painting II 3 credits**
An intermediate level studio course in further developing technical and perceptual approaches to painting, with an emphasis on conceptual components. Students will learn to explore and experiment with both formal and conceptual elements as they relate to a traditional and representational manner of painting, such as; color theory, composition, perspective, volume, value, etc. Working mainly in oil paints and stemming from the academic approaches of Painting I, students will continue to paint such subjects as; still-lives, self-portraiture, single object descriptions, and working from one's own imagination. Prerequisite: ART 1220.
- ART 2240 Printmaking II 3 credits**
An intermediate printmaking course which involves techniques of color printing and a variety of plate materials. Prerequisite: ART 1240.
- ART 2250 Photography II 3 credits**
An intermediate course in photography in which advanced techniques are examined and used. Works of contemporary and historical photographers are discussed. Prerequisite: ART 1250 or permission of the instructor.

ART 2280 Advanced Computer Imaging and Graphics 3 credits
 An intermediate to advanced level computer lab course further developing the basic technical and perceptual approaches to digital imaging, with a strong emphasis on conceptual components, using the Mac computer as a tool. Students will learn to work in both fine as well as commercial art contexts as they relate to a wide range of digital processes. Using updated Adobe software programs, such as; Photoshop and Illustrator (and in some cases Flash and Web Painter) students will produce prints and digital files based on a wide variety of assignments including working on self-motivated projects-from one's own imagination. Lab time is available outside of class time. Prerequisite: ART 1280.

ART 2359 Wood Sculpture for Product Design 3 credits
 An in-depth approach to a critical sculptural medium. Conceptual and technical competencies will be developed in carving, laminating lathe-turning construction, and bentwood techniques along with auxiliary skills in clay modeling, model making and tool making resulting in the creation of products. Distribution Requirement: CRP. Meets Terms I and II.

ART 2360 Sculpture II 3 credits
 In this studio course selected media and technical processes introduced in Sculpture I will be further developed. Individual concepts and the techniques needed to pursue them will be cultivated. Emphasis will be on independent planning and art production. Prerequisite: ART 1360.

ART 2362 Bronze Casting I 3 credits
 This studio course will provide a basic understanding of "cire perdu" or "lost wax" alumni and bronze casting. Included in the overall process will be mold-making, working with clay and wax, and foundry techniques (sprueing, gating, investing, kiln-firing, melting and pouring, chasing, and patina). Distribution Requirement: CRP.

ART 2363 Figure Modeling 3 credits
 This is a sculptural studio course having as its focus the human figure. Male and female models are the subjects for all work in the studio. The primary working material are clay and plaster. Emphasis will transition from short gestural poses and partial figurative studies to longer full-figure poses. As basic knowledge of the human anatomy will be developed to provide greater control of expression in the material. Distribution Requirement: CRP.

ART 2365 Furniture Design and Construction II 3 credits
 Through semi-open ended assignments, students explore and develop creative solutions to functional and aesthetic design problems in furnishings. Students identify, refine and communicate the conceptual underpinnings of their projects as expressed in the discipline of furniture design. Students will design and construct one original piece of furniture at an intermediate level or beyond. Prerequisite: ART 1362. Offered Terms I and II.

ART 2370 Ceramics II 3 credits
 An intermediate studio course with emphasis on technical and conceptual growth of the intermediate ceramics student. More advanced clay forming, glazing, and firing techniques will be stressed. Prerequisite: ART 1370. Offered as needed.

ART-AMS 2420 The American Landscape: Art, Culture and Society 3 credits
 A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development in the National Parks, the relationship between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955. Distribution Requirements: USC and WEP. Offered Terms I and II.

- ART-HIS 2651 Chinese Religion and Visual Culture 3 credits**
This course examines the interaction between religious and artistic practices and their impact on the cultural history of China. Distribution Requirements: NWC and NWP. Offered Terms I and II.
- ART 3111 Ancient Art 3 credits**
An in-depth study of the architecture, painting, sculpture, and minor arts of Egypt, Etruria, and the Aegean from the third through the first millennium B.C. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of ancient peoples of the Mediterranean. Prerequisites: ART 2100 or HIS 2100. Fulfills WRT-Course Requirement. Offered as needed.
- ART 3125 Roman Art 3 credits**
An in-depth study of the architecture, painting, sculpture, and minor arts of Ancient Rome and the Roman Empire from the eighth century B.C. to the fifth century A.D. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Roman World. Prerequisite: ART 2100 or HIS 2502. Fulfills WRT-Course Requirement.
- ART 3150 Nineteenth Century Art 3 credits**
A survey of European art of the nineteenth century beginning with the Neo-Classical and Romantic school, through the Barbizon painters and the realists, and ending with the Impressionists and Post-impressionist painters. Distribution Requirement: EUC. Offered as needed.
- ART 3151 Impressionism and Post-Impressionism 3 credits**
An in-depth study of painting from the latter half of the nineteenth century in France focusing primarily on Impressionism and Post-impressionism. The development of Impressionism and Post-impressionism is examined, as well as the impact that these two movements had on subsequent artistic periods and styles in France and in the rest of the western world. Distribution Requirement: EUC. Offered as needed.
- ART 3161 Twentieth Century American Art 3 credits**
A study of the painting, sculpture, and architecture of the twentieth century by such American artists as Pollack, Hopper, O'Keefe, Benton, and DeKooning. Distribution Requirement: USC. Offered as needed.
- ART 3163 Contemporary Art 3 credits**
An in-depth study of late Modernism and Post-Modernism (1945-present). From the end of the Second World War to the present, transitions have been increasingly more swift and directions diverse. This course will examine the relationship of these pluralized artistic directions and the social-cultural context of the artist. Distribution Requirement: GNC.
- ART-ARC 3175 Greek Art and Archaeology 3 credits**
Focuses on the classical civilizations of Greece through the evidence of material remains. In this course the archaeology (architecture and art) of the Greek civilization which emerged between 3000 BCE and 200 BC in the area of the Aegean are Minoan and Mycenaean Civilizations, Classical, and Hellenistic Civilizations. Fulfills WRT-Course Requirement. Offered Term I.
- ART 3210 Drawing III 3 credits**
An intermediate to advanced level studio course in further developing technical and perceptual approaches to drawing, with an emphasis on conceptual components. Students will learn to explore and experiment with both formal and conceptual elements as they relate to a traditional and representational manner of drawing, such as; composition, perspective, volume, value, etc. Working in a variety of traditional media, i.e.; graphite, charcoal, ink, etc., and stemming from the approaches and methods of Drawing II, students will continue to draw such subjects as; still-life's, self-portraiture, single object descriptions, and working from one's own imagination, with a strong emphasis on self-motivated projects. Prerequisite: ART 2210.

to say visually, using paint as a medium of choice. Attention is paid to a student's knowledge of drawing history and desire to explore, experiment and challenge oneself artistically. Prerequisite: ART 3220.

ART 4360 Sculpture IV 3 credits

A studio course for the advanced student and artist. In addition to further cultivation of a mastery of tools and materials, an in-depth conceptual dialogue will ensue. The philosophic, social, political, and aesthetic basis for the work will be thoroughly explored. Prerequisite: ART 3360.

ART 4362 Bronze Casting III 3 credits

This studio course will provide a basic understanding of "cire perdu" or "lost wax" alumni and bronze casting. Included in the overall process will be mold-making, working with clay and wax, and foundry techniques (gating, investing, kiln-firing, melting and pouring, chasing, and patina). Prerequisite: ART 3362. Distribution Requirement: CRP.

ART 4410 Drawing V 3 credits

An advanced studio course for students to further develop their vision and fully explore the drawing medium. The course focuses on a student's ability to challenge new ideas, apply non-traditional mediums, experiment with new techniques and to recognize the potentialities of various emotive considerations and energies. Attention is paid to the relationships between formal issues and a student's expressive goals. Subject matter includes; abstract representations, nude models, self-portraits, still-life, and nature. Prerequisite: ART 4210.

ART 4420 Painting V 3 credits

An advanced studio course for students to further develop their vision and fully explore the oil painting medium. The course focuses on a student's ability to challenge new ideas, apply non-traditional techniques, experiment with diptychs, and canvas size, and to recognize the potentialities of various emotive considerations and energies. Attention is paid to relationships between formal issues and a student's expressive goals. Subject matter includes; abstract representations, nude models, self-portraits, still-life, and nature. Prerequisite: ART 4220.

ART 4561 Advanced Sculpture Seminar 3 credits

A studio-seminar wherein the advanced art student preparing for graduate school and life as a professional artist combines concentrated studio work and intellectual exchange. The primary focus is the development of the students artistic pursuits in the studio. This is enhanced by specialized reading and discussions. Critical analysis of art work will be important. Prerequisite: ART 4360 .

ART 4590 Seminar in Art Criticism 3 credits

This course will focus on understanding works of art by means of three activities: seeing, reading, and writing. Course content will center on modern art and post-modernism in order to gain an understanding of the range of contemporary art criticism. Essays by the most influential art critics of their day will be studied, from Baudelaire and Ruskin to Greenberg and Rosenberg, Kramer, Schapiro, Sontag, Lippard, Hughes, Tomkins, Danto and others. Articles excerpted from contemporary art magazines such as "Art Forum" and "Art in America" will be read and discussed. The Process of thinking and writing about art will be emphasized. Fulfills WRT-Course Requirement.

ART 4611 Drawing VI 3 credits

An advanced studio course designed for students in their senior year to develop a personal visual language with the drawing medium. At this level, a student proposes and develops their own individual projects, defining their philosophy towards the making of art. Prerequisite: ART 4410.

ART 4621 Painting VI 3 credits

An advanced studio course designed for students in their senior year to develop a personal visual language with the drawing medium. At this level, a student proposes and develops their own individual projects, defining their philosophy towards the making of art. Prerequisite: ART 4420.

General Biology Track:

The General Biology Track, consisting of the core requirements and the sub-discipline electives below, ensures that students cover the most important areas within biology but also provides great flexibility within each area so students may tailor their biology degree towards their individual interests and goals. Completion of the general biology option will prepare students for careers in biology as well as a variety of graduate programs depending on the courses selected.

Evolution, Ecology, and Behavior Track:

The Evolution, Ecology, and Behavior Track is designed for students interested in the interactions among organisms and the environment. This track provides a strong base in a broad range of topics important for students interested in pursuing a career in such diverse areas as conservation and wildlife management, environmental studies, environmental science, and behavioral or ecological research. The evolution, ecology, and behavior track will also prepare you for doctoral or masters programs within these fields.

Adolescence Education: Biology

Adolescence Education: Biology is a group of carefully selected courses which, in addition to the pedagogical courses, will provide an excellent foundation for high school biology teachers. Students completing this program will have coursework from all areas necessary for teaching biology at the high school level: the chemistry of life, cell and molecular biology, structure and function, genetics, botany, behavior, ecology, and evolution.

Biology Course Descriptions

BIO 1010 The Biological World 4 credits
 A study of the human being as a living organism in relationship to the physical and biological world. This course is designed to enable non-science majors to have a sufficient grasp of basic biological concepts to enable them to operate intelligently in modern society. Distribution Requirement: PLS. Offered every Term II.

BIO 1020 General Biology I 3 credits
 The first of a two-term introductory biology course for the science major. Co-requisite with BIO 1020L. Distribution Requirement: PLS. Offered Term I.

BIO 1020L General Biology Laboratory I 1 credit
 Is a two-term first-year biology laboratory sequence designed for the science major. This is a project-based lab course. Topics covered in bio1020L include: Properties of diffusion and osmosis, analysis of protein and carbohydrate content in seeds, analysis of enzymatic reactions, and DNA electrophoresis and analysis. Students will learn and develop their basic laboratory skills in the context of the biological sciences. Co-requisite with BIO 1020. Distribution Requirements: PLS and QR. Offered Term I.

BIO 1022 General Biology II 3 credits
 The second of a two-term introductory biology course for the science major, examining the diversity of living things. Prerequisite: BIO 1020. Co-requisite with BIO 1022L. Distribution Requirement: PLS. Offered Term II.

- BIO 1022L** **General Biology Laboratory II** **1 credit**
Hands-on training in the methods encountered in the basic biological sciences, with an emphasis on microscopy, dissection, and observation of animal specimens. Prerequisite: BIO 1020L. Co-requisite with BIO 1022. Distribution Requirement: PLS .Offered Term II.
- BIO 1056** **Plants and Peoples** **4 credits**
This course will provide a brief overview of the fungal, protist, and bacterial kingdoms with an emphasis on how these organisms affect our lives. Plant kingdom diversity and its impact on humans will be discussed. Agriculture, textiles, medicines, lumber, spices, oils, and other plant uses will be covered. No prerequisites. Distribution Requirements: PLS and GLP. Offered Term I.
- BIO 1070** **Human Biology** **3 credits**
This course examines how the human body works, and how humans interact with their environment. Major organ systems of the human body will be examined. Fundamental biological principles as they apply to humans are explored, especially in reference to health outcomes. The course is not intended for biology majors.
- BIO 1110** **Introduction to Microbiology** **3 credits**
An overview of the characteristics of clinically relevant microbes and the host immune system. Prerequisite: CHE 1010.
- BIO 1110L** **Introduction to Microbiology Laboratory** **1 credit**
Hands-on training in the techniques and concepts encountered in the microbiology laboratory. Prerequisite: CHE 1010L.
- BIO 1210** **Anatomy and Physiology I** **4 credits**
A study of human anatomy, histology, and physiology designed for pre-clinical and physical education students. The laboratory includes dissection, study of microscope slides, human skeletons, models, and plastic embedded demonstrations. Note: Successful completion of BIO 1210 is required to register for BIO 1211. Distribution Requirement: PLS. Offered Term I.
- BIO 1211** **Anatomy and Physiology II** **4 credits**
A study of human anatomy, histology, and physiology designed for pre-clinical and physical education students. The laboratory includes dissection, study of microscope slides, human skeletons, models, and plastic embedded demonstrations. Prerequisite: BIO 1210. Distribution Requirement: PLS. Offered Term II.
- BIO 2010** **Comparative Anatomy** **3 credits**
A study of the structural similarities and differences in anatomy of vertebrate animals. Evolution, development, gross anatomy and histology are examined. Prerequisite: BIO 1022. Co-requisite: BIO 2010L. Offered Term I.
- BIO 2010L** **Comparative Anatomy Laboratory** **1 credit**
An exploration of comparative vertebrate anatomy through dissection of a representative fish, amphibian, and mammal. Co-requisite BIO 2010. Offered Term I.
- BIO 2015-4015** **Research in Biology** **1 credit**
Theoretical aspects of scientific method supplied to practical scientific problems. Observations, descriptions from scientific literature, formulation of hypotheses, and testing hypotheses in the laboratory or field. Analysis of data and oral and written presentation of results. Prerequisite: Permission of Instructor. Open to students at any level. Graded on pass-fail basis.
- BIO 2030** **Pharmacology** **3 credits**
The chemistry of the mechanisms of action of drugs. Prerequisite: BIO 1022. Offered as needed.
- BIO 2050** **General Botany** **4 credits**
Introduction to the bacterial, protist, fungal, and plant kingdoms, with an emphasis on the

BIO 4999 Internship in Biology 3 or 6 credits
 Internship focused in any subfield of biology. Prerequisite: Completed Sophomore coursework in the biology or biochemistry major. Meets Career Related Internship and graded on pass-fail basis.

| Generalist Track: | 15.0 |
| Electives: Complete 15 elective credits chosen from courses with the field codes: ACC, ECO, FIN, MGT, MIS, MKT or MAT (up to 6 credits, all of which must be above the level of MAT 1030). Also, complete at least 9 credits at the 3000 or 4000 level. | |
| or | |

Complete one of the following specializations:

Specialization in International Business:

| | |
|---|-------------|
| ECO 3200 International Trade and Finance | 3.0 |
| ECO 3140 Development Economics (WRT course) | |
| or | 3.0 |
| ECO 4000 Contemporary Issues in International Economic Policy | |
| MGT 4005 Seminar in International Business | 3.0 |
| MKT 3800 International Marketing (WRT course) | 3.0 |
| *PSC 1021 International Relations | 3.0 |
| *Total credits required for International Business Specialization: | 15.0 |
| *Change in Specialization effective October 2, 2017. | |

Language:

Students must demonstrate a proficiency in a foreign language either by completion of two foreign language courses at the 3000 level or above or by completion of an equivalency examination.

International Business (BAIB) Internships:

The completion of an internship (not to be confused with the Career-Related Field Experience) is a specific degree requirement of the BAIB Specialization. Full information on the internship program, and how it is administered, can be obtained from the International Business Internships Committee, a member of which students are encouraged to contact during their sophomore year. BAIB internships are usually undertaken at the end of the student's junior year.

The successful completion of the internship will result in the award of 6 credits and a waiver of the Career-Related Field Experience requirement.

Students not selected for internships, or who do not successfully complete them, can complete one of the other Business Administration specializations or proceed to an B.S. in Individualized Studies.

Specialization in Management:

| | | credits |
|----------|-----------------------------------|---------|
| MGT 3410 | Operations Planning and Control | 3.0 |
| MGT 3720 | Human Resource Management | 3.0 |
| MGT 4011 | Strategic Management (WRT course) | 3.0 |

Six credits choose two from:

Any MGT field code at the 2000 level or higher.

Any ECO course at the 3000 or 4000 level.

Total credits required in Management Specialization: **15.0**

Specialization in Management Accounting (Non-CPA Option):

| | | credits |

- MGT 2602 Business Statistics 3 credits**
An application-oriented course in which business students will be given the basic tools of collecting, analyzing, and interpreting data found in business situations. Students will apply statistical theory and practices and use a statistical computer package to look to the past and extrapolate to make informed business decisions. Prerequisite: MAT 2090. Offered Terms I and II.
- MGT-MAT 3200 Operations Analysis and Modeling 3 credits**
An introduction to operations research. It includes an examination of the nature of mathematical models and their role in choosing the "best" of several possible courses of action. The primary tool in this course will be linear programming, its derivatives and applications. Other topics include PERT, queuing theory, and inventory analysis. The course also includes an introduction computer software that is appropriate for solving problems with these techniques. Prerequisite: MAT 2090. Offered every Term II.
- MGT 3410 Operations Planning and Control 3 credits**
This course focuses on the business processes that contemporary managers use to plan, guide, and control the operations function in their organization. The course will cover major business planning processes such as demand forecasting, sales and operations planning, material requirements planning, and inventory management policy. business control processes including process measurement and analysis, quality management, statistical quality control, and project management methodologies are key components of this course. Prerequisite: MAT 2090, MAT 1030 or equivalent, MGT 2240. Offered every Terms I and II.
- MGT-ACC 3610 Cost Accounting I 3 credits**
A study of the theories and procedures in cost accumulation, reporting, and control, including job order and process costing systems, material, labor and overhead costing, joint and by-product costing, standard costing and variance analysis, and direct costing, the contribution margin, and operational and capital budgeting. Prerequisites: Two terms of Principles of Accounting or the permission of the instructor. Offered every Term I.
- MGT-MKT 3660 Sales Management 3 credits**
Sales management course recognizes and explores the expanded role of today's sales force and sales managers. Today's sales professional not only sell products and services, they are also involved in marketing consultation, solving customer problems, building long term relationships with clients and directing their company's marketing program. This course provides students with the information and practical tools necessary that any successful sales force manager might need accomplish these expanded roles/responsibilities. In particular, this course develops the student's planning, management, and decision-making abilities and encourages viewing today's Sales Management problems as opportunities and challenges that necessitate the utilization of creative solutions. In addition, the course reviews how sales managers handle and practically utilize the e-commerce environment and most importantly how to successfully manage and motivate your sales team. Prerequisite: MKT 2250. Offered Terms I and II.

- MGT 3710** **Organizational Behavior** **3 credits**
Deals with human behavior in organizations and with practices and systems within organizations that have the potential to facilitate effective behavior. Instructional topics include motivation, group dynamics, leadership, power, organizational culture and organizational design and development. The course will introduce students to research that encompasses recent and “classic” articles in the discipline of organizational behavior. Prerequisites: MGT 2240 and PSY 1010 is strongly recommended. Offered Terms I and II.
- MGT 3720** **Human Resource Management** **3 credits**
This course is designed to serve as an overview of human resource management and employment relations in organizations. Course topics include the following human resource management decisions: planning, selection, compensation and benefits, performance management, training and development as well as strategic HR. The course will also examine the ethical, legal, and social considerations of human resource management. Prerequisite: MGT 2240. Offered every Term I and II.
- MGT 4005** **Seminar in International Business** **3 credits**
This capstone course is a vehicle for consolidating the many facets and relationships of basic business administration, and studies in the international field, to which students have been exposed during their build-up towards achieving a Specialization in International business. Prerequisite: Junior or Senior Status. Distribution Requirement: GLP. Offered alternate Term II.
- MGT 4011** **Strategic Management** **3 credits**
Students learn to analyze data, prioritize goals, persuade others, and make tough business decisions through the experiences and circumstances presented in case studies. Students are required to draw upon and integrate prior course work in business administration in combination with analytical thinking and creativity to make sound business judgments. Prerequisite: This course should be taken after all other concentration requirements have been satisfied. Fulfills WRT-Course Requirement. Offered every Terms I and II.
- MGT 4020** **Managerial Leadership and Supervision** **3 credits**
Human objectives, performance and frequently conflicting needs of employees, supervision and management within organizations are examined. Workshop techniques permit exploration of personal attitudes toward salary, motivation, life goals decision making and similar qualitative aspects of leadership. Fundamentals of effective managerial performance are studied. Role playing. Offered as needed.

Business Administration—Management Information Systems Course Descriptions

- MIS 3010** **Introduction to Management Information Systems** **3 credits**
This course provides an introduction to computer-based information systems used by management. Surveys the hardware, software, and systems used to solve business-related problems, take advantage of opportunities, and make effective decisions. Prerequisites: MGT 2240, MKT 2250, and ACC 2010. Offered every Terms I and II.

Business Administration—Marketing Course Descriptions

- MKT 2250** **Principles of Marketing** **3 credits**
An introductory course that covers the concepts and practices used by marketers to create need satisfying value in the form of goods and services by determining consumer needs through marketing research, setting product/service attributes and features, determining price, establishing

an effective communications program, and setting up distribution systems. Students will focus on setting strategies and tactics using the functions associated with the marketing mix (product, price, promotion, and place). Offered every Terms I and II.

MKT 3010 Service Marketing 3 credits

A study of challenges and opportunities facing managers as they market and produce services and develop strategies and tactics to attract new customers, satisfy and retain current purchasers, and create sustainable competitive advantages. Prerequisite: MKT 2250. Offered Term II.

MKT 3250 Consumer Behavior 3 credits

Study of the economic, social, psychological, cultural variables influencing consumer behavior. External and environmental factors are explored as to their influences on "Why people buy what they do," and their importance to the marketing function. Prerequisite: MKT 2250. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Offered every Terms I and II.

MKT 3260 Strategic Retailing Management 3 credits

A study of the retailing segment of marketing with emphasis on concepts and structures. The objective of the course is to familiarize students with the major decisions retailers make, e.g. developing strategies, buying, merchandising, financing, location/place strategies, and the interior-exterior arrangement. Prerequisite: MKT 2250. Offered every Term I.

MKT 3270 Business-to-Business Marketing 3 credits

To acquaint students with the concepts of industrial marketing with emphasis on the wholesaling function. To gain insight into the business-to-business market through an examination of such functions as distribution, purchasing, traffic and other marketing functions. Prerequisite: MKT 2250. Offered every Terms I and II.

MKT-MGT 3660 Sales Management 3 credits

Prerequisite: MKT 2250. Offered Terms I and II.

MKT 3800 International Marketing 3 credits

With the emergence of a competitive global economy and the trend towards information-based economies, businesses around the world are faced with the complex issues of identifying and satisfying global customer needs for success in international marketing. This course is designed to provide students with a fundamental understanding of marketing in a multicultural, multinational environment. Prerequisites: MKT 2250, ECO 2010, and ECO 2020. Fulfills WRT-Course Requirement. Distribution Requirement: GLP. Offered Terms I and II.

MKT 3810 Market Research 3 credits

A study of the role of marketing information as the basis for decision making. Topics include cost and value of information under conditions of uncertainty, research design, methods of data gathering, design of instruments, analysis of data, inference, simulation, and forecasting. Prerequisites: MKT 2250 and one course in Statistics. Offered every Term I.

MKT 4000 Marketing Planning 3 credits

The Marketing Planning capstone course is the continuation of the study of the principles of marketing and further application of these principles. Emphasis is placed on problem solving

by use of case method and also the preparation of the marketing plan. It utilizes a strategic perspective to examine the nature and scope of market analysis outcomes, which are an integral part of the overall marketing mix. Prerequisite: MKT 3250 and MKT 3810. Offered Term II.

Chemistry Course Descriptions

CHE 1008 Intro Chemistry Problem Solving 1 credit
Will cover certain aspects of inorganic chemistry, organic chemistry and biochemistry. Topics included are gas laws, acids, bases, organic chemistry, reactions, and biochemistry. Graded on pass-fail basis. Co-requisite with CHE 1010. Offered Terms I and II.

CHE 1010 Introductory Chemistry 4 credits
A lecture-laboratory course which emphasizes the application of chemical principles to living organisms. Aspects of inorganic chemistry, organic chemistry and biochemistry are covered. Distribution Requirements: PLS and QR. Note: Not all students will need to take CHE 1008 in order to take CHE 1010. Offered annually.

CHE 1505 General Chemistry I 3 credits
CHE 1505 and 1515 is a two-term first-year chemistry lecture sequence designed for the science major. Topics covered include atoms and elements, stoichiometry, reactions in aqueous solution, enthalpy, atomic structure, electronic configuration, bonding and gases. Co-requisite: CHE 1505L. Distribution Requirement: PLS and QR. Offered Term I.

CHE 1505L General Chemistry Laboratory I 1 credit
CHE 1505L and 1515L is a two-term first-year chemistry laboratory sequence designed for the science major. Topics covered include atoms and elements, stoichiometry, reactions in aqueous solution, enthalpy, atomic structure, electronic configuration, bonding and gases. Students will learn and develop their basic laboratory skills in the context of the chemical sciences. Co-requisite: CHE 1505. Distribution Requirement: PLS. Offered Term I.

CHE 1508 Problem Solving in Chemistry I 1 credit
Designed to give students enhanced practice and direction in the solution of complex chemical problems on topics encountered in an introductory chemistry course. These topics include atomic theory, molecules, compounds, the mole, stoichiometry, thermochemistry, gases, liquids, and solids. This course is not a requirement, but will serve as an elective for Chemistry and biology majors. Graded on pass-fail basis. Co-requisite, for some students, with CHE 1505. Offered Term I.

- CHE 1509** **Problem Solving in Chemistry II** **1 credit**
 Designed to give students enhanced practice and direction in the solution of complex chemical problems on topics encountered in an introductory chemistry course. These topics include solution chemistry, kinetics, chemical equilibria, acid-base chemistry, solubility, spontaneity, and electrochemistry. This course is not a requirement, but will serve as an elective for Chemistry and biology majors. Graded on a pass-fail basis. Co-requisite, for some students, with CHE 1515. Offered Term II.
- CHE 1515** **General Chemistry II** **3 credits**
 CHE 1505 and 1515 is a two-term first-year chemistry lecture sequence designed for the science major. Topics covered include thermodynamics, properties of liquids, solids and solutions, reaction kinetics, equilibria, acids, bases and electrochemistry. Prerequisite: CHE 1505. Co-requisite: CHE 1515L. Offered Term II.
- CHE 1515L** **General Chemistry Laboratory II** **1 credit**
 CHE 1505L and 1515L is a two-term first-year chemistry laboratory sequence designed for the science major. Topics covered include thermodynamics, properties of liquids, solids and solutions, reaction kinetics, equilibria, acids, bases and electrochemistry. Students will learn and develop their basic laboratory skills in the context of the chemical sciences. Prerequisite: CHE 1505L. Co-requisite: CHE 1515. Offered Term II.
- CHE 2010** **Organic Chemistry I** **3 credits**
 An introduction to the study of the compounds of carbon with special emphasis on mechanisms and structure-property relationships. Chemistry of the hydrocarbons is studied in greater depth. Prerequisites: CHE 1515. Co-requisite: CHE 2010L. CHE 2011 is not a requirement, for all students, in order to take CHE 2010. Distribution Requirement: QR. Offered Term I.
- CHE 2010L** **Organic Chemistry I Laboratory** **1 credit**
 An introduction to the reactions and safety involved in an organic chemistry lab. basic organic chemistry techniques and analytical tools will be explored. Prerequisites: CHE 1515L. Co-requisite: CHE 2010. CHE 2011 is not a requirement, for all students, in order to take CHE 2010L. Offered Term I.
- CHE 2011** **Problem Solving in Organic Chemistry I** **1 credit**
 Designed to give students enhanced practice and direction in the solution of determining reaction sequences and designing syntheses. These topics include acid/base chemistry, radical reactions, nomenclature, substitution, elimination and alcohol reactions. Qualitative analysis (NMR and Mass spectra) will be analyzed. Prerequisites: CHE 1515. Co-requisite: CHE 2010. CHE 2011 is not a requirement, for all students, in order to take CHE 2010 or CHE 2010L. Offered Term I.
- CHE 2020** **Organic Chemistry II** **3 credits**
 Emphasis on oxygen and nitrogen containing compounds, particularly acids and their derivatives, aldehydes and ketones, alcohols, and amines. Prerequisites: CHE 2010 and CHE 2010L. Co-requisite: CHE 2020L. CHE 2021 is not a requirement, for all students, in order to take CHE 2020. Offered Term II.
- CHE 2020L** **Organic Chemistry II Laboratory** **1 credit**
 An exploration of the reactions and safety involved in an organic chemistry lab. Advanced organic chemistry techniques and analytical tools will be used. Prerequisites: CHE 2010 and CHE 2010L. Co-requisite: CHE 2020. CHE 2021 is not a requirement, for all students, in order to take CHE 2020L. Offered Term II.
- CHE 2021** **Problem Solving in Organic Chemistry II** **1 credit**
 Designed to give students enhanced practice and direction in the solution of determining reaction sequences and designing syntheses. These topics include alkene, alkyne, aromatic (benzene),

carbonyl and amine chemistry. Prerequisite: CHE 2010. Co-requisite: CHE 2020. CHE 2021 is not a requirement, for all students, in order to take CHE 2020 or CHE 2020L. Offered Term II.

CHE 2150 Environmental Chemistry 3 credits
The effects of stress on the chemical cycles operating in the environment. Methods of measuring air and water pollution levels will be studied. Laboratory will involve the development, execution, and evaluation of a plan for a water-quality study. Prerequisites: CHE 1515.

CHE 3010 Physical Chemistry I 4 credits
The first of two courses that offers a comprehensive study of the physical principles describing chemical systems, reactions, equilibrium, and structures. This course covers the laws of thermodynamics, chemical potential, chemical equilibrium, and electrochemical cells. Laboratory experiments related to these topics provide an introduction to physical chemical methods. Appropriate maintenance of records of data, analysis of data, determination of errors, and preparation of reports are required. Prerequisites: CHE 1515 and PHY 2210. Offered as needed.

CHE 3020 Physical Chemistry II 4 credits
The second of two courses that offers a comprehensive study of the physical principles describing chemical systems, reactions, equilibrium, and structures. This course covers kinetics, atomic and molecular structure, spectroscopy, and chemical dynamics. The laboratory experiments continue along lines similar to the first course, but incorporate computer analysis of data and use of micro-processor controlled instrumentation. Prerequisite: CHE 3010. Offered as needed.

CHE 3030 Advanced Inorganic Chemistry 3 credits
Study of the periodic table, molecular and crystal structures, coordination compounds, and the specific reactions of many elements. Prerequisite: Two years of College Chemistry. Physical Chemistry is strongly recommended. Offered as needed.

CHE 3040 Advanced Organic Chemistry 3 credits
A study of organic reaction mechanisms, the basic principles underlying organic reactions, and the most useful approaches to mechanistic studies. Types of mechanisms studied include: addition, elimination, nucleophilic and electrophilic substitution. Reactive intermediates such as carbanions, carbonations, and free radicals will be studied. Prerequisite: CHE 2020. Offered as needed.

CHE-BIO 3042 Biochemistry I 3 credits
A study of the chemical and physical properties of biomolecules occurring in living organisms including proteins, carbohydrate, lipids and nucleic acids. Enzyme kinetics particularly emphasized. Experiences in the laboratory involve the application of techniques used in biochemical investigations. Prerequisites: CHE 2010 and CHE 2020. Offered Term I.

CHE-BIO 3042L Biochemistry I Lab 1 credit
A laboratory course to introduce biochemical laboratory techniques, particularly working with and separating proteins. Will also focus on scientific writing and editing. Prerequisites: BIO 1020 and CHE 2020. Lab fulfills WRT-Course Requirement. Offered Term I.

CHE 3055 Pharmacology 3 credits
A review of the chemistry of the effects of drugs and other chemicals on a variety of human body systems. Offered as needed.

CHE-BIO 3062 Biochemistry II 3 credits
The thermodynamic principles applicable to metabolic reactions as they occur in the cell are emphasized. Major pathways considered include glycolysis, the Krebs cycle, oxidative phosphorylation, and electron transport; protein and nucleic acid synthesis are also considered. Prerequisites: BIO-CHE 3042 and BIO-CHE 3042L. Co-requisite: CHE 3062L. Offered Term II.

- CHE-BIO 3062L Biochemistry Laboratory II 1 credit**
 A laboratory course to practice biochemical laboratory techniques, particularly working with and modifying DNA and proteins. Scientific writing is used to present results. Co-requisite: BIO-CHE 3062. Offered Term II.
- CHE 3140 Analytical Chemistry 3 credits**
 This course will cover basic theories and methods of volumetric and gravimetric analysis, spectroscopy, chromatography and electrochemistry. Quantitative methods for analysis will be employed through a variety of traditional techniques in addition to the use of modern scientific equipment. Prerequisite: CHE 1515. Fulfills WRT-Course Requirement. Offered Term II.
- CHE 3140L Analytical Chemistry Lab 1 credit**
 This course will cover basic theories and methods of volumetric and gravimetric analysis, spectroscopy, chromatography and electrochemistry. Quantitative methods for analysis will be employed through a variety of traditional techniques in addition to the use of modern scientific equipment. Prerequisite: CHE 1515. Fulfills WRT-Course Requirement. Offered Term II.
- CHE-BIO 3300 Medicinal Chemistry 3 credits**
 The course will focus on the fundamentals of the drug discovery process. The synthesis and effectiveness of the drugs will be evaluated. Drugs affecting neurotransmission, the central nervous, cardiovascular and immune systems will be examined. Qualitative structure activity relationships (QSAR) and organic synthetic methodology will be discussed. Prerequisites: BIO 1022 and CHE 2020. Fulfills Mathematics and Natural Science Pillar. Offered as needed.
- CHE 4005 Research in Chemistry 1 credit**
 This course is designed to familiarize students with the practical aspects of the Scientific Method. Students will be asked to summarize recent observations from the scientific literature in a field of Chemistry, formulate hypothesis based on these observations and test these hypothesis in the laboratory, using sound laboratory practices. Analysis of data and elaboration of conclusions based on this data will be stressed. Students will be asked to present data and conclusions in a seminar. Graded on a pass-fail basis. Offered annually.
- CHE-BIO 4020 Principles and Clinical Applications of Immunology 3 credits**
 Recommended to students pursuing careers in health related sciences. This course is designed to acquaint the student with concepts involved in the immune response, including antigen-antibody interaction, antibody synthesis human leukocyte antigens and tumor immunology. Prerequisites: One term of chemistry including organic and biochemistry. Offered as needed.
- CHE 4200 Physical Biochemistry 3 credits**
 Students will learn how thermodynamics, kinetics and quantum mechanics can be used to explain biological phenomena in a variety of systems. Additionally, physical chemistry fundamentals will be used to interpret and evaluate the results of modern biochemical analyses. Prerequisite: BIO-CHE 3042. Fulfills Mathematics and Natural Science Pillar. Offered as needed.
- CHE 4590 Seminar: Chemistry 1.5 credits**
 Chemical abstracts and journals are used by the student to prepare written and oral reports on topics in chemistry of current interest and importance. Emphasis is on the interpretation of data from the current literature and on developing skill in oral presentation. Prerequisite: Senior standing in Chemistry or biology Chemistry. Fulfills WRT-Course Requirement, course must be taken for a total of 3 credits for this requirement. Offered annually.
- CHE 4999 Internship in Chemistry 3 or 6 credits**
 Internship focused in any subfield of Chemistry. Prerequisite: Completed sophomore coursework in the Chemistry or biochemistry major. Meets Career Related Internship and graded on pass-fail basis.

Clinical Laboratory Science (Bachelor of Science)

The Clinical Laboratory Science Program (CLS) provides students with a broad academic experience from education in the liberal arts to hands-on clinical laboratory experience. Thus, students are prepared for a wide range of career opportunities. Clinical Lab Scientists carry out diagnostic procedures in clinical and industrial laboratories, and they are the indispensable, top-level laboratory personnel, that is, supervisors, specialists, and teachers. Many CLS graduates become active in medical research, and opportunities in independent laboratories and biotechnology industries are increasing. The Clinical Laboratory Science Program can also prepare students for graduate work leading to advanced degrees.

Students interested in obtaining certification as medical technologists from the board of Registry of Medical Technologists or the National Certification Agency for Medical Laboratory Personnel will complete a 3+1 year program [three years of academic work at EC + one year competitive admission clinical internship] leading to the bachelor of Science degree.

Elmira College's 3+1 program includes a three-year concentration in Clinical Laboratory Science at the College, followed by twelve months of hospital training in preparation for certification. Students electing this program receive a bachelor of Science degree from Elmira College at the end of the four years of combined college and hospital instructional programs. Students are strongly encouraged to meet with the CLS Program Advisor, Dr. bezotte, on a yearly basis.

Financial arrangements for the combined college-hospital program include two options. Students are advised to select the option which is commensurate with their financial circumstances. Students must apply for acceptance to one of our clinical affiliations after completion of three years at E.C. Upon acceptance they may choose to withdraw from the college and pay their fourth year of tuition to the clinical program. An optional arrangement is for students to register for and pay the fourth year tuition to Elmira. Students selecting this option will register for the 32 credit clinical internship. The College will, in turn, pay the Program tuition. A program registration fee and room and board are the responsibility of the student. The College's Dean of Financial Aid will be able to assist students in determining which option is most beneficial. Elmira College has affiliation agreements with the Clinical Laboratory Sciences Program at Robert Packer Hospital, Sayre, Pennsylvania, directed by Mr. Brian Spezialetti, M.S.; The WCA Hospital Medical Laboratory Science Program, Jamestown, New York, Ms. Michelle Harms, Program Director; and New York Methodist Hospital, Center for Allied Health Education, New York, New York, Mr. Mitchell Zaretsky, Director of Development and Planning.

Required Clinical Professional Internship at one of Elmira College's approved Clinical Affiliations 32 credit hours.

Total credits required to complete major at Elmira College: 55.0-56.0

In addition, students considering other professional programs or graduate school are encouraged to take calculus, physics, and other possible electives that suit their future needs. See the program advisor for details.

For students in the Clinical Laboratory Sciences Major, the senior year hospital clinical training program is required.

The completion of the clinical training program (not to be confused with the Career Related Experience) is a specific degree requirement of the Clinical Laboratory Sciences Profession. Admission to the Clinical Affiliate Professional Programs is competitive by application. Full information on the clinical training program and its administration can be obtained by contacting the program advisor, Dr. Christine bezotte, (607) 735-1852.

Students choosing the CLS 3 + 1 major option [3 years at EC + 1 year clinical training] who successfully complete the Clinical Training Program will receive a waiver for the Career Related Experience general degree requirement.

Communications Course Description

COM 1008 Octagon 1 credit
 This course is reserved for staff of The EC Octagon. If you are interested in becoming a regular contributor to the student newspaper, please contact the faculty advisor or current Editor-in-

Chief. by registering, Octagon staff commit to attending weekly staff meetings, meeting deadlines established in consultation with editors, actively cultivating high journalistic standards, and contributing to the paper as both reporters and copy-editors. No Prerequisites. Will be graded on S-D-F basis. Offered Terms I, II, and III.

Communication Sciences and Disorders

The Elmira College undergraduate program in Communication Sciences and Disorders provides students with two routes to the B.S. degree. The non-teaching major, Speech and Hearing, prepares students for entry into graduate programs in Speech-Language Pathology or Audiology. The Speech and Language Disabilities major leads to the New York State initial teaching certificate in Speech and Language Disabilities. both options provide students with a sound basis for continued study and ultimately for certification by the American Speech-Language-Hearing Association.

During Term I of the junior year, students interested in completing the Speech and Language Disabilities major will submit an application to student teach. Approval for

enrollment in student teaching (CSD 4515) will provide the student with the opportunity to complete the Speech and Language Disabilities major. In the event that approval is denied, the student may continue in the Speech and Hearing major, but may not complete the Speech and Language Disabilities major.

Teacher Certification:

The initial teaching certificate in Speech and Language Disabilities is granted by the State of New York to students who have successfully completed the Speech and Language Disabilities major and who receive institutional recommendation for that certificate. Additional requirements for certification include:

1. Qualifying scores on New York State Examinations for Initial Certification
2. Successful completion of study of a foreign language* (6 college credits or equivalent)
3. Completion of a certification application.
4. Successful fingerprint-supported criminal history background check

Note: This program provides students with information about Common Core State Standards and the relevance of these to school-based programs.

*ASL is considered a foreign language for this certification.

Communication Sciences and Disorders Course Descriptions

CSD 1910 Augmentative and Alternative Communication 3 credits
An introduction and overview of augmentative and alternative communication (e.g., sign language, gestures, communication boards, speech generating devices), covering terminology, application, assessment and intervention. Prerequisite: None. Offered Term III.

CSD 2100 Introduction to Communicative Disorders 3 credits
A survey of speech-language pathology and audiology for both majors and non-majors. The communicative process, both normal and disordered, is covered with emphasis on classification characteristics and etiology of disorders. Prerequisite: None. Offered Term I.

CSD 2150 Anatomy and Physiology for Speech and Language 3 credits
A study of the anatomy and physiology of the systems of communication. Included are the structures and processes involved in respiration, phonation, articulation, resonance, and an overview of the central and peripheral nervous system. Prerequisite: None. Offered Term II.

ethical theories and principles the student will apply ethical decision making models to address dilemmas within practice, health care systems, and global communities. Distribution Requirements: GNC and WEP. Offered in Term I and II.

HLS-EDU-NSG 2400 Introduction to Research

3 credits

This course provides students from a variety of majors with the ability to evaluate published research within their discipline. It also allows students the opportunity to work with students from multiple majors promoting interdisciplinary collaboration. It covers the information necessary for critically examining research and integrating various sources of evidence from research results. Prerequisite: Math Competency. Distribution Requirements: QR and LAS. Offered in Terms I and II.

HLS 3030 Nutrition Across the Lifespan

3 credits

Provides students with the ability to explain the relationship of nutritional decisions to current and future health outcomes. Changing nutritional needs and problems across the lifespan will be examined. Specific health conditions that are affected by nutrition are discussed. Prerequisites: BIO 1070 or BIO 1210 and BIO 1211. Distribution Requirement: PEW. Offered Term I.

Economics Course Descriptions

ECO 2010 Principles of Microeconomics 3 credits

This course introduces the economic way of thinking. This encompasses the basic principles of microeconomic theory including opportunity cost, scarcity and marginal analysis. These and other principles will be used to understand the theories of supply and demand, utility, the consumer, the producer, the invisible hand, perfect and imperfect competition, externalities and market failure. In order to enhance an understanding of the theory it will concurrently be applied to every day issues and situations. The course has the dual role of preparing economics majors for more advanced courses and enabling non-majors to analyze rationally economic problems that are usually discussed at an emotional level. Prerequisites: College Algebra or fulfillment of math competency requirement. Distribution Requirements: CSI and QR. Offered every Term I.

ECO 2020 Principles of Macroeconomics 3 credits

This course studies the economy from a macroeconomic perspective. Starting with a basic understanding of GDP, standards of living and inflation, the determination of economic growth in the long-run is examined followed by an in-depth analysis of short-run fluctuations of output and the price level. The latter includes a detailed understanding of the Federal Reserve System and its role in formulating monetary policy. In addition the government's role in setting fiscal policy is discussed and the effects of both types of policy on the economy are examined. Prerequisites: College Algebra or fulfillment of math competency requirement. Distribution Requirements: CSI and QR. Offered every Term II.

ECO-FIN 3030 Money and Financial Institutions 3 credits

This course is designed to enable students to have an understanding of financial institutions, money markets, and monetary policy in the United States. A detailed treatment of monetary theory and policy and such technical topics as the term structure of interest rates will be included. Prerequisites: ECO 2010 and ECO 2020. Offered every Terms I and II.

ECO 3040 Intermediate Microeconomics (Price Theory) 3 credits

An extension and refinement of ECO 2010, Principles of Microeconomics and is primarily theoretical in its approach, although applications to the "real world" are an integral part of the course. A review of supply and demand concepts will be followed by a rigorous presentation of the theory of consumer behavior, including cardinal and ordinary utility functions, indifference curves, Engel curves, elasticity of demand and Giffen Goods. This will be followed by a discussion of the theory of the firm including perfect competition, monopoly, oligopoly, and imperfect competition. Finally, factor markets will be explored. Prerequisites: ECO 2010 and ECO 2020. Offered Term II.

ECO 3041 Intermediate Macroeconomics 3 credits

This course is designed to provide a comprehensive understanding of advanced macroeconomic theories and concepts. After examining national income accounting measures the behavior of the economy is studied in the long run, followed by the determination of output in the short run. Particular attention will be paid to the IS-LM model of aggregate demand but more contemporary models of aggregate supply will also be examined. Ends with debates about government policy, debt and deficits and finally recent developments in the theory of macroeconomic fluctuations. Prerequisites: ECO 2010 and ECO 2020. Offered Term I.

ECO 3050 Social Economics 3 credits

This course covers the allocative and distributional functions of government. Topics to be covered will include the theory of the public good, merit wants, tax policies, cost-benefit analysis, the elementary theory of collective choice, government budget determination, and some of the philosophical aspects of redistribution of income. Prerequisites: ECO 2010 and 2020. Offered alternate years.

- ECO 3060** **Urban Economics** **3 credits**
 This course is primarily designed to introduce the student to urban economics and a unique discipline in economics. As a consequence, about 60% of the classes will be devoted to a study of the major theories of urban economists. Such topics as export base and central place theory will be discussed during this period. The remaining 40% of the class time will be spent on an examination of major urban problems, including housing, poverty and crime. Prerequisites: ECO 2010 and ECO 2020. Offered as needed.
- ECO 3070** **Econometrics** **3 credits**
 Econometrics deals with the application of statistical methods to economics. In this course we will further develop the tools of statistics to estimate economic relationships, test claims of economic theory, and forecast the behavior of economic variables. We will introduce the techniques of econometrics and deal with the problems and solutions to common problems in economic data. A major focus of the class will be a research paper where each student will collect data to test his or her own hypothesis. Students who successfully complete this course will have strong skills in handling data and gain a significant exposure to empirical research in the field. Prerequisites: ECO 2010, ECO 2020, and MAT 2090 with a grade of C- or higher. Fulfills WRT-Course Requirement. Offered Term II, alternate years.
- ECO 3090** **Health Care Economics and Policy** **3 credits**
 Provides an economic framework for thinking about public policies on health care. Examines demand and supply for health care services. Considers moral hazard and adverse selection as they impact health markets. Studies government policies, including private insurance programs and public transfer programs such as Medicare, Medicaid, the Affordable Care Act, and health care savings accounts. Policy debates include tradeoffs between the public funding of healthcare services and the private provisioning of health care. Prerequisite: ECO 2010. Offered Term I and II.
- ECO 3080** **Sports Economics** **3 credits**
 Apply economic theory to study markets of professional and intercollegiate athletics. Demand for, cost of, sports both individual and team. Analyze sports labor markets and labor relations. Consider public finance of sports facilities. Oligopoly and monopoly theory of sports institutions. Prerequisites: ECO 2010 and ECO 2020. Offered Term II.
- ECO 3140** **Development Economics** **3 credits**
 This course is designed to provide an understanding of the concepts of economic development and the obstacles faced by countries undergoing the process of development. This includes evaluating different indicators of development and studying classical and contemporary theories and models of economic development. After gaining this basic knowledge the following important issues are examined and addressed: economic growth and inequality; population growth and its consequences; unemployment and migration; agricultural development; environmental concerns; education; and international macroeconomic issues. Each question is discussed critically in the context of case studies and articles. Prerequisites: ECO 2010 and ECO 2020. Fulfills WRT-Course Requirement. Distribution Requirement: GLP. Offered Term II alternate years.
- ECO 3151** **Labor Economics** **3 credits**
 Labor Economics is the study of the economics of the markets for workers. This includes topics in educational attainment, firm's hiring practices and the influence of public policy. In this course we will introduce and use the methodology commonly used in the field to address the issues and debates that arise in labor markets. Prerequisites: ECO 2010 and ECO 2020. Offered as needed.
- ECO 3200** **International Trade and Finance** **3 credits**
 A survey of international trade from both economic and political viewpoints. Topics to be discussed will include the Ricardian Trade Model, the Ohlin Trade Model, tariffs and quotas, the international monetary system, multinational corporations, East-West and North-South trade, and the effects on the domestic economy of international trade. Prerequisites: ECO 2010 and 2020. Distribution Requirement: GLP. Offered Term II, alternate years.

ECO 3210 Environmental Economics 3 credits
 A study of environmental problems and approaches to them. Alternatives such as user charges, tax subsidy schemes and regulation will be examined. Cost-benefit analysis, the theory of the public good and externalities, and the problems in shadow pricing will be explored. Prerequisites: ECO 2010 and 2020. Offered as needed.

ECO 3300 Industrial Organization 3 credits
 Is the study of the strategic interaction of firms. Examples of such interaction include strategic pricing behavior, collusion (both explicit and implicit), entry deterrence, and product differentiation. In this course we will introduce and use game theory as the primary method to evaluating this strategic interaction and cover many issues and topics of the field. Prerequisite: ECO 2010. Offered Term I.

ECO-MAT 3350 Game Theory 3 credits
 Game Theory is the tool used to study the strategic interaction between players in a game. Used first in military strategy during World War II, it currently dominates economic theory and is beginning to be used in other fields such as Political Science, biology, Law and Anthropology. This course is designed to be a thorough introduction to Game Theory. Emphasis will be put on applications in Economics, Political Science and biology. Prerequisites: ECO 2010 and ECO 2020, or permission of the instructor. Offered Term II alternate years.

ECO 4000 Contemporary Issues in International Economic Policy 3 credits
 Studies current topics relevant to international economic policy. Emphasis placed on issues concerning international trade, regional trading blocs, international macroeconomic and monetary policy and international financial institutions. Prerequisite: ECO 3200. Offered as needed.

ECO-PAF 4591 Public Affairs Advanced Seminar 3 credits
 Advanced-level course in policy analysis. Topic areas will vary (e.g. defense policy, health care, taxation, and redistribution of income, national autonomy and international debt, justice, the public interest, rationality and irrationality in decision making). Pre-supposes coursework in economics, politics, and philosophy. Prerequisites: ECO 2010 and ECO 2020. Offered as needed.

Education (Bachelor of Arts or Bachelor of Science) Certification in Education

Elmira College offers the following undergraduate teacher education certificate programs:

- Childhood Special Education (Students With Disabilities Grades One Through Six)
- Childhood Education (Grades One Through Six)
- Adolescence Education (Grades Seven Through Twelve)
- Visual Arts (Art Education) (All Grades)

To be eligible for institutional recommendation to the New York State Department of Education for initial teacher certification under any one of the aforementioned titles, students must successfully complete all degree requirements for the specific certification title being sought. These include the Teacher Education requirements (Pedagogical Core), the approved Major or Concentration requirements (Content Core), and the college-wide General Degree Requirements (Liberal Arts and Sciences Core). Each program combines an excellent liberal arts foundation with innovative, evidence-based instructional and assessment practices to prepare beginning teachers for the challenges of educating all children in today's society. Furthermore, all programs leading to New York State certification prepare students to teach to the appropriate State and National Learning and Common Core Standards. Whenever possible, students are placed in schools where they have the opportunity to work with diverse populations across a variety of developmental levels.

because the requirements for each certificate title are complex and leave little room for error, students must assume an active participatory role in their academic advising. According to the subsection on Student Responsibility under Academic Services and Regulations in The Elmira College *Bulletin*, students must fully understand and adhere to the following policy:

“Although the academic advisor as well as other members of the faculty and administration are available to help the student plan a program and work toward the completion of a degree, **ultimate responsibility for knowing and complying with these regulations and for meeting all requirements rests with the student.**”

Additional Requirements for Certification:

To better ensure that all students fulfill their responsibilities, they must contact Elmira College's Teacher Education Department for:

1. Current information regarding their specific teacher education program;
2. Language-Other-Than-English (LOTE) requirements (6 college credits) or equivalent;
3. Information for taking the mandatory New York State Teacher Certification Examinations. All students seeking Adolescence Education on Grades Seven Through Twelve initial certification, will be required to take three separate examinations: the *Educating All Students Test (EAS)*, the *Education Teacher Performance Assessment (edTPA)*, and the *Content Specialty Test (CST)*. It should be noted that all students will take the edTPA during their Student Teaching II experience in their senior (fourth) year;
4. Forms, the Teacher Education Program Application, the Student Teaching I Application and the Student Teaching II Application, requirements, procedures, policy statements, application deadlines, and so forth; and
5. Other requirements, such as required GPA for acceptance into the Teacher Education Program and Student Teaching (an overall GPA of 3.000 is required) or changes in the New York State Teacher Certification requirements. No waivers or exceptions are granted.

In addition to completing the Adolescence Education requirements, as previously indicated, students must also complete their general distribution requirements and an academic major approved for certification as listed:

| Certificate Title | Required Major |
|------------------------------|--|
| | (for required coursework in approved majors, see the specific major listed in this bulletin) |
| biology 7 - 12 | biology |
| Chemistry 7 - 12 | Chemistry |
| English Language Arts 7 - 12 | English Literature |
| Mathematics 7 - 12 | Mathematics |
| Social Studies 7 - 12 | Social Studies |
| Spanish 7 - 12 | Foreign Languages |

**Optional Extension for the Adolescence Education Certificate:
Extension to Teach a Subject in Grades Five and Six**

credits

Required Courses:

| | | |
|----------|--|-----|
| EDU 3336 | Curriculum Design and Instruction: Middle Childhood Education | 3.0 |
| EDU 3356 | Methodologies of Teaching: Middle Childhood Education | 3.0 |

The Extension (grades five and six) prepares students in Adolescence Education who complete an approved Major that includes thirty hours of study in a subject to teach that subject in grades five and six.

Note: Adolescence Education students pursuing an Extension will need to pass the Educating All Students Test (EAS), the Education Teacher Performance Assessment (edTPA), and the Content Specialty Test (CST) in their content core.

This Extension requires one of the following majors:

| Certificate Extension | Required Major |
|----------------------------------|---|
| | (for required coursework in approved majors, see the specific major listed in this bulletin) |
| biology 5 - 6 Ext. | biology |
| Chemistry 5 - 6 Ext. | Chemistry |
| English Language Arts 5 - 6 Ext. | English Literature |
| Mathematics 5 - 6 Ext. | Mathematics |

- EDU 1010 Foundations of Education 3 credits**
 This course provides the philosophical and historical context for the rights and responsibilities of and influences on teachers, other professional staff, students, parents, community members and school administrators. Work in this course focuses on the interrelationship of these roles and the way they enhance student growth and development through the learning process. Models of instruction, curriculum designs, New York State Learning and Common Core Standards, and assessment devices will be analyzed. A variety of educational topics will be explored in order to assist students to think about the future of education in a diverse, multicultural, and global community. Distribution Requirements: CSI and WEP. Offered every Terms I and II.
- EDU 2020 Teaching Students with Disabilities in the Inclusive Classroom 3 credits**
 This course provides teacher education candidates with a background in special education in order to develop the skills necessary to provide instruction that promotes the participation and progress of students with disabilities in the general education curriculum. The fundamentals of special education are reviewed, including special education laws and regulations, the knowledge and skills to work collaboratively with special education teachers and other supportive colleagues, and all categories of students with disabilities and special learning needs. Candidates also examine effective inclusive classroom strategies and tools such as differentiated instruction, behavior management, maximizing academic engagement time, and types of assessments and modifications. Additionally, they study the challenges posed by specific content area curriculum and develop the appropriate accommodations and modifications to insure classroom success. Candidates examine the impact that State and National Standards have on the inclusive classroom curriculum. Prerequisites: EDU 1010 and PSY 1010. Co-requisite with EDU 2621. Offered Term I.
- EDU 2222 Managing Behaviors of Students With Disabilities 3 credits**
 Pre-service teacher candidates examine principles of behavior and classroom management of students with disabilities. The course teaches candidates how to design positive behavioral supports, functional behavioral assessments, social skills training, and proactive, problem-solving techniques for all learners. Also, candidates learn how to communicate and collaborate with staff, family, and community partners. Prerequisites: EDU 1010, PSY 1010, and EDU 2020, and Sophomore standing. Offered Term II.
- EDU-SSC 2300 Historical and Contemporary Context of American Education for Indigenous Peoples 3 credits**
 An exploration of the major historical influences on the contemporary context of education for Indigenous peoples in the United States. Meets NWP Distribution Requirement. Note: Approved course fee due to some travel to communities that will be required. Offered Term I.
- EDU-HLS-NSG 2400 Introduction to Research 3 credits**
 This course provides students from a variety of majors with the ability to evaluate published research within their discipline. It also allows students the opportunity to work with students from multiple majors promoting interdisciplinary collaboration. It covers the information necessary for critically examining research and integrating various sources of evidence from research results. Prerequisite: Math Competency. Distribution Requirements: QR and LAS. Offered in Terms I and II.
- EDU 2621 Practicum in Teaching Students with Disabilities in the Inclusive Classroom 1 credit**
 A college-supervised field experience with a minimum of thirty-four hours in an inclusive education setting for students with disabilities in conjunction with EDU 2020. Co-requisite with EDU 2020. Offered Term I.
- EDU 3331 Curriculum Design and Instruction in Childhood Special Education: Mathematics, Science, Social Studies, and the Arts 3 credits**
 In this course, pre-service teacher candidates apply learning theories and evidence-based methods to design, organize, deliver, and adapt instruction and to promote enrichment and remediation

in mathematics, science, social studies, and the arts for students with disabilities in grades one through six. Emphasis is placed on designing effective instructional programs and accommodating students with disabilities. Candidates use New York State's Learning and Common Core Standards and the Next Generation Science Standards to design alternative instructional strategies and techniques. Additionally, candidates use research and writing process skills (e.g., prewriting, writing, revising, and editing) to develop written individual educational plans (IEPs), instructional goals and objectives, lesson plans, and learning segments. Prerequisites: EDU 1010, EDU 2020, EDU 2222, and PSY 2060. Co-requisite with EDU 3631. Fulfills WRT-Course Requirement. Offered Term II.

EDU 3335 Curriculum, Instruction, and Assessment in 3 credits
Childhood Education: Social Studies and the Arts

In this course, pre-service teachers apply learning theories to designing curriculum that aligns with State Learning and Common Core Standards and developing lessons for childhood learners of all needs and abilities in elementary school subject areas. Emphasis is on designing, organizing, planning, and assessing curriculum as it applies to instructional techniques in childhood classrooms. Prerequisites: Junior class standing and EDU 2020. Fulfills WRT-Course Requirement. Offered every Term I.

EDU 3336 Curriculum Design and Instruction: 3 credits
Middle Childhood Education

This course provides instruction in applying learning theories to designing curriculum in the students' certification areas. Emphasis is placed on developing curriculum in grades five through nine that aligns with State Learning and Common Core Standards. Prerequisites: Junior class standing and EDU 2020. Fulfills WRT-Course Requirement. Offered every Term I.

EDU 3337 Curriculum Design and Instruction: 3 credits
Adolescence Education

This course provides instruction in applying learning theories to designing curriculum in the students' certification areas. Emphasis is placed on developing curriculum in grades seven through twelve that aligns with State Learning and Common Core Standards. Prerequisites: Junior class standing and EDU 2020. Fulfills WRT-Course Requirement. Offered Term I.

EDU 3338 Curriculum Design and Instruction: Visual Arts 3 credits

This course introduces students to the concepts, methods, and practices of designing curriculum in the visual arts that aligns with State Learning and Common Core Standards. Students explore historical and contemporary issues relevant to building instructional frameworks in the arts for kindergarten through grade twelve. Students demonstrate the knowledge and creativity essential to developing units, lessons, visuals and assessments in the arts. Prerequisites: Junior class standing and EDU 2020. Fulfills WRT-Course Requirement. Offered every Term I.

EDU 3345 Literacy Acquisition and Development for Preschool 3 credits
and Elementary School Learners

This course provides prospective teachers with the principles and practices for teaching literacy acquisition and development to all children in preschool through grade three based on State Learning and Common Core Standards. Emphasis is placed on assisting young students to use listening, speaking, reading, and writing for acquiring information, developing understandings, constructing literary responses, creating literary expressions, conducting critical analyses, carrying out assessments, and developing social interactions. Prerequisites: Junior class standing and EDU 2020. Prerequisites For Speech and Language Disabilities majors only: Junior class standing and CSD 2250. Co-requisite with EDU 3645. Offered every Term I.

EDU 3347 Content Area Literacy in the Middle Schools 3 credits

Prospective teachers examine curriculum and instructional theories of and practices in acquiring and developing literacy in grades five through eight based on State Learning and Common Core Standards. The major focus is on assisting all students to use listening, speaking, reading, and

writing for acquiring information, developing understandings, constructing literary responses, creating literary expressions, conducting critical analyses, performing evaluations, and developing social interactions. Prerequisites: Junior class standing and EDU 2020. Co-requisite with EDU 3647. Offered every Term I.

EDU-SSC 3350 Historical and Contemporary Context of 3 credits
American Education for Indigenous Peoples

An exploration of the major historical influences on the contemporary context of education for Indigenous peoples in the United States. Meets NWP Distribution Requirement. Note: Approved course fee due to some travel to communities that will be required. Offered Term I.

EDU 3351 Assessing Students With Disabilities: 3 credits
Childhood Special Education

In this course, pre-service teacher candidates learn and apply skills in developing, implementing, and interpreting alternative and adaptive assessment techniques and strategies for students with disabilities, including students with autism, in grades one through six. Additionally, candidates carefully select appropriate formal and informal testing materials to assess, diagnose, and correct learning problems. Prerequisites: EDU 1010, EDU 2020, EDU 2222, and PSY 2060. Offered Term I.

EDU 3355 Curriculum, Instruction, and Assessment in Childhood 3 credits
Education: Mathematics, Science, and Technology

This course enables students to develop knowledge and skills in the methods of teaching math, science, and technology to elementary school children in grades one through six. Students plan, implement, and assess mathematics and science lessons that emphasize hands-on inquiry experiments and problem solving strategies that are based on State, Common Core, and National Standards. General Studies (Bachelor of Arts or Bachelor of Science)

The General Studies major will be available to students who choose not to or are unable to fulfill the requirements of a specific major and will serve in such cases as a more practical and viable alternative to the Individualized Major. For students whose degrees will be conferred in June, the major can be declared no earlier than Term I of the senior year and no later than the beginning of the Term III of the senior year. For students who will be graduating at a different time of the year, the Registrar will determine what the correct time frame is.

A minimum of 36 credit hours is required, twelve or more of which must be at or above the 3000 level. Fifteen credits must be from one discipline or from closely related disciplines. A writing intensive course (a previously designated WRT course) is required. A student earning the B.A. degree must have at least 90 liberal arts and science credits and a student earning the B.S. degree must have at least 60 liberal arts and science credits.

A student interested in declaring and graduating with this major must use the form that is available in the Office of the Registrar and have the signature of a advisor endorsing the choice of major.

Human Services Course Descriptions

HMS 1000 Human Services in Contemporary America 3 credits

An examination of community response to selected social problems, including poverty and public welfare services, emotional problems and counseling, early childhood services, child abuse-neglect and protective services, racism and sexism, crime and correctional services, physical and mental disabilities, rehabilitation and treatment, drug use, and gerontological services. The roles of the individual and societal values in policy formation and implementation are considered. Distribution Requirement: CSI. Offered Terms I and II.

HMS 1010 Services to Families With Young Children 3 credits

A survey of prevention and intervention services for families with young children (birth to five years of age). The course is organized around four major areas of service: health care services, child care services, parenting education, and early childhood education. Topics include: prenatal prevention programs for at-risk parents, routine child health programs, parenting education programs, and developmentally appropriate curricula and environments in preschool settings. Offered Term I every other year.

HMS 1020 Getting Sick, Getting Well: The Illness Experience in Literature and Film 3 credits

A literature and film-based exploration of the many ways in which people in the United States understand and respond to becoming ill and their experience in the US healthcare system. How physicians and other healthcare providers deal with the challenges of treating illness will also be incorporated. Distribution Requirement: USC.

HMS 2010 Chemical Dependency: Treatment and Rehabilitation 3 credits

An examination of the medical, psychological, and sociological aspects of drug abuse, chemical dependency, treatment and rehabilitation at all levels and among all age groups in American society.

HMS 2020 Mental Health Services 3 credits

An examination of the mental health services delivery system in the United States. Topics include the historical development of the mental health system, with special attention to the community mental health movement. A range of mental health interventions will be discussed, from inpatient services to self-help and advocacy. Special areas of mental health practice will also be addressed, such as substance abuse, psychogeriatric services and psychoeducation. Distribution Requirement: CSI. Offered Term II every other year.

HMS 2025 Death and Dying 3 credits

Examines death, dying, grief, and bereavement. Cultural differences in attitudes toward death and funeral practices as well as services for those who are dying and those coping with grief and loss will be explored. Ethical issues surrounding suicide and euthanasia will also be considered.

HMS-NSG 2030 End-of-Life Issues 3 credits

Examination of end-of-life issues from a multidisciplinary perspective including physical, psychological, social, cultural, and spiritual aspects of dying. Open to non-nursing majors. Distribution Requirements: GNC and GLP.

HMS-SOC 2350 Poverty in America 3 credits

Poverty in the United States explored. Focus on structural causes of poverty, as well as cultural and social causes. Theories explaining poverty will be discussed. Experiences and outcomes of poverty will be part of class. Poverty alleviation policies and programs will be debated. Prerequisite: SOC 1010 or HMS 1000. Distribution Requirements: USC and WEP. Offered Term II.

HMS-HLS 3001 Adult Learning: Educating Clients and Communities 3 credits

Intended for upper division students in which students demonstrate skills in the development, implementation, and evaluation of informational-educational programs for individuals, agency-organizational staff or community groups. This is a senior-level course in which students develop and present and educational program for a community group. Distribution Requirement: USC. Offered Terms I and II.

HMS 3005 Family Assessment 3 credits

This upper level course focuses on frameworks for understanding normal family processes. The structural, functional, and developmental properties of the family will be discussed, with readings drawing upon the field of family theory and upon research on family stressors and discontinuities (e.g. becoming parents, death, divorce). Prerequisites: At least three courses in Human Services or Psychology or permission of instructor. Offered Term I.

HMS 3006 Observing Child Development 3 credits

A study of the development of preschool children in the areas of physical, social, emotional, language, cognitive, and creative development. Students learn to observe and record this development in a preschool setting and complete a case study of a single child. Prerequisites: HMS 1010 and PSY 2060. Offered Term II, every other year.

HMS 3010 Management of Human Service Agencies 3 credits

This course examines not-for-profit management and the challenges facing the not-for-profit executives. Key course topics that are relevant to not-for-profit leaders will include board governance, board development, management principles, fiscal management, budget development, ethics, program services, fund raising, marketing and entrepreneurship. Prerequisites: Junior Level Status. Offered Term II.

HMS 3025 Services For Children and Youth 3 credits

Defines the needs of school-age children and their families and the ways in which human service agencies respond to these needs. Includes discussions of current social problems facing children and adolescents, such as: decision-making about drug use, sexual behavior, school retention, and youth violence. Prerequisites: PSY 1010 and PSY 2060. Offered Term I, every other year.

- HMS-SOC 3000 Social Policy 3 credits**
 An examination of the formation and implementation of social policy and controversial policy issues such as social welfare, universal health care, capital punishment, mandatory sentencing, gay rights, right-to-die, and reproductive rights are examined. Policy-making is considered as both a rational and a political process. The roles of government employees, elected officials, the media, professionals, and the public are considered. Selected U.S. policies are compared with those of other western nations. Prerequisite: SOC 1010 or HMS 1000. Distribution Requirement: WEP. Offered as needed.
- HMS-SOC 3120 Community Organization 3 credits**
 An examination of the role of community organizing in defining social problems and initiating social change. Methods of community organization including social movements, protests, consciousness raising, legal advocacy, lobbying, self-help, action research, and “whistle blowing” are discussed. Organizing at both the local and the national level are considered. Prerequisite: Upper level human service or sociology majors. Other students with an interest in social movements and community organizing are welcome to enroll. Offered as needed.
- HMS 3140 Social Group Work 3 credits**
 An examination of social group work as a method in social work for meeting human needs and interests. An analysis of the dynamics of the group process and the forces that influence group decisions. Prerequisite: HMS-PSY 3300.
- HMS 3150 Social Casework 3 credits**
 A course that provides fundamental casework skills necessary to work with clients as individuals, families or groups. Topics include: rapport and the worker-client relationship, psychosocial assessment and client interviews, problem identification and problem solving, evaluation, and termination of the therapeutic relationship. Working with culturally diverse populations and avoiding burnout will also be addressed.
- HMS-PSY 3300 Basic Counseling Techniques 3 credits**
 This course will assist students to acquire basic skills or techniques used in one-on-one counseling sessions by professional counselors. In addition to practicing interventions in simulated situations, topics of study include the role(s) of the professional helper, ethics in counseling, multicultural issues, and working with special populations. It is especially appropriate for those who intend to enter a helping field. Prerequisite: PSY 1010, junior and senior class status. Offered Terms I and II.
- HMS 4000 Program Planning and Evaluation 3 credits**
 An examination of the theory and applied techniques for planning and evaluating human service programs. Topics covered include: planning in human service settings, components of plans, needs assessment, funding, grant writing, and evaluation research design. Each student prepares a proposal for a hypothetical program. In addition to human service majors, students with an interest in management of not-for-profit organizations may benefit from this course. Prerequisite: Senior-level standing or permission of instructor. Fulfills WRT-Course Requirement. Offered Term II.
- HMS 4998 Human Service Management 3 or 6 credits**
 Internship is focused on the applied aspects of human service work, such as case-work, observations, programming, interventions at an individual or group level, direct care, etc. Meets FEX/Internship Requirement. Prerequisite: Junior or Senior class standing.
- HMS 4999 Applied Human Services 3 or 6 credits**
 Internship is focused on management or administration of human service organizations. Meets FEX-Internship Requirement. Prerequisite: Junior or Senior class standing.

Human Services and Nursing Workshops Course Descriptions

- HMS-NSG 1201 Gerontological Programs 1 credit**
An overview of programs for the elderly provided by the community including health and nutrition, housing, recreation, and transportation programs.
- HMS-NSG 1202 Child Care Programs 1 credit**
An overview of child care programs including both center-based and family day care programs.
- HMS-NSG 1203 Community Corrections and Alternatives to Incarceration 1 credit**
An overview of community-based corrections and alternatives to incarceration including probation and parole, community service programs, intensive supervision, local release and pretrial release.
- HMS-NSG 1204 Counseling Programs 1 credit**
An overview of community counseling programs, including discussion of counseling settings and theories of counseling.
- HMS-NSG 1205 Program Serving Developmentally Disabled 1 credit**
An overview of programs for the developmentally disabled, including institutional and alternative residential programs, educational and employment programs.
- HMS-NSG 1206 Substance Abuse Programs 1 credit**
An examination of programs serving persons who abuse drugs, including alcohol.
- HMS-NSG 1207 Programs for Adolescents 1 credit**
An overview of programs for adolescents who are having difficulties with their families, the schools, and the law. Alternatives to family living, such as foster care and group homes, and dispositional alternatives, such as home bound detention, are considered.
- HMS-NSG 1208 Developmental Screening Programs 1 credit**
An overview of approaches and programs for assessing child development. Skills and techniques for screening children from birth to age six in various areas of their development are explored.
- HMS-NSG 1209 Sexuality Education Programs 1 credit**
An examination of family planning counseling and sexuality education programs for adults, parents, teens, younger children, developmentally and physically disabled persons, and human service professionals.
- HMS-NSG 1210 Hospice Programs 1 credit**
An overview of programs addressing the needs of the terminally ill. Topics include the history of the hospice movement, dying, death with dignity, family and mental issues around death and dying.
- HMS-NSG 1211 Mental Health Programs 1 credit**
An examination of the delivery of programs including both community mental health and institutional programs for those with acute or chronic mental illness.
- HMS-NSG 1212 Victim Abuse Programs 1 credit**
An examination of programs for those who are victims of abuse including battered women, abused and neglected children, and victims of sexual abuse.
- HMS-NSG 1213 Programs for Special Needs Children 1 credit**
Programs for abused children, for gifted children, and for bilingual-bicultural preschool children are presented. Issues such as mainstreaming vs. segregated programs, types of curricula, and staff training are discussed.
- HMS-NSG 1214 Art Therapy Programs 1 credit**
An overview of the field of art therapy in theory and practice, including assessment and treatment of various client populations of diverse settings.

Individualized Studies

(Bachelor of Arts or Bachelor of Science)

The baccalaureate degree in Individualized Studies (B.A. or B.S.) is awarded to students who have developed a major designed to meet specific personal and career goals. For the B.A., at least 90 of the required credits for the degree must be in the liberal arts and sciences. For the B.S., at least 60 credits must be in the liberal arts and sciences. For both, the major must consist of no fewer than 36 credits. At least 12 credits must be earned in courses numbered 3000 or above, and at least 18 credits must be selected from one discipline or from closely related disciplines. All Individualized Majors must include a writing intensive (WRT) course.

The student, in close consultation with advisor, will choose the courses comprising the major so as to accomplish the specific objectives and attain one or more specific educational and personal goals. When a proposed major is of an interdisciplinary nature, advisors from more than one area will be required to endorse the major. An outline of the major, with a written rationale explaining its purposes and objectives, shall be submitted for approval to the Provost no later than the registration date for Term II of the junior year. These documents must bear the recommendation of the advisor and be accompanied with a formal request for approval from the division.

Total credits required to complete Individualized Studies major: 36.0

International Studies (Bachelor of Arts or Bachelor of Science)

Students majoring in International Studies will complete the core requirements and the requirements for one of the three options: (A) European, (b) Asian, (C) General. It is strongly recommended that electives include upper-level foreign language study, and that students plan to participate in an educational experience off-campus. Those choosing European Studies or Asian Studies may participate in the Junior Year Abroad program or other study abroad opportunities. In making arrangements for such experiences, students should consult closely with their advisor in order to ensure that requirements for the major will be met.

Core Requirements:

| | | |
|---|--------------------------------|------------|
| ANT 1040 | Cultural Anthropology | 3.0 |
| ECO 2020 | Principles of Macroeconomics | 3.0 |
| *PSC 1021 | International Relations | 3.0 |
| *Total credits required to complete core requirements: | | 9.0 |

Option A, European Studies, Required Courses:

| | | |

| JPN 2010-2020 | Second-Year Japanese I-II | |
| HIS 1601 | Asian History II | 3.0 |
| PSC 2040 | Comparative Politics - Asian | 3.0 |
| PHR 2130 | World Religions I | |
| | or | 3.0 |
| PHR 2140 | World Religions II | |
| PSC 3030 | The United States in the World Arena | |
| | or | 3.0 |
| HIS 3403 | The U.S. as a Global Power, 1945 to the Present (WRT course) | |
| Total credits for Option b required courses: | | 24.0 |

| | | |
|------------|---|------|
| Electives: | These must be selected from a list of related electives. At least 9 credits must be in courses at the 3000 level or higher. The list of approved related electives is maintained in the Office of the Registrar and is available upon request. Students may also acquire the list of approved electives from faculty teaching in the disciplines related to International Studies. | 12.0 |
|------------|---|------|

Total credits required to complete Option B: 46.0

Option C, General, Required Courses:

| | | |
|----------|---------------------------------|---------|
| | | credits |
| Either: | | |
| PSC 2030 | Comparative Politics - European | |

| PSC 3050 | International Law and World Politics | |
| Either: | | |
| PSC 3030 | The United States in the World Arena or | 3.0 |
| HIS 3403 | The US as a Global Power, 1945 to the Present (WRT course) | |
| Either: | | |
| PSC 3070 | Developmental Politics (WRT course) or | 3.0-6.0 |
| ECO 2010 | Principles of Microeconomics and | |
| ECO 3140 | Development Economics (WRT course) | |
| Total credits for Option C required courses: | | 15.0-21.0 |
| Language: | Students must either take the First-Year courses (I and II) in a foreign language, or demonstrate equivalent proficiency in an examination administered by the Foreign Language faculty. | |
| Electives: | These must be selected from a list of related electives. At least 6 credits must be in courses at the 3000 level or higher. The list of approved related electives is maintained in the Office of the Registrar and is available upon request. Students may also acquire the list of approved electives from faculty teaching in the disciplines related to International Studies. | 18.0 |
| Total credits required to complete Option C: | | 43.0-49.0 |

Language and Literature Course Descriptions

| | | |
|--|---|------------------|
| LAL 1010 | Classical Mythology | 3 credits |
| A study of the chief myths of ancient Greece and Rome, including tales of creation, transformation, and heroic exploits. Attention is given to parallel myths from other cultures to the influence of classical myths upon history, religion, and the fine arts. Distribution Requirements: EUC and WEP. | | |
| LAL 1020 | Classical Literature | 3 credits |
| The principal authors of ancient Greece and Rome in English translation. Knowledge of Greek or Latin is not required. Distribution Requirements: EUC and WEP. | | |
| LAL-ENG 1104 | Foundations of Literature: Ancient, Classical and Biblical | 3 credits |
| The course provides students with a measure of familiarity with landmarks of literature from the ancient Middle East, Greece, Rome, Celtic Europe, and Israel. Distribution Requirements: EUC and WEP. | | |

- LAL 3220 Introduction to Linguistics (English)** 3 credits
An introduction to structural and generative theories of grammar.
- LAL-SPA-FRE 3295 Magical Realism in Short Fiction** 3 credits
A study of a major international current in twentieth century fiction. Focuses on a lesser-known, but highly influential sub-genre, as well as its manifestations in the visual arts. Prerequisite: SPA 2040.
- LAL-PHR-ENG 3319 History of Literary Criticism and Theory** 3 credits
An introduction to the history of literary theory and criticism, beginning with the classical approaches of Plato and Aristotle and an introduction to modern literary theory, covering influential approaches to reading and thinking about literature. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or ENG 2044. Distribution Requirement: WEP.

Latin

Learning Resource Studies Course Descriptions

- LRS 1010 EC Experience** 1.5 credits
Facilitates intellectual and social integration of students into the academic community. Provides specific methods and strategies which students may adopt to promote personal growth and success both in the college environment and throughout life. Offered Terms I, II, and III.
- LRS 1050 Success Strategies Seminar** 3 credits
Facilitates intellectual and social integration of students into the academic community. Provides specific methods and strategies which students may adopt to promote personal growth and success both in the college environment and throughout life. Offered Terms I and II.
- LRS 1400 Career Exploration** 1.5 credits
Facilitates decision-making process as it relates to major choice. Provides self-assessment and reflection opportunities to identify appropriate academic program paths based on needs, values, interests, and abilities. Offered Terms I and II.
- LRS 1450 Job Search Strategies** 1.5 credits
A comprehensive job-graduate school search strategies course involving skills assessment, resume and cover letter development, networking, interviewing techniques, applications, and the use of Internet resources for research and the job-school search process.
- LRS 1800 Writing Center Tutoring** 1 credit
Train students to become effective peer tutors in the Writing Center. Required of all first-time Writing Center tutors. Graded on pass-fail basis. Prerequisites: WRT 1020, and instructor permission. Student must have been hired as a Writing Center tutor. Offered Terms I, II and III.

Placement recommendations for 1000 and 2000 level mathematics courses will be made on the basis of diagnostic tests such as the mathematics skills inventory given during orientations. Tutorial assistance for many mathematics courses is available in the Math Lab and the Student Tutorial Center.

Mathematics Course Descriptions

MAT 1000-1001 Essential Mathematical Skills I-II 1 credit each term; total 2 credits

A modified tutorial program intended to improve the basic quantitative skills of freshmen and other students. The subject matter includes pre-algebra and elementary algebra. The mathematics skills inventory administered during orientations for new students provides one basis for this recommendation. Offered every Terms I and II.

MAT 1030 College Algebra 3 credits

Development of facility in computational and problem-solving procedures by examining the fundamental operations of the real number system. Topics include a review of basic operations with real numbers, rules of exponents and scientific notation, combining and factoring polynomials, solving linear and quadratic equations, solving systems of linear equations, inequalities, and absolute values and exponential and logarithmic functions. Prerequisites: MAT 1000 or an adequate score on the departmental placement test. Distribution Requirement: MAT. Offered every Terms I and II.

MAT 1070 Finite Mathematics 3 credits

Designed to meet the quantitative reasoning requirement for students without a strong mathematical background. This course will expose students to a variety of mathematical ideas with an emphasis on real-world applications. As "Finite Mathematics" is a collective term for mathematics outside of the traditional calculus sequence, a wide variety of topics may be included including logic, set theory, bases other than ten, counting techniques and probability, but different topics may be chosen at the discretion of the instructor. Prerequisites: MAT 1030 or successful completion of the Mathematics Competency Requirement. Distribution Requirement: QR. Offered Terms I, II, and III.

MAT 1091 Pre-Calculus I 4 credits

The first course in a two term sequence designed to prepare students for the study of calculus. Topics will include analytic geometry, polynomial and rational functions, exponential and logarithmic functions, graphing and problem solving. Course includes a computer lab. Fulfills Math Competency. Prerequisites: MAT 1030 or an adequate score on the departmental placement test. Must be taken with a MAT 1091L lab. Distribution Requirement: MAT. Offered every Term I.

MAT 1091L Pre-Calculus I Lab 0 credits

Is the first course in a two term sequence is designed to prepare students for Calculus courses. Topics include analytic geometry, polynomial and rational functions, exponential and logarithmic functions, graphing and problem solving. Course includes computer lab. The computer lab exercises are designed to help students master the material and increase their facility at mathematical calculations and problem solving. Lab assignments will often be done in groups to provide additional support to the students as they work on mastering the material. Prerequisite: College Algebra, MAT 1030, the equivalent or an adequate score on the Math Placement Exam. Fulfills Math Competency. Prerequisites: MAT 1030 or an adequate score on the departmental placement test. Must be taken with a MAT 1091 lecture. Distribution Requirements: MAT and QR. Offered every Term I.

MAT 1092 Pre-Calculus II 4 credits

A continuation of the sequence designed to prepare students for calculus. Topics will include angles and their measures, trigonometric and inverse trigonometric functions, triangle trigonometry and trigonometric identities. Course includes a computer lab. Prerequisites: MAT 1091 or an adequate score on the departmental placement test. Must be taken with a MAT 1092L lab. Distribution Requirement: QR. Offered every Term II.

MAT 1092L Pre-Calculus II Lab 0 credits

Is the second in a two term sequence is designed to prepare students for Calculus courses. Topics will include angles and their measures, trigonometric and inverse trigonometric functions, triangle trigonometry and trigonometric identities. Course includes computer lab. The computer lab exercises are designed to help students master the material and increase their facility at mathematical calculations and problem solving. Lab assignments will often be done in groups to provide additional support to the students as they work on mastering the material. Prerequisites: MAT 1091 or an adequate score on the departmental placement test. Must be taken with a MAT 1092 lecture. Distribution Requirement: QR. Offered every Term II.

MAT 2003 Mathematical History: Ancient to Medieval 3 credits

A survey of the historical development of mathematics from antiquity to the twelfth century. Contributions of mathematics to the sciences and interactions between mathematics and other aspects of human civilization (such as the arts or the social sciences). Considerable mathematical content, including problem-solving using historical and modern methods. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Distribution Requirements: GNC and QR. Offered every Term I.

**MAT 2005 Mathematics for Elementary Teachers I:
Number Systems 3 credits**

An overview of number systems and numerical operations, intended to give pre-service elementary teachers a deeper understanding of numbers and an ability to communicate that knowledge. Topics will include sets, historical, and other numeration systems, arithmetic operations, and problem solving. Prerequisite: MAT 1030. Distribution Requirement: QR. Offered Term I.

**MAT 2006 Mathematics for Elementary Teachers II:
Geometry and Measurement 3 credits**

This course continues the study of Mathematical content which begins with MAT 2005 (Mathematics for Elementary Teachers I: Number Systems). The development of number systems and numerical operations is continued and extended to concepts in Geometry and Measurement. As with the first course in the sequence this is intended to give pre-service elementary school

teachers and understanding of numbers and geometric figures. It is also intended to instill an ability to communicate that knowledge. Topics will include sets, and problem solving. Geometry as Shape, Transforming Shapes and Measurement. Prerequisite: MAT 2005. Distribution Requirement: QR. Offered Term II.

MAT 2009 Mathematical History: Renaissance to Modern 3 credits

A survey of the historical development of mathematics from the twelfth century to the nineteenth century. Contributions of mathematics to the sciences and interactions between mathematics and other aspects of human civilization (such as the arts or the social sciences). Considerable mathematical content, including problem-solving using historical and modern methods. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Distribution Requirements: GNC and QR. Offered every Term II.

MAT 2010 Calculus I 4 credits

The first course in a unified three-term calculus sequence involving functions of one variable. Limits, continuity, and derivatives of algebraic, trigonometric, and exponential functions and their inverses. Applications of differentiation to geometry and to the natural and social sciences. Three hours of computer laboratory per week using mathematical and productivity software. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Must be taken with a MAT 2010L lab. Distribution Requirement: QR. Offered every Term I.

MAT 2010L Calculus I Lab 0 credits

Is the first course of a (three-term) sequence in calculus of functions of one variable. Students will understand the basic concepts, apply ideas to solving problems in sciences, and develop the technical facility for the above applications. Topics to be included are: functions and their graphs, limits and continuity, derivatives and applications of differentiation, and anti-differentiation. Prerequisite: MAT 1092 or an adequate score on the departmental placement test. Must be taken with a MAT 2010 lecture. Distribution Requirement: QR. Offered every Term I.

MAT 2020 Calculus II 4 credits

The second course in a unified three-term calculus sequence involving functions of one variable. Antiderivatives and definite integrals of algebraic, trigonometric, and exponential functions and their inverses, and an introduction to differential equations, with applications to geometry and to the natural and social sciences. Three hours of computer laboratory per week using a mathematical programming language and a symbolic algebra system. Prerequisites: MAT 2010 or an adequate score on the departmental placement test. Distribution Requirement: QR. Offered every Term II.

MAT 2020L Calculus II Lab 0 credits

This is the second course in a unified sequence of courses on the calculus of functions of one variable. Topics will include antiderivatives, definite integrals and their applications, the calculus of transcendental functions, techniques of integration and an introduction to numerical integration. Prerequisite: MAT 2010 or an adequate score on the departmental placement test. Must be taken with MAT 2020 lecture. Distribution Requirement: QR Offered every Term II.

MAT 2090 Statistical Methods 4 credits

A survey of the principal means of providing and evaluating quantitative data. Topics include descriptive statistics, design and sampling in statistical studies, probability and probability distributions, estimation and hypothesis testing, and correlation and regression. Prerequisites: MAT 1030 or an adequate score on the departmental placement test. Distribution Requirement: QR. Offered every Terms I and II.

MAT 2100 Discrete Mathematics 4 credits

Discrete mathematics includes a number of topics which do not belong to the traditional calculus sequence, but which are important to future educators and all wishing to deepen their understanding of mathematics. This course is an introductory survey. Topics include sets, number systems, logic, and proof techniques, combinatorics (counting arguments), and introductory graph theory. This course includes laboratory time where students work together to study the theory

and practice of these topics Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Distribution Requirement: QR. Offered every Term I.

MAT 3010 Calculus III 4 credits

The third course in a unified three-term calculus sequence involving functions of one variable. Sequences and series of numbers, power series and Taylor's theorem. Polar coordinates, vectors in two and three dimensions, and parametric equations. Three hours of computer laboratory per week using a mathematical programming language and a symbolic algebra system. Prerequisites: MAT 2020 or an adequate score on the departmental placement test. Distribution Requirement: QR. Offered every Term I.

MAT 3020 Ordinary Differential Equations 4 credits

Methodology and theory for solving linear and non-linear ordinary differential equations using analytic, numerical and graphical techniques. Various applications to real world problems discussed. Includes computer lab using specialized software designed to solve and analyze differential equations. Prerequisite: MAT 3010. Distribution Requirement: QR. Offered alternate years beginning 2018-2019.

MAT 3030 Vector Calculus 4 credits

An introduction to the calculus of functions of several variables and vector analysis—the mathematical framework for modern physics. Topics include an introduction to the geometry of Euclidean space, vector valued functions (divergence, gradient and curl), line and surface integrals, Green's Theorem, Stokes' Theorem, and applications to physics. Prerequisite: MAT 3010. Distribution Requirement: QR. Offered alternate years beginning 2017-2018.

MAT 3045 Introduction to Probability 3 credits

A calculus-based introduction to probability theory, including axiomatic probability theory, random variables and functions of random variables, conditional probability, moments and moment-generating functions, and the Central Limit Theorem. Prerequisites: MAT 2100 and MAT 3030. Offered alternate years beginning 2018-2019.

MAT 3046 Introduction to Mathematical Statistics 3 credits

An introduction to statistics based upon calculus and probability theory. Topics will include the theories and practices of: estimation, hypothesis testing (including likelihood ratio tests), estimation and prediction with linear models, the analysis of variance, the analysis of categorical data (time permitting), nonparametric statistics, and bayesian methods. Prerequisite: MAT 3045. Offered Term II in alternate years, beginning 2016-2017.

MAT 3050 Linear Algebra 4 credits

A transition from computational mathematics to more theoretical mathematics, but also some powerful mathematical tools that can be applied in the natural and social sciences. Specific topics include matrix algebra and linear transformations, determinants, systems of linear equations, finite-dimensional vector spaces, eigenvalues and eigenvectors, and the geometry of Euclidean spaces. This course includes lab component. Prerequisites: MAT 2100 and MAT 2020. Distribution Requirement: QR. Offered every Term II.

MAT 3060 Abstract Algebra 4 credits

An introduction to the study of abstract algebraic structures. Algebraic properties of familiar number systems are formalized into axiomatic systems, and abstract theory is then developed on the basis of the axioms alone. Topics include groups, rings, fields, isomorphisms and homomorphisms, and quotient structures. This course includes labs to study the theory of algebraic structures. Prerequisite: MAT 3050. Offered alternate years beginning 2018-2019.

MAT 3155 Numerical Methods 3 credits

An introduction to numerical methods of solving problems for which analytic solutions are either too cumbersome or nonexistent. Emphasis will be placed on the mathematical development of algorithms suitable for computer application. Various classes of problems common in the natural sciences and economics will be considered. Prerequisite: MAT 2020. Offered as needed.

MAT-MGT 3200 Operations Analysis and Modeling 3 credits

An introduction to operations research. It includes an examination of the nature of mathematical models and their role in choosing the “best” of several possible courses of action. The primary tool in this course will be linear programming, its derivatives and applications. Other topics include PERT, queueing theory, and inventory analysis. The course also includes an introduction to computer software that is appropriate for solving problems with these techniques. Prerequisite: MAT 2090. Offered every Term II.

MAT 3260 Introduction to Classical and Modern Geometry 3 credits

A systematic and axiomatic study of Euclidean and Non-euclidean geometries. Topics will include Euclid’s geometry and the controversy about the fifth postulate; alternatives such as the taxicab geometry, hyperbolic geometry, and elliptic geometry. Prerequisite: MAT 2100. Offered every Term II.

MAT-ECO 3350 Game Theory 3 credits

Game Theory is the tool used to study the strategic interaction between players in a game. Used first in military strategy during World War II, it currently dominates economic theory and is beginning to be used in other fields such as Political Science, biology, Law and Anthropology. This course is designed to be a thorough introduction to Game Theory. Emphasis will be put on applications in Economics, Political Science and biology. Prerequisites: ECO 2010 and ECO 2020, or permission of the instructor. Offered Terms I and II.

MAT 3610 Introduction to Real Analysis 3 credits

In this course, students are introduced to the analytical techniques of mathematics that depend upon the topology of the real numbers. The course covers: set theory, including cardinality; the axioms of the real number system and their consequences; the concept of the limit and its applications in calculus, including integration theory; the convergence of sequences and series of functions of a real variable; and an introduction to metric spaces as a generalization of real analysis. Prerequisites: MAT 2100 and MAT 3010. Offered alternate years beginning 2017-2018.

**MAT 4590 Mathematics Seminar 1.5 credits each term;
total 3 credits**

A capstone experience for senior mathematics students requiring an extension of their mathematical knowledge into more advanced areas of study. Oral and written presentations by students are an integral part of this experience. Fulfills WRT-Course Requirement. Offered Terms I and II.

MAT 4601 Topology 3 credits

An introduction to the study of geometric properties that are independent of the concepts of shape and size. Topics include set theory, metric spaces, continuity of functions in general topological spaces, compactness, connectedness, and separation properties, with applications to Euclidean space. Prerequisites: MAT 2100 and MAT 3010. Offered as needed.

MAT 4605 Theory of Numbers 3 credits

An investigation of the properties of integers. Topics include divisibility, unique prime factorization, the Euclidean algorithm, linear congruences and linear Diophantine equations, multiplicative number-theoretical functions, and primitive roots. Prerequisites: MAT 2100 and MAT 2020. Offered as needed.

MAT 4610 Real Analysis 3 credits

An in-depth study of fundamental concepts and theorems of calculus. Topics include fundamental theorems on limits and continuity, differentiation, integration, implicit functions, and convergence. Prerequisite: MAT 3610. Offered as needed.

MAT 4620 Complex Analysis 3 credits

A survey of the theory and selected applications of classical complex analysis. Topics include the arithmetic of complex numbers, analytic function theory, differentiation and integration of

complex functions, complex power series, and the theory of residues. Prerequisites: MAT 2100 and MAT 3010. Offered as needed.

MAT 4630 **An Introduction to Field Theory and
The Classical Problems of Antiquity** **3 credits**

An overview of the ideas from introductory level field theory that lead to the study of Galois Theory. Topics will be traced historically, beginning with the three classical problems of antiquity, squaring the circle, doubling the cube and trisecting an angle. Discussions will proceed through some extremely important ideas and mathematical results such as the transcendental nature of e and π and investigations of constructible numbers and solving polynomials by radicals. Prerequisite: MAT 3050 or 3060 or permission of the instructor. Offered as needed.

MAT 4650 **Applied Combinatorics** **3 credits**

An investigation of advanced counting techniques that are useful in fields such as computer science, discrete operations research, and probability. Enumerative methods will be developed and their logical structure investigated. Topics may include graph theory, generating functions, recurrence relations, combinatorial modeling, and combinatorial proofs. Prerequisites: MAT 2100 and MAT 2020. Offered as needed.

Military Science and Leadership Course Descriptions

MSL 1101 **Foundations of Officership** **1 credit**

Students examine the US defense structure in terms of organization, mission, personnel, and relationships among and between military forces and branches and departments of the government. The U.S. Army force structure is examined at all levels. The complexities and magnitude of operating the defense organization are studied to provide a framework for subsequent instruction. Students develop skills in conducting oral and written presentations.

MSL 1101L **Foundations of Officership Lab** **2 credits**

Students examine the US defense structure in terms of organization, mission, personnel, and relationships among and between military forces and branches and departments of the government. The U.S. Army force structure is examined at all levels. The complexities and magnitude of operating the defense organization are studied to provide a framework for subsequent instruction. Students develop skills in conducting oral and written presentations.

MSL 1102 **Foundations in Leadership** **1 credit**

Students develop a basic understanding in theories of social-organizational psychology and behavior as they apply to the military setting. Students learn by examining different types of leaders; the sources and exercise of authority; and the impact of varying leadership styles, resource management, motivation, and organizational effectiveness. This course imparts conceptual knowledge of integrity, ethics, and professionalism, and includes discussion of historic military events and strategies.

MSL 1102L **Foundations in Leadership Lab** **2 credits**

Students develop a basic understanding in theories of social/organizational psychology and behavior as they apply to the military setting. Students learn by examining different types of leaders; the sources and exercise of authority; and the impact of varying leadership styles, resource management, motivation, and organizational effectiveness. This course imparts conceptual knowledge of integrity, ethics, and professionalism, and includes discussion of historic military events and strategies.

MSL 2201 **Individual Leadership Studies-Teamwork** **1 credit**

Students explore the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and historical leadership theories. The focus of this course is on the continued development of each team member's individual leadership skills while developing the leadership skills required in leading a squad-sized element.

- MSL 2201L Individual Leadership Studies-Teamwork Lab 2 credits**
Students explore the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and historical leadership theories. The focus of this course is on the continued development of each teach member's individual leadership skills while developing the leadership skills required in leading a squad-sized element.
- MSL 2202 Small Organizational Operation 1 credit**
Students are introduced to the fundamentals of Army leadership and management techniques. Focus is placed on mission, organization, and composition of small unit teams; principles of offensive and defensive operations while utilizing firepower, movement techniques, and operational communications; and introduction to troop leading procedures.
- MSL 2202L Small Organizational Operation Lab 2 credits**
Students are introduced to the fundamentals of Army leadership and management techniques. Focus is placed on mission, organization, and composition of small unit teams; principles of offensive and defensive operations while utilizing firepower, movement techniques, and operational communications; and introduction to troop leading procedures.
- MSL 3301 Leadership and Problem Solving 2 credits**
Students are given a detailed introduction to the Leadership Development Program (LDP). The LDP guides the student through the application of leadership principles and teamwork while managing a military organization. Students will use the Army's small unit decision making model (Troop Leading Procedures) to develop solutions to complex situations, and communicate their solutions using the 5-Paragraph Operation Order format. This course also provides continued improvement upon basic military skills, rifle marksmanship, land navigation, drill and ceremony.

- MSL 4401 Leadership and Management 2 credits**
Through dynamic instruction, the student will master the requirements of all small-unit leaders; communication skills; Army operations; logistical support to the Army in the field; and the Army training system. Additionally, planned seminars and detailed case study will impart knowledge of the law of war, ethics, leadership fundamentals, and professionalism.
- MSL 4401L Leadership and Management Lab 2 credits**
Through dynamic instruction, the student will master the requirements of all small-unit leaders;

Music Course Descriptions

MUS 1001 Private Cello 1.5 credits

For beginning to intermediate students in cello. May be repeated for credit. Distribution Requirement: CRP.

MUS 1002 Private Flute 1.5 credits

For beginning to intermediate students in flute. Limited enrollment. May be repeated for credit. Distribution Requirement: CRP.

MUS 1003 Private Guitar 1.5 credits

For beginning to intermediate students in guitar. May be repeated for credit. Distribution Requirement: CRP.

MUS 1009 Private Violin 1.5 credits

For beginning to intermediate students in violin. May be repeated for credit. Distribution Requirement: CRP.

MUS 1011 Class Piano Lessons I 1.5 credits

Only for beginning students with little or no previous background in piano. basics of note-reading

and keyboard technique are stressed. Enrollment is limited to four students per section. Meets once a week on a regularly scheduled basis. Distribution Requirement: CRP.

MUS 1015 Instrumental Ensemble 1.5 credits

Small ensembles, made up of the various instrumentalists available, provide an opportunity for performances and research into earlier periods of music. This course may be repeated for credit. Audition and instructor approval necessary. Distribution Requirement: CRP.

MUS 1016 Private Saxophone 1.5 credits

For beginning to intermediate students in saxophone. May be repeated for credit. Distribution Requirement: CRP.

MUS 1017 Chamber Singers 1.5 credits

To provide individuals who are capable the experience of singing in a choral ensemble, and to sing the great wealth of music literature designed to be sung by such an ensemble. To provide to the College community another opportunity for musical growth and experience, and to perform for others in concert those pieces of literature rehearsed. Prerequisite: Prior Ensemble singing experience. Distribution Requirement: CRP.

MUS 1018 Private-Clarinet 1.5 credits

For beginning to intermediate students in clarinet. May be repeated for credit. Distribution Requirement: CRP.

MUS 1020 Private Voice 1.5 credits

For beginning to intermediate students in voice. Enrollment limited to twelve students per section. May be repeated for credit. Distribution Requirement: CRP.

MUS 1019 EC Jazz Band 1.5 credits

An ensemble with standard jazz band instrumentation intended to perform on campus and within the Elmira community. Prerequisite: Previous instrumental solo and ensemble or band experience. Offered Terms I and II.

MUS 1021 Private Piano 1.5 credits

For early to intermediate students with previous background in piano. Enrollment limited to twelve students per section. May be repeated for credit. Distribution Requirement: CRP.

MUS 1025 Class Piano Lessons II 1.5 credits

A continuation of MUS 1011, but students with sufficient background (i.e. those who can already read piano music) may enroll with permission of instructor. basic technical exercises and elementary piano literature will be studied. Enrollment is limited to six students per section. Meets once a week on a regularly scheduled basis. Distribution Requirement: CRP.

MUS 1050 American Popular Music 3 credits

An introduction to popular music in the United States, including brief surveys of American popular song, musical theater, jazz styles, country music and Rock. Distribution Requirements: USC and WEP.

MUS-ANT 1070 A Survey of Ethnic World Music 3 credits

This course is intended to introduce the student to the wide diversity of the world's traditional musics by listening to recordings representing each different culture. . Students will listen to the musics of Oceania, South Asia, Southeast Asia, East Asia, the Middle East, Sub-Saharan Africa, the Caribbean, Central and South America as well as others. Students will describe various traditional instruments, vocal techniques and musical scales used to produce each culture's music; Will identify the ethnic-cultural origin of various pieces of music. Will describe their musical listening experiences using appropriate musical terminology and will be able to "place" geographically random ethnic music selections that they listen to. Distribution Requirements: NWC and NWP. Offered Terms I or II.

- MUS 1101 Music Appreciation 3 credits**
The objective is to form an appreciation and understanding of the great musical forms and their composers from c. 850 c.e. to the present. Distribution Requirements: EUC and WEP.
- MUS 1110 Music Theory I 3 credits**
A study of the elements of music (e.g. melody, harmony, rhythm) and their applications (e.g. elementary composition) in historical-analytical context. Open to all students and required of students concentrating in music. Music majors should simultaneously enroll in Aural Skills I. Non-music majors do not need to take Aural Skills I. May be waived upon passing of a theory proficiency exam. Prerequisites: Must be able to read music. Distribution Requirements: EUC and QR. Offered alternate years.
- MUS 1111 Aural Skills I 1 credit**
An introduction to ear-training and sight singing. Required of music majors and should be taken concurrently with Music Theory I. Offered alternate years.
- MUS 1120 Music Theory II 3 credits**
A continuation of Music Theory I. A study of the compositional practices of the great seventeenth, eighteenth and nineteenth century composers in historical-analytical context. Topics will include modulation, elementary forms and chromatic harmony. Music majors should simultaneously enroll in Aural Skills II. Non-music majors do not need to take Aural Skills II. Prerequisite: MUS 1110 or evidence of equivalent proficiency. Distribution Requirements: EUC and QR. Offered alternate years.
- MUS 1121 Aural Skills II 1 credit**
A continuation of Aural Skills I. Development of ear-training and sight singing skills compatible with the musical materials of Music Theory II. Required of music majors and should be taken concurrently with Music Theory II. Prerequisites: MUS 1110 and MUS 1111. Offered alternate years.
- MUS 2010 History and Literature: Ancient to Classical 3 credits**
A survey of the period from the medieval through baroque with special emphasis on music literature representative of Western cultures; lectures, analyses, and discussions of music. Distribution Requirements: EUC and WEP. Offered alternate years.
- MUS 2020 History and the Literature: Classical to Modern 3 credits**
A survey of the period from classical through contemporary with special emphasis on music literature representative of Western cultures; lectures, analyses, and discussions of music. Distribution Requirements: EUC and WEP. Offered alternate years.
- MUS 3000 Senior Recital 1.5 credits**
Preparation for and performance in a public recital. Prerequisite: At least three terms of Advanced Private Lessons.
- MUS 3001 Counterpoint 3 credits**
A study of the art of contrapuntal composition in the tonal style of the eighteenth century. Prerequisite: MUS 1120. Offered as needed.
- MUS 3002 Advanced Private Flute 1.0-1.5 credits**
Only for advanced students in flute. Limited enrollment. May be repeated for credit.
- MUS 3003 Advanced Private Guitar 1.0-1.5 credits**
Only for advanced students in guitar. Limited enrollment. May be repeated for credit.
- MUS 3004 Advanced Private Composition 3 credits**
Private instruction of musical composition and arranging at the advanced level. May be repeated for credit. Prerequisite: MUS 3115.

|--|--|------------------------|
| MUS 3005 | Twentieth Century Music | 3 credits |
| A study of the various techniques and materials of composition from about 1880 to present through analysis of representative music. Prerequisite: MUS 1120. Offered alternate years. | | |
| MUS 3016 | Advanced Private Clarinet-Saxophone | 1.0-1.5 credits |
| Only for advanced students in clarinet or saxophone. Limited enrollment. May be repeated for credit. | | |
| MUS 3020 | Advanced Private Voice | 1.0-1.5 credits |
| Only for advanced students in voice. Limited enrollment. May be repeated for credit. | | |
| MUS 3021 | Advanced Private Piano | 1.0-1.5 credits |
| Only for advanced students in piano. Limited enrollment. May be repeated for credit. | | |
| MUS 3115 | Form and Analysis | 3 credits |
| A study of the formal structures of composition through analysis of representative music before 1900. Prerequisite: MUS 1120. Offered alternate years. | | |
| MUS 3150 | Seminar in Music History-Theory | 3 credits |
| A course in historical score recognition, figured bass reading, and research methods. Prerequisite: MUS 3115. Offered as needed. | | |

Natural Sciences

| | | |
|---|---|------------------|
| NSC 2000 | Problem Solving With Microprocessors | 3 credits |
| An introduction to the Arduino prototyping platform and C++ programming. Topics will include developing prototypes with sensors and modules, programming the sensors in C++ (including compiling and debugging code), and using 3D printing to create user-specific cases and housings. Honors program elective. Offered Term II. | | |

Nursing (Bachelor of Science)

The major in Nursing provides learning opportunities that assist the student in developing professional competencies. Concepts from natural and behavioral sciences, liberal arts, and nursing science are integrated throughout the curriculum.

The program:

1. Offers a major in nursing grounded in a liberal arts education.
2. Prepares graduates for professional practice in a variety of health care settings.
3. Provides a foundation for graduate study in nursing.

Upon successful completion of the four-year basic program, the graduate is required to take the National Council of State boards Examination to be licensed as a Registered Nurse.

| NSG 4009 | Nursing Care of Family Clients | 3.0 |
| NSG 4120 | Nursing Care of Community Clients (WRT course) | 6.0 |
| Total credits to complete the major: | | 84.0 |

*Required of non-licensed students only.

Elective - Recommended:

| | | |
|----------|---|---------|
| NSG 4210 | Critical Thinking and Clinical Decision Making in Nursing | 1.0-3.0 |
|----------|---|---------|

Transfer students must contact the Dean of Health Sciences for proper placement of transfer nursing credit.

Any part-time student seeking admission into the nursing major as an adult student who is not currently licensed as a Registered Professional Nurse in New York State is required to take the Test of Essential Academic Skills (TEAS) prior to declaring nursing as a major. Applicants are allowed to take the entrance exam twice. All non-licensed part-time students are required to successfully complete the examination prior to majoring in nursing or enrolling in a nursing course. Students are responsible for contacting the Nurse Education Program to register for the exam. The cost of the exam is the responsibility of the student. This requirement may be waived by the Dean for Health Sciences.

To be admitted to the first required nursing course in the major a student must have an overall GPA of 2.7 and “C” (2.0) in each required course for the major and have taken two required science courses for the major. Students must maintain a “C” (2.0) in each required course in the major and maintain a GPA of 2.7 throughout the program.

Students must earn a 2.0 in each required nursing (NSG) course to progress to the next required nursing course. Only one nursing course can be repeated. A student who does not earn a “C” (2.0 or higher) in the repeated course is dismissed from the nursing program. A student who does not earn a “C” in two required nursing courses is dismissed from the program.

Students must meet program requirements including, but not limited to, child abuse and criminal background checks, health status and requirements, and Professional CPR. Students must provide their own transportation for clinical experiences. Prior to graduation, non-licensed students are required to take a NCLEX review course, which is arranged by the Program. Additional expenses and policies specific to the Nurse Education Program are in the *Nurse Education Program Student Handbook*. Policies and requirements are subject to change at any time.

Note: An applicant who has been convicted of a crime may not be eligible for clinical placement that is required for the program. Graduates of the program who have been convicted of a crime may not be eligible for licensure as a Registered Professional Nurse. For information, contact the state in which licensure is desired.

Nursing Course Descriptions

NSG 1000 Perspectives on the American Health Care System 3 credits

An overview of factors affecting health in contemporary American society. Students examine the health care system from the perspective of the consumer as well as from the perspectives of various health care providers. Open to non-nursing majors. Distribution Requirements: CSI and WEP.

NSG 1010 Position Yourself for Success in Nursing 1 credit

This course is designed to give beginning nursing majors the tools to be successful in the Nurse Education curriculum. Offered Terms I and II.

NSG 1600 Complementary Health Therapies 3 credits

A study of the nature and philosophies that underlie Non Western Complementary Health Therapies. Modalities such as guided imagery, reflexology and therapeutic touch are discussed. Open to non-nursing majors. Distribution Requirements: NWC, LAS, and NWP.

NSG 1070 Healing Hands 3 credits

This course is designed for students entering the field of health care. The major emphasis will be on learning techniques, developing skills to practice selected complementary therapies. Prerequisite: None. Distribution Requirements: NWC and NWP.

NSG 2010 Introduction to Professional Nursing 3 credits

This introductory nursing course centers on theories and concepts relevant to professional nursing practice. Students will focus on self-assessment and the internal and external factors which influence the role of the student nurse and the transition to professional practice. Physical Education Athletic Coaching

The below classes meet the New York State Education Department requirements to receive a coaching certificate and coach in the public schools. Once courses are complete, an application process to the state education department must take place. This application process is done through the public schools. The certificate candidate is not qualified to teach physical education. For example, a person with certification as an English Teacher, by completing the requirements for this certification, could coach in the public schools.

Students interested in seeking coaching certification should contact Ms. Rhonda Faunce, Head Volleyball and Softball Coach and Director of Physical Education, Emerson Hall, (607) 735-1732. The HEGIS number is 5506.10.

| PED 3115 | Theory and Techniques of Coaching | 3.0 |
| Total credits required to complete certificate: | | 12.0 |

Physical Education Course Descriptions**PED 1002****Badminton Skills****1 credit**

To develop the fundamental skills—grips, types service, strokes, net play, offensive and defensive single and double strategies. Terminology, equipment, etiquette and rules of play. Distribution Requirement: PED.

PED 1007**Introductory Bowling****1 credit**

In bowling, the student will learn the correct fundamentals of the three, four, or five-step approach, proper techniques for picking up splits, and the rules of scoring. Fees associated with course. Distribution Requirement: PED.

PED 1012**Beginning Yoga I****1 credit**

This course will explore the way in which Yoga affects the physical, mental, emotional, and spiritual centers of human beings. Students will learn the fundamental way to relax and energize through practicing yoga poses, breathing techniques, and meditation. Distribution Requirement: PED.

PED 1013**Beginning Yoga II****1 credit**

Will introduce additional basic practices of yoga. It will include postures, breathing techniques and other related practices. Participants will learn the fundamental way to relax and energize through mind, body, and breath. This course is intended to be a continuation of beginning Yoga I. Prerequisite: PED 1012. Distribution Requirement: PED.

PED 1015**Horsemanship****1 credit**

The primary purpose of Horsemanship is to provide students with skills and knowledge in handling of horses, caring for horses, and nutritional needs of horses, riding of horses in the safest possible way. Students will also learn Horse Anatomy, kinds of tack and tack parts. Fees associated with course. Distribution Requirement: PED. Offered Terms I and II.

- PED 1025 Ice Skating Skills 1 credit**
Techniques, knowledge and skills—to learn or improve what student already knows. Glides and rotation, balance on all four edges, demonstrate proper stop, turns, spins. Skating backward, forward. Equipment selection, care. Distribution Requirement: PED.
- PED 1030 Pilates 1 credit**
Pilates is a total body conditioning exercise. Pilates from both western and eastern cultures will be studied. Distribution Requirement: PED.
- PED 1039 Racquetball Skills 1 credit**
Designed to develop an understanding of the basic rules, scoring, and the stroke skills needed to play the game. The course will deal with types of courts, rules basic to playing singles, doubles, and cut throat and the fundamental stroke skills for serving, return serve, forehand, and backhand. Distribution Requirement: PED. Offered Terms II and III.
- PED 1040 Table Tennis 1 credit**
To develop skills to play singles and doubles games. Knowledge of rules, etiquette, equipment and terminology. Distribution Requirement: PED. Offered Term II.
- PED 1041 Volleyball Skills 1 credit**
Upon completing this course, the student will be able to demonstrate all the basic skills needed to play volleyball in game situations. Distribution Requirement: PED. Offered Term I.
- PED 1044 Physical Conditioning 1 credit**
Designed to enable the student to gain insight into the physiological, psychological and aspects of conditioning to study the energy systems, cardiovascular and respiratory conditioning systems, weight training, stretching, and overall conditioning programs. Distribution Requirement: PED.
- PED 1065 Beginning Self-Defense 1 credit**
This course is a basic self-defense course that requires no previous self-defense training. It is a basic confrontation management program. The students will learn that proper awareness and avoidance tactics are the best tactics for safety. The student will perform basic blocking, parrying and strikes as well as evasions and escapes. The course will emphasize the three aspects of self-defense: emotional, psychological, and physical. The course will include ways one can increase their awareness, manage confrontations in a positive manner, and give one options in threatening situations. No prerequisites. Distribution Requirement: PED. Offered Terms I, II and III.
- PED 1112 CPR, First Aid, and Professional Rescuer 3 credits**
An introduction to the concepts and skills necessary to administer proper First Aid, Cardiopulmonary Resuscitation, and basic Life Support. The course is taught using American Red Cross materials as well as additional information provided by the instructor. Fees associated with course.
- PED 1070 Karate 1 credit**
This course is designed to teach a basic knowledge of the techniques and philosophy of Karate. Distribution Requirement: PED
- PED 1135 American Red Cross Life Guard Training 3 credits**
The individual will be provided with knowledge and skills in preventive life guarding, emergencies, water rescues, and special situations as prescribed by the American Red Cross Lifeguarding-Lifesaving course. Persons receiving grade of “b” or better will receive a life guarding card from the American Red Cross. Distribution Requirements: PED and PEW.
- PED 1140 Open Water Scuba 1.5 credits**
The purpose is to provide the student with the knowledge and skills training safely to gain experience in the diving environment. Training takes place in the classroom pool, and the open water environment. Prerequisite: permission of instructor. Distribution Requirement: PED. Fees associated with course. Offered Terms I and II.

PED 3210 **Games for Elementary Pupils** **1.5 credits**
 The student will become familiar with a wide range of indoor and outdoor games for the elementary level and be able to organize, teach and supervise these games. Distribution Requirement: PED. Offered Term II.

Physics Course Descriptions

PHY 1030 **The World of Physics** **4 credits**
 This course is meant to acquaint students outside the sciences with some current ideas on the nature of the physical world. Algebra and a bit of trigonometry will be used. Substantial use will be made of demonstrations and visual aids. Typical topics will include motion, energy, matter, sound, light, electricity, magnetism, and modern physics and the universe. Distribution Requirements: PLS and QR. Offered as needed.

PHY 2100 **Physics for the Life Sciences I** **3 credits**
 Is the first course in a two term sequence in algebra-based introductory physics. Topics include classical mechanics, fluid mechanics, wave phenomena, temperature, and heat. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Co-Requisite: PHY 2150L. Students cannot take both PHY 2100 and PHY 2200 for credit. Distribution Requirements: PLS and QR. Offered Term I.

PHY 2110 **Physics for the Life Sciences II** **3 credits**
 Is the second course in a two term sequence in algebra-based introductory physics. Topics include electromagnetism, electromagnetic waves, optics, special relativity, and modern physics. Prerequisites: PHY 2100 or PHY 2200. Co-Requisite: PHY 2160L. Students cannot take both PHY 2110 and PHY 2210 for credit. Distribution Requirements: PLS and QR. Offered Term II.

PHY 2150L **Physics Laboratory I** **1 credit**
 Is the first course in a two term sequence of laboratory courses coordinated with physics lecture courses. Activities include experiments to support theories in classical mechanics, fluid mechanics, wave phenomena, temperature, and heat. Co-Requisites: PHY 2100 or PHY 2200. Distribution Requirements: PLS and QR. Offered Term I.

PHY 2160L **Physics Laboratory II** **1 credit**
 Is the second course in a two term sequence of laboratory courses coordinated with physics lecture courses. Activities include experiments to support theories in electricity, magnetism, electric circuits, geometric and physics optics, and modern physics. Co-requisites: PHY 2110 or PHY 2210. Distribution Requirements: PLS and QR. Offered Term II.

PHY 2200 **Principles of Physics I** **3 credits**
 Is the first course in a two term sequence in introductory physics using calculus to describe the basic laws of physics. Calculus will also be used to solve applied problems. Topics include classical mechanics, fluid mechanics, wave phenomena, temperature, and heat. Prerequisite: MAT 2010. Co-Requisites: PHY 2150L. Students cannot take both PHY 2100 and PHY 2200 for credit. Distribution Requirements: PLS and QR. Offered Term I.

PHY 2210 **Principles of Physics II** **3 credits**
 Is the second course in a two term sequence in introductory physics using calculus to describe the basic laws of physics. Calculus will also be used to solve applied problems. Topics include electromagnetism, electromagnetic waves, optics, special relativity, and modern physics. Prerequisites: PHY 2200 and MAT 2020. Co-Requisite: PHY 2160L. Students cannot take both PHY 2110 and PHY 2210 for credit. Distribution Requirements: PLS and QR. Offered Term II.

Payment Schedule

All new students are required to pay a non-refundable enrollment deposit of \$300, in order to confirm their enrollment plans. This fee will be applied to the cost of attendance.

The following schedule lists important payment dates:

July 31st - Charges for Term I are due and payable.

A carrying fee will be assessed on any balance remaining after August 5th

November 30th - Charges for Term II and Term III are due and payable.

A carrying fee will be assessed on any balance remaining after December 5th.

The carrying fee is non-refundable and will be assessed on a monthly basis as a percentage of the total outstanding balance. For Term I billing, this outstanding balance may be adjusted for anticipated financial aid awards, i.e., offers of financial aid not yet credited to the tuition account balance. This will not be the case for Term II billing, as any outstanding issues pertaining to financial aid awards should be resolved by that time.'

For part-time students, by arrangement with the business Office, tuition may be paid on the Deferred Payment Plan.

Students who are not in good financial standing with the College, will be ineligible to receive grades, transcripts, diplomas, and if a student's account becomes seriously delinquent, the bursar may declare the student on financial probation which will carry the same limitations to activities as academic probation see page 23. Checks received from students or their financially responsible parent or guardian, which are returned to the College unpaid by reason of insufficient funds, will result in the student being placed on financial probation.

Term I enrollment, as well as participation in the housing and board programs, will be viewed as a commitment for the entire academic year. Notification to the contrary must be made in writing by completing a Request for Withdrawal or Leave of Absence Form with the Office of Retention and Advocacy, Gannett-Tripp Library.

Refund Schedule

When a student notifies the College of their intent to withdraw and completes the appropriate withdrawal or Leave of Absence process, charges will be made in accordance with the following schedule.

Term I 2017:

| | |
|--------------------------|--------------------------------|
| During Orientation week: | –90% of basic charges refunded |
| First week of class: | –70% of basic charges refunded |
| Second week of class: | –50% of basic charges refunded |
| Third week of class: | –30% of basic charges refunded |
| Fourth week of class: | –10% of basic charges refunded |
| Fifth week of class: | –no refund given |

Term II 2018:

| | |
|--------------------------|--------------------------------|
| During Orientation week: | –90% of basic charges refunded |
| First week of class: | –70% of basic charges refunded |

| | |
|-----------------------|--------------------------------|
| Second week of class: | –50% of basic charges refunded |
| Third week of class: | –30% of basic charges refunded |
| Fourth week of class: | –10% of basic charges refunded |
| Fifth week of class: | –no refund given |

Term III 2018*:

| | |
|-----------------------|--------------------------------|
| First week of class: | –50% of basic charges refunded |
| Second week of class: | –25% of basic charges refunded |
| Third week of class: | –no refund given |

*Applicable only if charged for Term III.

NOTES:

1. The week of withdrawal is the week in which written communication is received by the Office of Retention and Advocacy, Gannett-Tripp Library, (or a later date if the notice so stipulates). The first week of classes is the week in which the first day of classes falls. The class week starts at 12:01 a.m. on Monday.
2. The standard refund policy will apply to students who have been suspended or dismissed for disciplinary reasons.
3. All scholarships, grants, and loans received through Elmira College will be prorated based on the college refund schedule if the student withdraws during the academic year. Refunds for Federal Title IV financial aid (PELL Grant, SEOG Grant, TEACH Grant, Federal Direct Subsidized/Unsubsidized Loans, Federal Perkins Loans and Federal PLUS Loans) are governed by federal law and a federal refund schedule. Students who withdraw or take a leave of absence from the College during an enrollment period should contact the bursar in McGraw Hall room 215, (607) 735-1762. The bursar completes the Department of Education worksheet for Return of Title IV funds using the withdrawal or leave date to determine the amount of federal aid the student is eligible to receive based on the percentage of time enrolled in the term. All days during the term (except for scheduled breaks of five days or more) are counted. Federal aid is prorated on a daily basis until the student has completed 60% of the term (at which time, the student has earned 100% of Title IV funds). For Military Tuition Assistance refund policy see “Veterans’ Information.”

All unearned federal aid is refunded back to the federal programs in the prescribed order.

- A. Unsubsidized Direct Stafford Loan
- b. Subsidized Direct Stafford Loan
- C. Perkins Loan
- D. Direct PLUS Loan (Graduate Student)
- E. Direct PLUS Loan (Parent of an Undergraduate Student)
- F. Pell Grant
- G. SEOG Grant
- H. TEACH Grant

Elmira College will debit the student account for any Title IV program funds that the school was required to return.

The refund policies for Title IV Funds and Elmira College are separate. Therefore, a student may still owe funds to Elmira College to cover unpaid institutional charges.

4. Students attending both Term I and Term II, but not Term III, will receive a refund of Term III board only. Tuition, room, and fees are not charged separately for Term III and therefore are not refundable.
5. Student employment is based on job availability, scheduling, and skills and is not guaranteed. Students are paid federal minimum wage for hours worked, by direct deposit or check on a monthly basis. To help pay your educational expenses, earning may be applied to your bill by payroll deduction or cash payment. Scholarships and grants awarded by organizations and agencies other than the College, and paid directly to the College, will not be deducted from charges due until actually received. The Office of Financial Aid must be notified of any scholarship or grant awarded by organizations and agencies **other than Elmira College**.
6. **Credit balances may be requested beginning five weeks after the term begins (three weeks for Term III). Elmira College does not automatically issue refunds unless required under Title IV (federal aid exceeds allowable billing charges), or the student graduates or withdraws. If a student does not request a refund, the credit balance will remain on the student's account to offset future charges. Questions concerning Title IV guidelines should be directed to the Office of the Bursar.**

Academic Requirements for Aid Eligibility

It is important that financial aid recipients read and understand the following information. If you have any questions, please contact the Office of Financial Aid. In addition, please refer to the **Index** in the Elmira College *Bulletin* for more information on the **College's Academic Regulations**

For State financial aid purposes, **full-time** is defined as being enrolled for a minimum of 12 credits Term I and 12 credits Term II (or a combination of 12 credits Term II and Term III if a written Plan of Study is filed with the Office of the Registrar prior to the start of Term II). Federal Pell and TEACH Grant recipients must register for a minimum of 12 credits Term I, 12 credits Term II, and 6 credits Term III. Students who fail to enroll for the minimum credit hours or the number of credits specified by the governing agency could face possible reduction in their Federal and State Grants. **A drop or withdrawal from a course may result in a decrease or cancellation of awards.**

Students must meet grade point average requirements outlined in their financial aid award letter or contract for continuance of aid. **The academic records of financial aid recipients will be reviewed at the end of the Fall Term for continuance of State Grants and at the end of the academic year for continuance of all financial aid.**

As outlined below, the minimum standards for **Satisfactory Academic Progress**, currently approved by the N.Y. State Commissioner of Education require that a student achieve a **specified cumulative grade point average (qualitative measure) and accrue a specified number of credits (credits accrued or earned versus credits attempted, quantitative measure or pace)**. In addition, the Higher Education Act requires that at the end of the student's second academic year or its equivalent, the student must have a GPA of at least a 2.0 or have academic standing consistent with the College's graduation requirements. **The maximum time frame to maintain financial aid eligibility cannot exceed 150% of published length of the program.** For instance, a student enrolled in an undergraduate program normally consisting of 120 credit hours must complete their program after attempting a maximum of 180 credit hours, measured by credits attempted and transfer credits (accepted and applied to the degree).

Program Pursuit - New York state-sponsored grant recipients must also receive a passing or failing grade (A – F letter grade) in a certain percentage of courses each term, depending on the number of state award payments the student has received.

For the first and second payments, 50 percent of the minimum full-time requirement (i.e., 6 credit hours).

For the third and fourth payments, 75 percent of the minimum full-time requirement (i.e., 9 credit hours).

For five or more payments, 100 percent of the minimum full-time requirement (i.e., 12 credit hours).

Satisfactory Academic Progress

Applies to students first receiving aid in 2010-2011 and Thereafter.

| Before Being Certified For This TAP Payment | First | Second | Third | Fourth | Fifth | Sixth | Seventh | Eighth | Ninth | Tenth |
|--|-------|--------|-------|--------|-------|-------|---------|--------|-------|-------|
| A Student Must Have Accrued At Least This Many Credits | 0 | 6 | 15 | 27 | 39 | 51 | 66 | 81 | 96 | 111 |
| With At Least This Grade Point Average | 0 | 1.5 | 1.8 | 1.8 | 2.0 | 2.0 | 2.0 | 2.0 | 2.0 | 2.0 |

Regulations provide for a one-time waiver of the financial aid standards in exceptional cases. Written documentation, addressed to the Dean of Financial Aid, must demonstrate extenuating circumstances such as injury, illness or undue hardship, during the term that prevented the student from meeting the standards. There must also be a reasonable expectation that the student will meet future requirements. Third party documentation must support the waiver request. The Dean of Financial Aid is the designated official to grant or deny the waiver request, based on submitted documentation and consultation with the Registrar and other College officials.

Non Discrimination Statement:

In compliance with Title IX of the Education Amendments of 1972 and the Age Discrimination Act of 1975, and other state, federal, and local laws, Elmira College does not discriminate on the basis of age, color, race, gender, pregnancy, familial status, sex, sexual orientation or expression, religion, national origin, citizenship, genetic information or disability in any phase of its employment process, and of its admission or financial aid programs, or any aspects of its educational programs or activities.

For concerns related to students contact the College's Title IX Coordinator Ms. Karen Johnson, Director of Institutional Research, kajohnson@elmira.edu, McGraw Hall, room 114. All concerns related to employees contact Ms. Jessica Carpenter, Director of Human Resources, jcarpenter@elmira.edu, McGraw Hall, room 110, the College's compliance officer for employees. More detail can be found in the Student and Employee Handbooks.

Currently Ms. Karen Johnson, Director of Institutional Research, is the individual designated by the College to coordinate its efforts to comply with Section 504 of the Rehabilitation Act of 1973. In compliance with Section 504 of the Rehabilitation Act of 1973, Elmira College prohibits discrimination on the basis of physical or mental disability. Questions or concerns regarding the College's obligations under Section 504 and Title II of the Americans with Disabilities Act of 1990 (ADA) should be directed to Mr. Steven E. Tedone, MA/CAS, Learning and Disabilities Specialist, stedone@elmira.edu, GTL, room 109.

Safety and Security:

In Compliance with The Crime Awareness and Campus Security Act of 1990 as amended in 1992, the Elmira College Safety and Security Report is published annually and provides detailed information about the Elmira College Security Staff, relationships with local, state and federal law enforcement agencies, crime prevention education programs, procedures for reporting crimes and other emergencies, campus resources for victims of assault, including sexual assault, fire safety, and general campus safety. Statistics concerning crimes on campus for the most recent three calendar years are included in this report. A copy of the Elmira College Safety and Security Report may be obtained from the Office of Admissions.

In compliance with Article 129-A of New York's Education Law, the Advisory Committee on Campus Security will provide on request all campus crime statistics as reported to the United States Department of Education. These statistics can also be obtained online by going to www.ope.ed.gov/security/.

Data:

Graduation rate and transfer out data from Elmira College is available upon request in the Office of Assessment and Institutional Research.
